2006-07 FORECAST

HIGHLIGHTS

- **Revenue** is forecast at \$33.9 billion, \$1.5 billion higher than budget. The increase is primarily due to higher income tax and energy revenue.
- **Expense** is forecast at \$29.7 billion, an increase of \$1.3 billion from budget. This includes:
 - ♦ \$516 million in disaster/emergency assistance for agriculture, wildfires, floods, and mountain pine beetle infestations.
 - ♦ \$102 million for higher natural gas rebates.
 - ♦ \$539 million increase in capital grants, funded from the Capital Account, mainly for schools, health equipment and cost escalation of approved projects.
 - ♦ \$182 million net increase in operating expense, mainly for school and health authority operations.
- **Surplus** (net revenue) is forecast at \$4.3 billion, a \$193 million increase from budget.
- **Capital Plan.** Strong 2005-06 fourth quarter results and higher 2006-07 revenue have allowed a \$1.8 billion increase in capital commitments. The Capital Account has been increased to pay for these projects.
 - ♦ In 2006-07, capital spending has been increased by \$711 million (\$539 million in capital grants and \$172 million in capital investment).
 - ♦ There has also been a \$1.1 billion increase in capital commitments in future years.
- **Sustainability Fund.** In addition to the allocation to the Capital Account, \$2.5 billion has been allocated to the Heritage Fund, endowments and funds. This is an increase of \$591 million from budget including \$200 million for a new Energy Innovation Fund.
- After these allocations, the Sustainability Fund is forecast at \$5.1 billion. This is \$2.6 billion higher than the minimum target level.

FISCAL SUMMARY^a

(millions of dollars)

	2006-07		
	Budget	1st Quarter Forecast	Change from Budget
1 Revenue	32,408	33,940	1,532
2 Expense			
3 Program	28,067	29,406	1,339
4 Debt servicing costs	245	245	-
5 Total Expense	28,312	29,651	1,339
6 Net Revenue (surplus)	4,096	4,289	193
7 Transfer from Capital Account for capital grants	1,896	2,435	539
8 Net transfer from (to) Sustainability Fund	(5,692)	(6,612)	(920)
9 Contingency Allowance	300	112	(188)
10 Net Amount Available for Allocation from the Sustainability Fund			
11 Net Revenue	4,096	4,289	193
12 Cash from 2005-06 fourth quarter results	-	1,095	1,095
13 Adjustments ^b	(276)	797	1,073
14 Net Amount Available for Allocation	3,820	6,181	2,361
15 Allocation			
16 Capital Account (net increase available for capital support in future years)	-	1,050	1,050
17 Heritage Fund - \$1 billion deposit and inflation-proofing	1,242	1,283	41
18 Advanced education endowment (in the Heritage Fund)	-	250	250
19 Medical Research Endowment Fund	150	150	-
20 Science and Engineering Research Endowment Fund	-	100	100
21 Scholarship Fund	20	20	-
22 Alberta Cancer Prevention Legacy Fund	500	500	-
23 Energy Innovation Fund	-	200	200
24 Amount in Sustainability Fund above \$2.5 billion at March 31, 2007	1,908	2,628	720
25 Total Allocation	3,820	6,181	2,361

a Subject to the *Fiscal Responsibility Act*. Does not include changes in equity of Crown-controlled SUCH sector organizations or in pension obligations.

b Adjusts Net Revenue to cash available for allocation from the Sustainability Fund. First quarter forecast includes the \$1.6 billion in Sustainability Fund above the \$2.5 billion minimum balance at the start of the year, plus \$551 million in cash adjustments, less \$248 million in retained income of funds and agencies, less \$977 million required for 2006-07 capital investment, less \$112 million in the Contingency Allowance. Further details are provided on page 6.

