

REPORT

OF THE

CHIEF ELECTORAL OFFICER

OF

PRINCE EDWARD ISLAND

For the Provincial General Election April 23, 1979

Charlottetown
Prince Edward Island
June 18, 1979

The Honourable Daniel Compton
Speaker of the Legislative Assembly
The Province of Prince Edward Island

Dear Mr. Speaker:

I have the honour to submit the Report of the Chief Electoral Officer pursuant to Section 122 of the *Election Act*, R.S.P.E.I., 1974, Cap. E-1.

The undersigned was appointed the Chief Electoral Officer by Order in Council EC876/78 succeeding Mr. G. Lorne Monkley. It would be remiss of the undersigned if mention was not made to the contribution of Mr. Monkley to the conduct of elections in this Province. Mr. Monkley's term as Chief Electoral Officer was marked by efficiency and impartiality. His assistance during and before the April 23, 1979 election is gratefully acknowledged by the undersigned.

The Writ of Election was issued on March 27, 1979, with Polling Day set for April 23, 1979. During the election period problems were encountered and these problems should be addressed by the House Standing Committee on Electoral Reform and/or the Legislative Assembly. The more serious problems encountered are presented briefly here:

1. The time between the issuing of the Writ of Election and Polling Day should be extended and the *Election Act*, R.S.P.E.I., 1974, Cap. E-1 amended to provide for an enumeration before every general election.
2. The use of the Social Insurance Number in compiling the Official List of Electors is questionable and the legality of its use should be studied. Many electors refused to provide their Social Insurance Number and as a result, their names were not on the Official List of Electors.
3. The Province of Prince Edward Island should have its own ballot boxes. In this, and past elections, the Chief Electoral Officer has had to borrow ballot boxes from the Province of New Brunswick, (whose assistance and co-operation is gratefully acknowledged). It is possible that at some future election these ballot boxes may not be available, in which case a serious problem would arise.
4. Proxy voting caused by far the most serious problems during the election. It is recommended that proxy voting be eliminated, or in the alternative, limited in use to members of an electors immediate family only being named as proxy voter. Soliciting proxy votes should be made an offence under the *Election Act*.

Certain other matters arose during the election which should be brought to the attention of the Legislative Assembly. Accordingly, Appendix "A" to this report contains reference to those matters above set forth together with other matters of concern to the undersigned.

Respectfully submitted,

Arthur J. Currie
Chief Electoral Officer

APPENDIX "A"

Observations concerning the conduct of the General Election of April 23, 1979 and suggested amendments to the *Election Act* R.S.P.E.I., 1974, Cap. E-1.

OBJECTIVE

To bring to the attention of the Legislative Assembly certain matters relating to the *Election Act* and the general election of April 23, 1979 and to suggest amendments to the *Election Act*, which amendments are designed to facilitate the more efficient conduct of an election.

1. ENUMERATION

The Writ of Election was issued on the evening of March 27, 1979 with Polling Day on April 23, 1979. Pursuant to Section 31 (2) of the *Election Act*, a general enumeration was not required. Section 31 (5) of the *Election Act* provides:

31 (5) When a writ of election is issued, any person who is eligible to vote may register as a voter or file "a change of information" card by obtaining the necessary forms and having them filed with the returning officer within the period of ten days following the date of issue of the writ of election.

The "necessary forms" were a yellow form Request for Registration and a green form Request for Change - Electors Information Card. These forms are attached as Appendix B and C respectively. The use of these forms caused confusion for all concerned in that the electors did not in many cases fill out the correct form and in some instances both forms were filled out. It should also be noted that the number of forms submitted was far in excess of what was anticipated, given the fact that an enumeration took place before the general election of April 24, 1978. As a result, the staff of the Chief Electoral Officer were hard pressed to complete the official list of electors in time for Polling Day.

RECOMMENDATION

It is recommended that Section 5 of the *Election Act* be amended to allow a sufficient time between the issuing of the Writ of Election and Polling Day for a general enumeration to take place before every general election.

