LOCAL GOVERNMENT LEADERSHIP ACADEMY

Leadership at the local government level is essential to building and sustaining BC communities. The Local Government Leadership Academy (LGLA) was established to serve the needs of elected officials and senior administrators by improving the competencies needed to effectively manage and lead BC's local governments.

CONFERENCE FOCUS

The focus of the Leadership Forum is Leading and Learning. The leadership development offerings flow in three streams: Leaders at the Leading Edge, Communities at the Leading Edge, and Leading with Partnerships. The Forum will feature leaders from across the public and private sectors covering topics including priority setting, preparing speeches, green communities, building strong relationships with first nations, planning for seniors, developing a personal learning plan and more.

WHO SHOULD ATTEND?

This conference is open to elected officials and senior administrators from BC local governments and First Nation communities. We encourage all those with an interest in leadership at the local level to attend.