REVENUE

NON-RENEWABLE RESOURCE REVENUE

Non-renewable resource revenue is now forecast at \$11.9 billion, an increase of \$531 million from the budget estimate. Energy prices have been very volatile, with oil prices reaching record highs, while natural gas prices have been weaker than expected.

Total **oil royalties** are forecast at \$3.8 billion, \$1.1 billion higher than estimated in the budget. Oil prices are now forecast to average US\$63.50 per barrel for the fiscal year, US\$13.50 higher than the budget estimate.

Oil prices are considerably higher than expected by most energy analysts or estimated in the budget. This reflects continued strong world demand, a significant risk premium for possible supply disruptions and the uncertainty regarding the amount of spare capacity available to offset any disruptions.

Risk concerns have resulted in year-to-date (April to August) oil prices averaging nearly US\$72.00 per barrel.

Natural gas royalties are forecast at \$6.2 billion, a decrease of \$950 million from the budget estimate. Natural gas prices are forecast to average Cdn\$6.50 per gigajoule, a decrease of \$1.00 from the budget.

The lower price forecast reflects the impact of record levels of natural gas storage inventories in the United States and a higher exchange rate forecast. Year-to-date (April to August), natural gas prices have averaged Cdn\$5.72 per gigajoule.

Other non-renewable resource revenue is forecast at \$1.9 billion, \$339 million higher than the budget estimate. This is almost entirely due to higher revenue from **bonuses and sales of Crown leases**, in particular, from the sales of oilsands leases.

The *Fiscal Responsibility Act* requires non-renewable resource revenue above \$5.3 billion be transferred to the Sustainability Fund. This transfer is now forecast at \$6.6 billion.

TAX REVENUE

Personal income tax is forecast at \$6.7 billion, up \$689 million from the budget. Preliminary data from 2005 tax returns indicate assessments are higher than forecast. The outlook for personal and labour income has also strengthened based on 2006 wage trends.

Corporate income tax revenue is forecast at \$2.7 billion, up \$473 million from the budget. Exceptionally high oil prices and continued strong economic growth have contributed to a much stronger corporate profit outlook than forecast in the budget.

Other tax revenue is forecast at \$3.3 billion, a \$15 million increase from budget. Increases in revenue from the fuel tax, insurance taxes and the tourism levy are partly offset by a decrease in freehold mineral rights tax revenue, due to the lower natural gas price forecast and adjustments for lower productivity wells.

TRANSFERS FROM GOVERNMENT OF CANADA

Transfers from the Government of Canada are forecast at \$3.1 billion, \$266 million lower than budget. Health transfers and the Canada Social Transfer are \$310 million lower than budgeted, reflecting the impact of higher provincial income tax revenue on federal transfers.

Other transfers are up \$44 million, primarily due to the federal transfer for public transit announced in March 2006.

INVESTMENT INCOME

Investment income is forecast at \$1.8 billion, a \$4 million increase from budget. Heritage Fund and endowment fund income is down \$101 million as a result of the global correction in equity markets, which lowers market values and expected realized capital gains. This decrease is partly offset by a \$105 million increase in other investment income, mainly due to higher asset balances and interest rates.

OTHER REVENUE

Other revenue is forecast at \$4.4 billion, up \$86 million from budget. The net increase comprises:

- \$86 million increase in net gaming revenue mainly related to video lottery terminal activity.
- \$38 million decrease in timber royalties revenue due to lower prices and a higher exchange rate forecast.
- \$38 million net increase in other revenue.

REVENUE*(millions of dollars)*

	2006-07			Main Reasons for Change from Budget
	Budget	1st Quarter Forecast	Change from Budget	
Income Taxes				
Personal income tax	5,999	6,688	689	Higher 2005 assessments/income growth

Total Revenue	32,408	33,940	1,532	

EXPENSE

TOTAL EXPENSE

- Total expense is \$1.3 billion higher than the budget estimate. Changes include:
 - ◆ \$539 million for increased capital grants from the Capital Account.
 - ◆ \$516 million for disaster/emergency assistance from the Sustainability Fund.
 - ◆ \$102 million for higher natural gas rebates from the Sustainability Fund.
 - ◆ \$188 million net increase for in-year operating expense initiatives drawn against the Contingency Allowance.
 - ◆ \$6 million net decrease in dedicated revenue/expense.

