ACCIDENT FUND AND ASSESSMENTS

60. The compensation provided for in this Act shall be paid out of a fund to be called the "Accident Fund". 1994,c.67,s.60.

Accident Fund

61. (1) For the purpose of creating and maintaining the Accident Fund, all employers within the scope of this Part shall be divided, in the discretion of the Board, into classes.

Classification

(2) The Board may by its policy or bylaw rearrange such classes and transfer any employer or industry to any other class.

Rearrangement of
classes

(3) The Board shall assign every employer within the scope of this Part to the proper class, and where any employer engages in more than one industry, the Board may assign the employer to more than one class. 1994,c.67,s.61.

Assignment of
employer to
appropriate class

62. The Board shall on or before January 1 in each year make an estimate of the assessment necessary to provide funds sufficient to meet the cost of all claims for compensation payable during the succeeding year. 1994,c.67,s.62.

Estimate of
assessment

63. (1) The Board shall every year assess and levy upon and collect from the employers in each class by an assessment rated upon payroll, or otherwise as the Board may consider proper, sufficient funds to meet the cost of all claims payable during the year out of the Accident Fund; the assessment need not necessarily be sufficient to meet the cost of all claims payable during the year from any particular class, but is subject to

Assessment and
levy against all
employers

such revision by the Board as may be necessary to meet the cost of all such claims.

Reserves

(2) The Board may, in addition to the amount actually required for the year, or the amount actually produced by the rates fixed in subsection (1), when it is considered expedient, assess, levy and collect in each year a sufficient amount to provide capitalized reserves which shall be considered sufficient to meet the periodical payments accruing in future years in respect of all accidents during the year.

Accident
experience, reduced
assessment

(3) Where, in the opinion of the Board, the record and experience of accidents among the workers of an employer is better than the average record and experience of accidents among the workers of other employers in the same class, the Board may reduce the amount of any assessment made upon that employer, or refund a portion of any assessment paid by that employer.

Idem, increased
assessment

(4) Where, in the opinion of the Board, the record and experience of accidents among the workers of an employer is worse than the average record and experience of accidents among the workers of other employers in the same class, the Board may increase the amount of any assessment made upon that employer, or make a special additional assessment upon that employer.

Determination of
experience

(5) In determining the record and experience of an employer, the Board may

- (a) exclude the cost of compensation awarded to the workers of the employer resulting from the negligence of another employer or the workers of another employer;
- (b) include the cost of compensation awarded to the workers of another employer resulting from the negligence of the employer or the workers of the employer;
- (c) deem the cost of any claim in which a worker dies in an accident to be the average cost of fatal accident claims in the previous year;
- (d) take into account the costs incurred with respect to any accident.

Transfer of cost to
other class where
negligence

(6) Where the Board determines that a worker's injury is the result of the negligence of an employer, or the worker of an employer, who is in a class other than that of the injured worker, the Board may direct that the compensation, or any part of the compensation, awarded to the injured worker be charged against the class of the negligent employer or worker. 1994,c.67,s.63.

Collection of
assessment

64. (1) Every employer shall pay into the Accident Fund such assessments as may be levied by the Board, and if any assessment or any part thereof is not fully paid in accordance with terms of the levy, the

Board has a right of action against the employer in respect of any amount unpaid together with all costs and expenses incurred.

(2) Assessments may be made in such manner and form, and at such times, and by such procedure as the Board may consider adequate and expedient.

Manner and form

(3) Where an employer engages in any industry within the scope of this Part, the Board if of the opinion that the industry is to be carried on only temporarily, may require the employer to pay, or to give security for the payment to the Board of a sum which in the opinion of the Board will be sufficient to pay all assessments that the Board may make with respect to such industry, and the payment of the amount may be enforced as provided in section 78.

Temporary business

(4) In any case where an employer makes default in the payment of an assessment, and an execution issued upon a judgment entered with respect to the assessment is returned with a certificate from a sheriff that the sheriff was unable to wholly satisfy it, and the judgment debtor continues to carry on an industry within the scope of this Part in which workers are employed, a judge of the Supreme Court, upon *ex parte* application made on behalf of the Board, without the issue of any writ or the commencement of any action, may restrain such judgment debtor from carrying on an industry within the scope of this Part until the amount due on the execution and all assessments made by the Board and the costs of the application be paid. 1994,c.67,s.64.

Default in payment of assessment enforcement

65. The Board shall give notice to each employer, in such manner as may be considered by the Board proper and sufficient, of the amount of the assessments due and the time when such assessments are due and payable. 1994,c.67,s.65.

Notice of assessment

66. Notwithstanding any provision of this Part respecting estimates or payrolls, and notice to employers, every employer, without demand from the Board, shall cause to be paid to the Board the full amount of every assessment assessed or levied under this Part. 1994,c.67,s.66.

Payment by employer required without demand

67. If the estimated assessments prove insufficient, the Board may make such further assessments and levies as may be necessary, or may temporarily advance the amount of any deficiency out of any reserve, and may add such amount to any subsequent assessment. 1994,c.67,s.67.

Additional assessments

68. Assessments may be collected in half-yearly, quarterly or monthly installments, or otherwise; and where it appears that the funds are sufficient for the time being, any installment may be abated or its collection deferred. 1994,c.67,s.68.
