**PRINCE EDWARD ISLAND
MILK MARKETING BOARD**

BOARD ORDER: MMB01-02
EFFECTIVE: August 1, 2001

Under the Prince Edward Island Milk Marketing Regulations and under the *Natural Products Marketing Act*, R.S.P.E.I.1988, Cap. N-3, the Prince Edward Island Milk Marketing Board makes the following Order:

MARKETING ORDER

- | | |
|---------------------------------|---|
| Application | 1. This Order applies to the control and regulation of the production and marketing of milk and cream in the province of Prince Edward Island but does not include milk or cream produced and delivered for manufacture into milk products for export from Canada under contractual commercial export activity as defined in the Prince Edward Island Milk Marketing Regulations. |
| Definitions | 2. The words herein shall have the meanings as found in the <i>Natural Products Marketing Act</i> and the Prince Edward Island Milk Marketing Regulations and in this Order:
(a) "dairy year" shall mean a twelve month period from August 1 st in one year to July 31 st in the next succeeding year.
(b) "Department" shall mean the Prince Edward Island Department of Agriculture and Forestry.
(c) "quota" means a producer's share of the market for milk products as determined by the Board and assigned to a producer by the Board. |
| Daily quota | 3. Quota assigned by the Board to a registered quota holder shall be expressed in kilograms of butterfat per day rounded to one decimal. |
| Annual quota
cream producers | 4. In the case of a registered quota holder that markets cream, the Board shall convert the producer's daily quota to an annual quota by multiplying the producer's daily quota holdings by 365 days. |
| Monthly quota | 5. The amount of quota available to a registered quota holder that markets milk in a calendar month shall be the sum of the daily quota held by the registered quota holder on each day of the month rounded to the nearest kilogram of butterfat. |

Quota credit system	6. Recognizing that milk producers targeting to fill their daily quota shall either be slightly above or slightly below their monthly quota, the Board shall allow milk producers to over ship up to a maximum of twenty (20) times their daily quota on a cumulative basis, referred to as Over Quota Production Credits, or to under ship up to a maximum of thirty (30) times their daily quota on a cumulative basis, referred to as Under Quota Production Credits.
Maximum over quota production credits	(1) The maximum number of over quota production credits available to a milk producer shall be determined by the Board by multiplying a milk producer's daily quota holdings at the end of a month by twenty.
Maximum under quota production credits	(2) The maximum number of under quota production credits available to a milk producer shall be determined by the Board by multiplying a milk producer's daily quota holdings at the end of a month by thirty.
Idem	(3) A milk producer shipping slightly under quota in a month shall be allowed to offset all or part of the under production against Over Quota Production Credits carried forward from the previous month, or to carry forward the Under Quota Production Credits to future months to offset future over quota production provided that the cumulative under production of the producer does not exceed thirty (30) times the producer's daily quota.
Idem	(4) A milk producer shipping slightly over quota shall be allowed to offset all or part of the over quota production against Under Quota Production Credits carried forward from the previous month or to use available Over Quota Production Credits provided that the cumulative over quota of the producer does not exceed twenty (20) times the producer's daily quota.
Responsibility for accumulated over quota production credits	(5) A milk producer shall be financially responsible to the Board for the value of all accumulated over quota production credits at the time the producer exits the industry.
Value of over quota production credits	(6) The value of over quota production credits accumulated by a producer shall be calculated by the Board and the value shall be the difference between the value of Class 4(m) component prices and the value of blended component returns from the All Milk Pool, excluding Class 4(m), received by the Board for the month in which the producer is financially responsible to the Board.

Payment method	<p>(7) A producer may compensate the Board for the value of accumulated over quota production credits in any of the following manners:</p> <p>(a) In the case where a producer exiting the industry by transferring his quota to a purchaser of his on-going dairy enterprise, or to a new producer relocating the quota to a non-producing farm location, the accumulated over quota production credits may be transferred to the purchaser of the quota provided the purchaser agrees to the transfer, in writing, to the Board.</p> <p>(b) In the case where a producer is exiting the industry by selling his quota on the Quota Exchange, the producer may pay the Board for the value of accumulated over quota production credits from the proceeds of quota sold.</p>