SUSTAINABILITY FUND

Natural Gas Rebates – \$464 million in rebates are forecast to be paid, a \$102 million increase from budget. Rebate levels are now expected to reach \$2.50 per gigajoule in all six eligible months (October to March), while the budget assumed rebate levels of \$2.50 in two months and \$1.50 in four months.

Disaster/Emergency Assistance – Total assistance of \$516 million including: \$261 million for agriculture assistance, \$231 million for higher fire-fighting costs, \$20 million for survey and control of mountain pine beetle infestations and \$4 million for flood disaster assistance. Funding related to these increases is drawn from the Sustainability Fund.

CAPITAL ACCOUNT

Capital grants funded from the Capital Account have been increased by \$539 million from budget. This includes increased grants for school and post-secondary capital projects, health equipment, provincial highway rehabilitation, petroleum storage tank site remediation, and water and waste management infrastructure.

FUNDING FROM THE CONTINGENCY ALLOWANCE

\$300 million was set aside in the budget for in-year, non-emergency initiatives. A net \$188 million has been allocated primarily for higher health and education operating expense.

MINISTRY EXPENSE CHANGES

Advanced Education – \$40 million net increase. This includes \$49 million to offset cost escalation of approved capital projects, partially offset by a \$9 million decrease related to lower-than-estimated applications for the Alberta Centennial Education Savings Plan.

Agriculture, Food and Rural Development – \$271 million increase comprising \$261 million in agriculture disaster funding, \$5 million for wastewater infrastructure and \$5 million for bioenergy initiatives.

Education – \$293 million increase. \$232 million has been provided for school maintenance and renewal, cost escalation of approved projects, modular classrooms, new schools and preservation projects, and \$61 million has been provided in operating support to schools.

Environment – \$12 million increase consisting of \$7 million for water and waste management and \$5 million for ground water mapping and research.

Health and Wellness – \$262 million increase. This includes \$150 million for medical equipment, \$31 million for auxiliary nursing salary adjustments and \$81 million for health authority operations.

Infrastructure and Transportation – \$175 million net increase. This includes \$102 million for natural gas rebates, \$36 million for cost escalation of approved capital projects, \$40 million for municipal public transit (fully offset by a federal transfer), and \$14 million in other increases. These increases are partially offset by a \$17 million decrease in amortization.

Innovation and Science – \$20 million increase. \$15 million is for energy related research and \$5 million for *Water for Life* research. An additional \$25 million has been committed for *Water for Life* research in 2007-08.

Municipal Affairs – \$21 million increase. \$13 million to assist in the remediation of petroleum storage tank sites, \$4 million for 2006 flood disaster assistance, and \$4 million for administration costs related to 2005 flood disasters.

Sustainable Resource Development – \$249 million net increase. \$231 million is for higher fire-fighting costs and \$20 million for survey and control of mountain pine beetle infestations. These increases are partly offset by a \$2 million transfer to capital investment.

NOTE ON ENERGY INNOVATION FUND

\$200 million has been allocated from the Sustainability Fund to the new Energy Innovation Fund. This Fund will support energy development and efficiency, as well as environmental protection and sustainability.

\$25 million has been allocated from the Fund in 2006-07 for initiatives in the ministries of Agriculture, Food and Rural Development, Environment, and Innovation and Science. Funded initiatives include bioenergy research, ground water mapping and research, and research on clean coal development and municipal waste management.

