Charlottetown
Prince Edward Island
January, 1995

Honourable Alan Buchanan
Minister of Provincial Affairs & Attorney General
Province of Prince Edward Island

Dear Minister:

It is with great honour I submit the Report of the Chief Electoral Officer pursuant to Section 119 of the *First Municipal Election Act*, Regulations concerning the election of mayors and councillors in the newly amalgamated municipalities.

Our office was asked to run (as nearly as possible, in the manner provided for the holding of a provincial general election as set out in the *Election Act*, R.S.P.E.I. 1988, Cap. E-1) the **First Municipal Election** which was held on 3rd October 1994. This **First Municipal Election** amalgamated four major areas to form the City of Charlottetown, City of Summerside, Town of Charlottetown West and the Town of Charlottetown South (now named Stratford).

This municipal election was run under both the *Charlottetown Area Municipalities Act*, S.P.E.I. 1994, Cap. 6 (proclaimed on 28 July 1994) and the *City of Summerside Act*, S.P.E.I. 1994, Cap. 59 (proclaimed on 24 August 1994). The Writ of Election was issued on 2 September 1994 with Polling Day set for 3 October 1994. The following, is a written report on the results of the **First Municipal Election**.

Respectfully submitted,

M. H. Wigginton
Chief Electoral Officer

**FIRST MUNICIPAL ELECTION

RECOMMENDATIONS:

The following are concerns that the Chief Electoral Officer had during the First Municipal Election held on 3 October 1994.

1. **Polling Stations:**

During this election Elections P.E.I. was cognizant of the fact that while many polling stations were wheelchair accessible, some were not and they should have been.

Recommendation:

That all polling stations must be wheelchair accessible; in fact, Elections P.E.I. recommend that the legislation governing elections be amended to require that all polling stations be wheelchair accessible.

2. **Enumeration:**

In order to reduce enumeration costs during the First Municipal Election Elections P.E.I. carried out the enumeration requiring only one enumerator for each polling division, instead of the customary two as required under the *Elections Act* for enumerations. While this effectively reduced the cost of enumeration, it decreased the safety factor of our enumerators. Many enumerators advised this office that they were quite apprehensive enumerating alone after dark. They stated they were concerned for their safety, especially when they enumerated dark streets and dimly lit apartment buildings.

Recommendation:

That the enumeration be carried out by two enumerators in each polling division. This fact would certainly increase the safety factor of our enumerators which must be one of Election P.E.I.'s main concerns.
