Map features

- ⊙ communities
- ★ capital city
- ⚓ deep water port
- highway
- mineral claims
- parks - withdrawn areas

Generating station

- ▲ diesel
- ▨ hydroelectric

Transmission line

- <138 kv
- Carmacks-Stewart transmission project
- 138 kv

Proposed infrastructures

- 1942 surveyed railway route
- pipeline route

0 100 200
Kilometres

Yukon Albers Equal Area Projection
October 2007

The exploration activity data represented on this map was compiled by the Mineral Services Unit of the Yukon Geological Survey.

Advanced projects ≥ \$100,000 expenditures.