EXPENSE SUMMARY*(millions of dollars)*

	2006-07		Change from Budget
	Budget	1st Quarter Forecast	
Program Expense			
Budget base operating expense	27,705	27,705	-
Disaster/emergency assistance (from Sustainability Fund)	-	516	516
Natural gas rebates (from Sustainability Fund)	362	464	102
Increase in capital grants (from Capital Account)	-	539	539
In-year Contingency Allowance net expense	-	188	188
Dedicated expense changes (net) ^a	-	(6)	(6)
Total Program Expense	28,067	29,406	1,339
Debt Servicing Costs	245	245	-
Total Expense	28,312	29,651	1,339

a Dedicated revenue/expense changes – Agriculture, Food and Rural Development: \$0.3 million increase for weather station maintenance and demonstration farm operations; Community Development: \$0.6 million increase reflecting the federal government contribution to acquire western Canadian aboriginal artifacts; Environment: \$0.5 million increase for water operations; Municipal Affairs: \$3.4 million increase in federal transfers for 2005 disaster administration costs; Finance: \$0.8 million decrease in Alberta Pensions Administration operations; Gaming: \$10 million decrease for delays in expansion of racing entertainment centres and flow-through to Horse Racing and Breeding Renewal Program.

EXPENSE BY MINISTRY*(millions of dollars)*

Program	2006-07		Change from Budget	Main Reasons for Change from Budget
	Budget	1st Quarter Forecast		
Legislative Assembly	75	75	-

Debt Servicing Costs	245	245	-	
Total Expense	28,312	29,651	1,339	

a Budget numbers have been restated to reflect a \$2.1 million transfer for 'capital for emergent projects' from Infrastructure and Transportation to Municipal Affairs (\$2 million) and Children's Services (\$125,000).

ALBERTA SUSTAINABILITY FUND

TRANSFERS

The *Fiscal Responsibility Act* requires non-renewable resource revenue above \$5.3 billion to be transferred to the Sustainability Fund. Increases in other revenue, less certain adjustments, are also transferred to the Fund.

A net transfer of \$6.6 billion to the Fund is being made. This includes \$6.6 billion in non-renewable resource revenue, a \$1 billion increase in other revenue, less \$980 million in withdrawals for natural gas rebates and disasters/emergencies.

In addition, \$1.1 billion has been transferred from the better-than-forecast 2005-06 fourth quarter results.

This amount is adjusted for:

- \$551 million in positive cash adjustments primarily related to natural gas royalties.
- \$248 million negative adjustment related to retained income of funds and agencies.

ALLOCATION OF AVAILABLE ASSETS

Assets in the Fund above \$2.5 billion can be allocated to other balance sheet improvements, including the Capital Account and savings.

\$3.4 billion has been transferred to the Capital Account to support capital spending in 2006-07. The remaining \$6.2 billion has been allocated to:

- Capital Account – \$1.1 billion to meet future-year commitments.
- Heritage Fund and other endowments – \$1.8 billion.
- Funds – Two new funds have been established in 2006-07: the Cancer Fund received \$500 million and the Energy Innovation Fund received \$200 million.
- Sustainability Fund – \$2.6 billion has been left in the Sustainability Fund, leaving total assets forecast at \$5.1 billion at March 31, 2007.

ALBERTA SUSTAINABILITY FUND

(millions of dollars)

