EXPLANATORY NOTES

These regulations replace the existing Vehicle Weights Regulations.

Their primary purpose is to implement the *Agreement on Standards Respecting Vehicle Weights and Dimensions in Atlantic Canada*, entered into among the Atlantic provinces to standardize new weights and dimension requirements for all vehicles operating on roads in the provinces that are parties to the Agreement.

The Regulations also remove provisions relating to a ministerial power to apply weight limits and restrictions that differ from those prescribed in these regulations. These powers will be placed in the *Roads Act*.

Finally, the regulations delete the Ministerial power to make certain regulations, giving the same powers to the Lieutenant Governor in Council.
