|----------------------------|---|
| Application                | 1. This Order provides for the establishment of a program, hereinafter referred to as the program, to provide assistance to persons purchasing quota for the purpose of starting new dairy farms.   |
| Definitions                | 2. The words herein shall have the meanings as found in the Prince Edward Island <i>Natural Products Marketing Act</i> and the <u>Dairy Farmers of Prince Edward Island Regulations</u> unless differentiated herein and as hereinafter defined:<br><br>(a) "daily quota" means the amount of kilograms of butterfat assigned by the Board to a registered quota holder that may be produced in one day, rounded to one decimal.<br><br>(b) "immediate family members" means father, mother, son, daughter, sister, brother, grandfather, grandmother, grandson or granddaughter of a person.<br><br>(c) "new entrant@ means a person who is becoming a milk producer by starting a new dairy farming operation.<br><br>(d) "on-going dairy enterprise" means an existing and operational dairy enterprise including land, buildings, dairy equipment, and all milking herd.<br><br>(e) "quota" means a producer's share of the market for milk products as determined by the Board and assigned to a producer by the Board.<br><br>(f) "quota account" means the record of the amount of daily quota for which a milk producer has obtained production rights. |
| Quota Loan                 | 3. The Board will provide a loan of twelve kilograms of daily quota ("quota loan") to a new entrant who qualifies under the program based on the criteria and conditions specified in this order.   |
| Minimum Quota Requirements | 4. Upon application, new entrants who qualify and are accepted to the program shall receive a credit for twelve kilograms of daily quota after they have purchased the rights to at least twelve kilograms of daily quota through the quota exchange or a direct transfer from an existing producer. The purchase of the rights to twelve kilograms of daily quota must be completed not more than six calendar months after the new entrant has entered the program. A new entrant must maintain at least twelve kilograms of daily quota (exclusive of the quota loan) in their quota account for the duration of the program. If a new entrant's quota holdings fall below this amount, the new entrant will be deemed in default and will be subject to the conditions specified in Section 13 herein.  |

- Period of Loan 5. The full amount of the quota loan shall be granted for a period of forty-eight months. The quota loan shall be retired at the rate of one kilogram per month at the end of each month from the forty-ninth month to the sixtieth month (inclusive) of participation in the program.
- Joint Applications 6. Joint applications by two or more persons are permitted. However, a joint application will be treated as a partnership or joint venture and will be eligible for only one quota loan under the program.
- Exclusions 7. (a) A person making an application to the program based on the transfer of an ongoing dairy enterprise from an immediate family member is not eligible for participation in the program.
- (b) A person acquiring an ongoing dairy enterprise from an immediate family member or from a corporation in which an immediate family member has an interest is not eligible for participation in the program; and
- (c) No corporation that had an interest in an ongoing dairy enterprise in the five years preceding the making of an application under the program shall be eligible to participate in the program.
- Number of Participants 8. The number of participants in the program shall be determined by the Board, which shall consider the current state of the industry, the utilization of quota by existing producers and estimates of the future direction of the industry. A maximum of one new entrant shall be entered into the program every six months, provided that conditions within the industry merit continued operation of the program and do not impact significantly on existing dairy producers in the province. The Board may, in its sole discretion, suspend or cancel the program if it determines at any time that supporting additional new entrants is not appropriate.
- Control of Program Entrance 9. Beginning in July 2007, the Board will accept applications to the program on a monthly basis. New entrants shall be approved for entrance into the program if all conditions and criteria defined in this order are fulfilled. If more than one application is approved in a calendar month, the Board shall conduct a random draw, not later than close of business on the tenth business day of the following month to determine the order in which approved applicants will be permitted to enter the program. The results of the draw shall be entered into a list of approved applicants that records the order established by this process. If a list of approved applicants exists at the time new applications are received, the new approved applicants shall be added to the list subsequent to the previous approved applicants.
- Withdrawal from the Program 10. An applicant may withdraw from the program by notifying the Board in writing. If the withdrawal occurs before the applicant has entered the program, then the applicant's name shall be removed from the list of qualified applicants and the order of the remaining applicants shall be advanced.
- Qualifying Criteria 11. The following criteria must be fulfilled before quota is loaned to a new entrant approved for participation in the program:
- (a) The applicant must meet all regulatory requirements defined under the *Natural Products Marketing Act*, R.S.P.E.I. 1988, Cap. N-3 and regulations thereunder and the *Dairy Industry Act* of PEI R.S.P.E.I. 1988, Cap D-1 and regulations thereunder, and all Orders of the Board, including those applicable to the transfer of quota.

(b) The applicant must be a new producer entering the industry who plans to immediately establish an independent dairy operation including quota, cows and facilities, and who has not been a dairy producer at any time in the 5-year period prior to the date of application.

(c) Applicants must have a 5-year business plan approved and financed by a recognized lending institution, or must otherwise document and prove the financial resources to fulfill the financing requirements of the business plan.

(d) Applicants may be approved to operate from new or existing dairy farm facilities. Applications proposing to use a facility previously operated as a dairy farm by an immediate family member of the applicant or by a corporation in which an immediate family member of the applicant had an interest shall not be eligible unless the facility has been out of dairy production for two years or more.

(e) Applicants must provide all information through documentation and other evidence requested by the Board to establish their eligibility for inclusion in the program.

Limitations 12. Quota loaned to a producer under this program may not be assigned to or encumbered by a third party as security for loan advances, or for any other reason. The rights to quota loaned under the program may not be sold or transferred, except that the new entrant may lease their interest on a monthly basis as provided for in the Dairy Farmers of Prince Edward Island Quota Leasing Order (DFPEI Order # 2005-05).

Program Default 13. In the event that a new entrant fails to meet all the criteria for participation outlined in this order, or fails to honour any condition specified by the Board at the time of acceptance to the program, the new entrant shall be declared in default of the terms of the program. A new entrant declared in default of the program shall be subject to corrective action as determined by the Board, which may include termination of participation in the program and immediate revocation of the quota loan.

Commencement 14. This Order comes into force on the 1st day of July 2007.

DATED at Charlottetown, Prince Edward Island, this 29th day of May 2007.

DAIRY FARMERS OF PRINCE EDWARD ISLAND**

**ORDER: DFPEI 2007-02  
EFFECTIVE: 1 July 2007**

Under the Dairy Farmers of Prince Edward Island Regulations and under the *Natural Products Marketing Act*, R.S.P.E.I.1988, Cap. N-3, Dairy Farmers of Prince Edward Island makes the following Order:

**QUOTA LEASING ORDER**

Application 1. This order establishes a system for leasing quota between individual quota holders, assigned quota by the Dairy Farmers of Prince Edward Island under Prince Edward Island Milk Marketing Board Order MMB 01-02, dated 1 August 2001, and amendments thereto.

<http://www.gov.pe.ca/royalgazette>

- Definitions 2(1) In this order:
- (a) “quota lease” means an agreement granting the temporary assignment of milk quota from one registered quota holder (in this order registered quota holders are also referred to as producers) to another for a fee, which lease agreement established pursuant to this order is differentiated from leases made under the *Catastrophe Clause Quota Leasing Policy* established pursuant to MMB Order 01-02 dated 1 August 2001;
  - (b) “lessee” means a producer who has gained temporary use of a quantity of quota from another producer by way of a quota lease;
  - (c) “lessor” means a producer who has granted temporary use of a quantity of quota to another producer by way of a quota lease;
  - (d) “lease-in” means quota leased by a producer from other producers;
  - (e) “lease-out” means quota leased by a producer to other producers;
  - (f) “producer” means a producer of milk;
  - (g) “quota” means a producer’s share of the market for milk products as determined by the Board and assigned to a producer by the Board;
  - (h) “quota leasing exchange” means an exchange established controlled and operated by the Board for the leasing of quota by producers on conditions established by the Board.
- (2) The words herein shall have the meanings as found in the *Natural Products Marketing Act*, the Dairy Farmers of Prince Edward Island Regulations under the Act, and prior orders of the Board applied to this Order with necessary modifications. Quota Lease
3. A quota lease shall be entered into between producers under the conditions established by this order.
- Lease Quantities and Limits 4. Quota may be leased in quantities expressed in kilograms of butterfat per day rounded to one decimal. The quantity of quota an individual producer may lease at any one time shall be limited to an amount specified from time to time by a Board Order. The specified maximum a producer may lease-in or lease-out effective 1 July 2007 shall be equal to not more than twenty-five percent (25%) of his quota holding in the month of the lease.
- Term of Lease 5. Quota leases shall be for a period of one month only and shall expire at the end of each calendar month.
- Quota Leasing Exchange 6. The Board shall operate a quota leasing exchange for facilitation of quota leasing between producers.
- Producer to Producer Leases 7. A producer is permitted to enter into a quota lease directly with another producer, without participation in the quota leasing exchange.

Registration Fee 8. A registration fee of \$20.00 shall be paid to the Board at the time of all producer-to-producer leases for the purpose of administering the leasing of quota.

Registration  
of Leases

9. All producer-to-producer leases shall be registered with the Board using a Quota Leasing Agreement Form. Lease agreements, together with required payments and registration fees, must be delivered to the Board office by 4 PM on the twentieth day of the month for which the quota is being leased. Where the twentieth of a month falls on a weekend or a statutory holiday, the board shall accept producer-to-producer lease agreements on the next business day.

Payment for  
Leases

10. All lessee payments for quota leases, regardless if the lease was under the quota leasing exchange or by a producer-to-producer lease agreement, shall be payable to Dairy Farmers of Prince Edward Island and payments shall be disbursed to lessors by the Board.