	2006-07		Change from Budget
	Budget	1st Quarter Forecast	
Assets at Start of Year	4,083	4,083	-
Cash transferred from 2005-06 fourth quarter results ^a	-	1,095	1,095
Transfers to (withdrawals from) Sustainability Fund			
Non-renewable resource revenue transfer from general revenue	6,054	6,585	531
Other net transfers	-	1,007	1,007
Withdrawals for disaster/emergency/natural gas rebates	(362)	(980)	(618)
Adjustments			
Energy and other cash adjustments ^b	(464)	551	1,015
Retained income of funds and agencies ^c	(282)	(248)	34
Minimum assets required in Sustainability Fund	(2,500)	(2,500)	-
Transfer of Assets to Capital Account for current-year use			
Capital Grants	(1,896)	(2,435)	(539)
Capital Investment	(813)	(977)	(164)
Assets Available for Allocation	3,820	6,181	2,361
Allocations			
Capital Account - future-year commitments	-	1,050	1,050
Heritage Fund - deposit	1,000	1,000	-
Heritage Fund - inflation-proofing	242	283	41
Advanced education endowment (in the Heritage Fund)	-	250	250
Medical Research Endowment Fund	150	150	-
Science and Engineering Research Endowment Fund	-	100	100
Scholarship Fund	20	20	-
Alberta Cancer Prevention Legacy Fund	500	500	-
Energy Innovation Fund	-	200	200
Remaining Sustainability Fund assets above \$2.5 billion at end of year	1,908	2,628	720
Total Allocations	3,820	6,181	2,361
Total Sustainability Fund assets at March 31, 2007	4,408	5,128	720

a The cash from the higher-than-forecast 2005-06 fourth quarter results was transferred into the Sustainability Fund in 2006-07.

b Due primarily to cash adjustments for natural gas royalties.

c Due primarily to retained income of Alberta Treasury Branches, Agriculture Financial Services Corporation and endowment funds. This is partly offset by withdrawals from the Cancer Fund and the Energy Innovation Fund.

CAPITAL PLAN

Capital Plan commitments have been increased by \$1.8 billion: \$711 million in 2006-07 and \$1.1 billion in future years.

This increase will provide funding for: cost escalation of approved projects, additional school projects, health equipment, a new Edmonton Remand Centre, a province-wide policing information technology system, petroleum tank site remediation, regional water systems and other infrastructure support.

2006-07 CAPITAL PLAN

In 2006-07 capital spending (capital grants to local authorities and capital investment in provincial government-owned projects) is now forecast at \$4.9 billion, \$711 million higher than budgeted.

Changes include:

- **Municipal Infrastructure Support** – Total allocation of almost \$1.1 billion, \$64 million higher than budget. Increases include \$40 million related to the federal transfer for public transit, \$13 million for storage tank site remediation, \$5 million for highway improvements and \$4 million for waste management.
- **Provincial Highway Network** – Total allocation of \$1.1 billion, a \$25 million increase from budget, primarily for cost escalation of approved projects.
- **Health Facilities and Equipment** – Total allocation of \$898 million, up \$150 million from budget, for health equipment.
- **Post-secondary Facilities** – Total allocation of \$327 million, a \$49 million increase from budget, for cost escalation of approved projects.
- **Schools** – Total allocation of \$571 million, an increase of \$232 million from budget. Increased funding has been provided for school maintenance and renewal, cost escalation of approved projects, modular classrooms, and new schools and preservation projects.
- **Community Facilities and Centennial Projects** – Total allocation of \$148 million, \$27 million higher than budgeted, reflecting the carry-over of unfinished 2005-06 projects in Community Development and Infrastructure and Transportation.
- **Water and Wastewater Management** – Total allocation of \$105 million, a \$15 million increase from budget. A further \$100 million has been committed in 2007-08 for regional water systems.
- **Government Facilities, Housing and Equipment** – Total allocation of \$494 million, an increase of \$149 million from budget. Increased funding has been provided for acquiring the Glenbow Ranch property for a new provincial park, a province-wide policing information technology system, replacing the Edmonton Remand Centre, replacing two government airplanes and cost escalation of approved projects.
- **Capital for Emergent Projects** – Total allocation of \$172 million, unchanged from budget.

CAPITAL PLAN SUMMARY

(millions of dollars)

	2006-07		Change from Budget
	Budget	1st Quarter Forecast	
Municipal infrastructure support	1,014	1,078	64

Alternative financing including P3s	148	148	-
Total Capital Plan	4,181	4,892	711

NET FINANCIAL AND CAPITAL ASSETS

- **Net Assets** – Net assets are forecast at \$38.5 billion at March 31, 2007, including capital assets of \$12.7 billion.
- **Capital Account** – Capital Account assets are forecast at \$5.3 billion, an increase of \$1.1 billion from March 31, 2006. These assets are available to help pay for the cost of existing capital commitments in future years.
- **Accumulated Debt/Debt Retirement Account** – Sufficient funds are available in the Debt Retirement Account to repay the remaining accumulated debt as it matures.
- **Heritage Fund** – The book value of the Heritage Fund (value of external assets) is forecast at \$15 billion, an increase of \$1.6 billion from March 31, 2006. The increase includes a \$1 billion allocation to the Heritage Fund, inflation-proofing, increase for the advanced education endowment and repayment of ASHC debt.
- **Endowments and Other Funds** – Allocations have also been made to endowments and other funds, including the Cancer Prevention Legacy Fund, the Energy Innovation Fund, the Medical Research Endowment Fund, the Science and Engineering Research Endowment Fund and the Scholarship Fund.

a Included in program expense. Includes provincial highway planning and rehabilitation.

b Budget numbers have been restated to reflect a \$2.1 million transfer for 'capital for emergent projects' from Infrastructure and Transportation to Municipal Affairs (\$2 million) and Children's Services (\$125,000).

ACTUAL RESULTS

FOR THE FIRST THREE MONTHS OF 2006-07

METHOD OF CONSOLIDATION

This financial summary is prepared on the same basis as used in *Budget 2006*.

The results of all government departments, funds and agencies, except those designated as commercial enterprises, are consolidated on a line-by-line basis. Revenue and expense transactions between consolidated entities have been eliminated.

The accounts of Crown-controlled corporations and provincial agencies designated as commercial enterprises are consolidated on the modified equity basis, the equity being computed in accordance with Canadian generally accepted accounting principles applicable to these entities.

The accounts of Crown-controlled SUCH sector organizations such as school boards, universities, colleges, technical institutes and regional health authorities that are controlled by the government are not included in this fiscal summary. These Crown-controlled entities are included in the consolidated financial statements forming part of the Government of Alberta Annual Report.

BASIS OF FINANCIAL REPORTING

The consolidated fiscal summary reports revenue (including gains and losses from sale of capital assets), expense (including amortization of capital assets), and net revenue.

Revenue and expense are recorded using the accrual basis of accounting. Cash received for goods or services which have not been provided by period end is recorded as unearned revenue. Revenue excludes the change in equity in Crown-controlled SUCH sector organizations.

Expense includes the province's cash payments towards the unfunded pension obligations. Expense excludes the change in the unfunded pension obligations, which is a non-cash expense that does not affect borrowing requirements.

Debt servicing costs include interest payable and amortization of discount on debt issues.

Comparative 2005-06 figures have been restated where necessary to conform to the 2006-07 presentation.

CONSOLIDATED FISCAL SUMMARY^a

for the three months ended June 30, 2006

(millions of dollars)

	First Three Months		
	2006-07	2005-06	Change
Revenue			
Income taxes	2,327	2,024	303
Other taxes	840	744	96
Non-renewable resource revenue	3,604	2,645	959
Transfers from Government of Canada	836	969	(133)
Net income from commercial operations	605	539	66
Premiums, fees and licences	592	577	15
Investment income	430	538	(108)
Other	113	122	(9)
Total Revenue	9,347	8,158	1,189
Expense			
Program	6,304	6,116	188
Debt servicing costs	52	74	(22)
Total Expense	6,356	6,190	166
Net Revenue	2,991	1,968	1,023

a Includes the province's cash payments towards the unfunded pension liability, which will be eliminated over a longer term under a separate legislated plan. Does not include the change in equity in Crown-controlled SUCH sector organizations, and the change in the unfunded pension obligations, which is a non-cash expense that does not affect borrowing requirements.
