

Referrals Unit Online

The **Referrals Unit Online** is intended as a resource for ESS team volunteers and others who would perform the role of Referrals Unit Supervisor or Worker when providing services to people affected by a disaster or emergency. The resource is anticipated to act as an additional tool or aid to those who have taken the classroom delivered ESS Registration and Referrals for Food, Clothing and Lodging Course.

The Online version provides increased accessibility.

This is accessible through the Justice Institute of BC website at:
