GLOSSARY

Accumulated Amortization	The total to date of the periodic amortization charges relating to tangible capital assets since they were placed in use.
Accumulated Surplus	The combined amount of net financial resources and non-financial assets; which is also expressed as the difference between assets and liabilities. It is the cumulative excess of revenues over expenses. Since non-financial assets, including tangible capital assets, provide resources that the Government of Yukon can use in the future to accomplish its objectives, non-financial assets form part of the accumulated surplus.
Amortization	The systematic process of allocating the cost of tangible capital assets to expense for the periods in which they provide benefits. For the purpose of tangible capital asset accounting in the Government of Yukon, amortization is calculated using the straight-line method, which reflects a constant charge for the service over the asset's estimated useful life. This term is used interchangeably with depreciation and is generally understood to mean the same thing.
Deferred Capital Contribution	A contribution or funding received from a third party for the acquisition, development, construction or betterment of a tangible capital asset. A contribution includes tangible capital assets transferred from a third party to the Government of Yukon.
Disposals	Disposals of tangible capital assets may occur by sale, destruction, loss or abandonment. Upon disposal, the net book value of the asset is removed from the accounts.
Financial Assets	Assets that could be used to discharge existing liabilities or finance future operations and are not for consumption in the normal course of operations, e.g., cash, investments, accounts receivable, loans receivable, land held for sale, etc.
Liabilities	Financial obligations to outside organizations and individuals arising as a result of past transactions and events, e.g., accounts payable, long term debt, deferred revenues, and post-employment benefits.
Net Book Value	The cost of a tangible capital asset, less both accumulated amortization and the amount of any write-down.
Net Financial Resources	The difference between financial assets and liabilities.
Non-financial Assets	Non-financial assets include tangible capital assets, prepaid expenses and inventories of supplies. These assets are resources that the Government of Yukon can use in the future to deliver government services or can be consumed in the normal course of operations.

Tangible Capital Assets

Physical assets that are acquired, constructed, or developed and:

- are held for use in the production or supply of goods or delivery of services;
- have useful lives extending beyond one fiscal year and are intended to be used on a continuing basis; and
- are not intended for sale in the ordinary course of operations.
- The major categories of tangible capital assets are:
 - Land
 - Buildings
 - Heavy Equipment
 - Operating Equipment
 - Vehicles
 - Computer hardware and software
 - Transportation infrastructure (including highways, bridges and airstrips).

Tangible capital assets do not include:

- assets acquired by Right, such as Crown lands, forests, water and mineral resources;
- works of art, historical treasures or heritage assets; and
- feasibility studies.

Tangible Capital Assets in Service

Assets currently being used in the production or supply of goods or the delivery of services.

Useful life

The estimate of the period over which a tangible capital asset is expected to be used by the Government. The useful life of a tangible capital asset, other than land, is finite and is normally the shortest of the physical, technological, commercial, and legal life. The life of a tangible capital asset may extend beyond the useful life of the tangible capital asset.

Work-in-Progress

Consists of construction or development of a tangible capital asset in progress that is not yet in use.

Write-down

A reduction in the cost of a tangible capital asset made when the value of future economic benefits associated with the asset is less than its net book value.

Accumulated Surplus, March 31, 2005			413,431

NOTES TO FINANCIAL SUMMARY
(\$000s)

(1) The 2004-05 Supplementary Estimates No. 3 document serves two purposes: i) it details expenditure changes requiring Appropriation authority, and ii) it provides updated information on the financial position of the Government. On the Financial Summary - Surplus / (Deficit), O&M Expenditure Summary and Capital Expenditure Summary, the shaded column is referred to as "Supplementary No. 3" representing changes requiring increased Appropriation authority. On all schedules, the column "Under Expenditure/Change" represents changes due to 2004-05 activities or changes reflected in the 2004-05 Public Accounts affecting the 2004-05 financial position.

(2) The 2003-04 Public Accounts disclosed two components for Surplus (as at March 31, 2004):

- Surplus resulting from Government operations	85,644
- Surplus resulting from restricted funds	<u>5,772</u>

For 2004-05, this distinction is not made - April 1, 2004 Opening Surplus is the sum total of Surplus previously reported in 2003-04.

<u><u>91,416</u></u>

(3) In accordance with the Public Sector Accounting Board (PSAB) recommendations, tangible capital assets are being recognized in the financial statements of the Government commencing with the 2004-05 fiscal year. Under this revised accounting policy, the costs of tangible capital assets are capitalized and amortized as expenses of operations over their estimated useful service lives. In 2003-04 and prior years, the costs of tangible capital assets were recognized as expenditures when the assets were acquired or constructed. This change in accounting policy has been applied retroactively and prior year financial statements have been restated.

(4) During the 2004-05 year, the Government adopted the recommendations issued by the Canadian Institute of Chartered Accountants with respect to accounting for extended health care and life insurance benefits for retired employees. Prior to 2004-05, expenses related to these benefits were recorded on a cash basis. As the actuarial valuation is not available for the period prior to April 1, 2004, this correction of accounting method was applied with an adjustment to the 2004-05 opening accumulated surplus and no restatement of comparative

(5) With the adoption of full accrual accounting effective April 1, 2004, the Government now reports Net Financial Resources (financial assets less liabilities) requiring restatement from the 2003-04 Public Accounts as follows:

Accumulated Surplus, March 31, 2004	85,644
Less: Prepaid expenses	(959)
Less: Inventories	(3,640)
Less: Capitalized leased buildings	(11,111)
Plus: Restricted funds	<u>5,772</u>
Net Financial Resources, March 31, 2004	<u><u>75,706</u></u>

JUSTICE

**VOTE 08
DEPARTMENT OF JUSTICE**

MINISTER

Hon. J. Edzerza

DEPUTY MINISTER

D. Cooley

DEPARTMENTAL OBJECTIVE

- The Yukon Department of Justice operates to:
 - enhance public confidence in, and respect for, the law and society;
 - promote an open and accessible system of justice that provides fair and equal services to all Yukon citizens;
 - ensure that the administration of justice operates for the benefit of all persons in the Yukon;
 - work toward an effective and responsive correctional system to manage offenders in ways that promote rehabilitation and ensure public safety;
 - ensure that the Government of Yukon receives high quality and cost-effective legal services;
 - promote effective policing, crime prevention and community justice initiatives in our communities; and
 - encourage respect for individual, collective and human rights.

OPERATION AND MAINTENANCE EXPENDITURES	37,263	104	37,367

Supplementary funding requirements were due to a payment to the Yukon Workers' Compensation Health and Safety Board for the Mine Safety program covering the program expenditure for the fiscal years 2001-02 to 2004-05. In consultation with the Department of Finance, and in following Generally Accepted Accounting Principles, the Mine Safety expenditures relating to fiscal years 2001-02 to 2003-04 were not considered material enough to warrant a prior-year adjustment, therefore, they were included in the 2004-05 expenditures.

PUBLIC SERVICE COMMISSION

**VOTE 10
PUBLIC SERVICE COMMISSION**

MINISTER

Hon. E. Taylor

DEPUTY MINISTER

P. Daws

DEPARTMENTAL OBJECTIVES

- To have valued partnerships and to provide human resource expertise leading to organizational excellence.
- To provide corporate leadership in human resource management services for the Government of Yukon.
- To plan and implement Representative Public Service provisions of Yukon First Nation Land Claims Agreements.