2. BALLOT BOXES

The Province of Prince Edward Island does not own any ballot boxes. In this and past elections, the Chief Electoral Officer has had to make arrangements to borrow ballot boxes from the Province of New Brunswick. To date, the Chief Electoral Officer has encountered only minor difficulties with this arrangement. However, it does necessitate the rental of a truck and two members of the staff travelling to New Brunswick to pick up ballot boxes. This process usually takes two days. After the election, the same procedure takes place returning the ballot boxes. It is possible that at some future election the New Brunswick boxes would not be available in which case a serious problem would arise.

RECOMMENDATION

It is recommended that the Province of Prince Edward Island appropriate money for the purchase of ballot boxes. These ballot boxes could be used in all provincial elections and in school trustee elections.

3. SOCIAL INSURANCE NUMBER

The Social Insurance Number has been used in the past elections in compiling the Official List of Electors. There is no doubt that the Social Insurance Number is useful in that it facilitates computer programming and production of the list. However, there is a growing number of electors who feel this use of the Social Insurance Number is an invasion of privacy and refuse to give their number. It should be noted that the Social Insurance Number is not required to compile the list of electors for Federal Elections. During the past election, numerous phone calls and letters were received from irate electors who wished to have their names on the electors list but refused to give their Social Insurance Number.

RECOMMENDATION

It is recommended that the legality of using a persons Social Insurance Number for election purposes be studied and that the Election Act be amended to specifically require, or in clear and unambiguous terms abolish, the use of the social insurance number in compiling the official list of electors.

4. PROXY VOTING

Proxy voting caused by far the most serious problem for the Chief Electoral Officer during the election. Allegations of misuse of proxies were made by political parties. Certain allegations were brought to the attention of the Department of Justice, while others were dealt with by the Chief Electoral Officer.

One of the many problems caused by proxies was caused by Section 35 (6) of the *Election Act*. Pursuant to Section 35 (6) an elector may cancel a proxy certificate by

- (1) requesting, in writing on a proxy certificate issued during an election in relation to him, that the certificate be cancelled; and
- (2) has the certificate returned to the returning officer who issued it ...

In a number of cases, the person in possession of the proxy certificate either lost or refused to deliver up the certificate to the elector for cancellation.

RECOMMENDATION

It is recommended that

- (1) proxy voting be eliminated and a workable alternative found to enable those persons who are unable to attend at the poll on polling day due to illness or physical incapacity or while a student, to cast their vote or
- (2) Proxy voting be limited to proxy certificates being issued to members of an electors immediate family only.

Soliciting a proxy vote should be made an offence under the *Election Act*.

5. BALLOT PAPERS

Although not a serious problem, a number of ballots were were rejected because the elector has not placed an "X" in the proper space on the ballot paper.

RECOMMENDATION

It is recommended that the design of the ballot paper as set out in Form 26 be amended and in its place a ballot paper similar to that set out below be substituted therefore.

6. PERSONS IN MANORS VOTING BY PROXY

Section 35 of the *Election Act* makes provision for proxy voting. Section 73 of the *Election Act* makes provision for voting in a sanatorium, a home for the aged, a chronic hospital or similar institution In the aforementioned institutions, the ballot box may be taken by the Deputy Returning Officer to the beds of patients. The *Election Act*, however, does not prevent a person in a home for the aged or similar institution from voting by proxy. This leads to the strange situation whereby even though those persons in homes for the aged or similar institutions have the ballot box brought to their bedside, they may still vote by proxy.

RECOMMENDATION

It is recommended that Section 73 of the *Election Act* be amended to prohibit persons in those institutions set out in Section 73 from voting by proxy.

7. ADVANCE POLL - COUNTING BALLOTS

Section 89 of the *Election Act* requires that the counting of ballots cast at the Advance Poll be carried out by a Provincial Court Judge. There are at present three provincial court judges and during the last election, one provincial court judge was absent from the province on polling day. Fortunately, Chief Justice J. P. Nicholson agreed to designate a Supreme Court Justice to perform the function of a Provincial Court Judge under Section 89 after being requested to do so by the Chief Electoral Officer.

RECOMMENDATION

It is recommended that Section 89 of the *Election Act* be amended to include the words "or a Justice of the Supreme Court designated by the Chief Justice of the Supreme Court" after the words "Provincial Court Judge".