Default of  
Payment

11. In the event of default of payment for a quota lease, the Board shall require the lessee to remit guaranteed payment, by bank draft or comparable payment instrument, within 2 business days of notice to a lessee that their payment has been dishonoured. The guaranteed payment remitted shall be sufficient to pay the cost of the lease and any related service charges levied by third parties.

Right of Offset

12. In the event of default of payment for a quota lease for which a producer is unable to provide guaranteed payment within 2 business days, as outlined in section 10, Dairy Farmers of Prince Edward Island shall retain the right to offset the indebtedness created by the default of payment against future revenues for milk sales, and shall withhold the required funds from future milk sales payments to the lessee for settlement of the account.

Assignment  
to Lenders

13. A lessee may not assign leased quota to lenders. A lessor's obligation created by an assignment of quota to a lender is not relieved because any portion of that quota has been temporarily leased to another producer.

Revocation

14. Dairy Farmers of Prince Edward Island Order # 2005-05, dated the 6th day of July 2004, is hereby revoked.

Commencement

15. This Order comes into force on the first day of July 2007.

**DFPEI 2007-03**  
**DAIRY FARMERS OF PRINCE EDWARD ISLAND**

**ORDER: DFPEI 2007-03**  
**EFFECTIVE: July 1, 2007**

Under the Dairy Farmers of Prince Edward Island Regulations and under the *Natural Products Marketing Act*, R.S.P.E.I.1988, Cap. NB3, Dairy Farmers of Prince Edward Island makes the following Order:

**DAIRY FARM YARDS AND LANES ORDER**

- |                   |  |
|-------------------|--|
| Application       | 1. This order establishes standards to ensure producers provide safe and practical access to the milk house for the bulk milk transporter, thereby ensuring greater farm safety, cleanliness of the milk handling environment and hauling efficiencies in the transportation of bulk milk.   |
| Definitions       | 2. The words herein shall have the meanings as found in the <i>Natural Products Marketing Act</i> and regulations thereunder unless differentiated herein and is hereinafter defined:<br><br>(a) "milk house" means a separate building or suitable space on a producer's premises used for cooling and storing milk and for the washing, sanitizing, and storing of milk equipment and utensils;<br><br>(b) "farm bulk tank" means a stationary storage tank used only for the holding and cooling of milk on the premises of a producer and includes fixtures related thereto and equipment required for the use of the tank;<br><br>(c) "tank truck" means a motor vehicle having a tank that meets prescribed standards, attached and used for the purposes of transporting milk from farm bulk tanks to a dairy or dairy manufacturing plant or from one dairy or dairy manufacturing plant to another dairy or dairy manufacturing plant; and<br><br>(d) "transporter" means a person licensed under the laws of Prince Edward Island as a transporter of bulk milk and designated by the purchaser of bulk milk as a transporter. |
| Reporting         | 3. Bulk milk transporters shall report any dairy farm yard or lane that fails to provide safe and practical access to the tank truck assigned for milk pick up at that location. If the type of vehicle used to pick up a producer's milk changes, then the producer must ensure that the lane entrance can accommodate the new vehicle type. In the event of problems with access, the transporter shall complete a Farm Yard and Lane Report that outlines identified shortcomings. This report will be forwarded to the Board, whose representative shall notify the producer of the identified shortcomings within five business days of receiving the report from the transporter. The notice to the producer shall indicate that the producer must prepare a Corrective Action Plan within five business days of the initial contact by the Board, specifying the corrective action that will be undertaken and a timeline for completion of required work.  |
| Corrective Action | 4. The corrective action indicated in the Corrective Action Plan shall provide for a practical solution to the identified shortcomings, and shall indicate a target date for completion of any required corrections not more than 30 days following completion of the plan. If the corrective action cannot be completed within 30 days, the producer must provide a written explanation to the Board. If the Board deems the delay to be  |

unreasonable, then the producer may be found to be non-compliant with this order and subject to the actions specified in section 6 herein until the corrective action is completed. All costs related to the corrective action shall be the responsibility of the producer. If the shortcomings include inadequate highway access, producers are encouraged to contact the Prince Edward Island Department of Transportation and Public Works, which regulates the standards for permitted access.

## Standards

5. Regardless of specific design, dairy farm yards and lanes must provide safe and practical access for the designated tank truck. The following specifications should normally provide such access. However, if unusual geographic or environmental circumstances create conditions in which the stated criteria will not provide safe and practical access, other solutions may be considered. The following criteria are considered minimum standards:

**(a) Driveway Entrance** - The lane entrance must be such that it provides a safe and reasonable access for the designated tank truck.

At a point where the lane intersects with the road, the width of the lane must be 15.2 metres (50 feet). This is required in order to ensure that the tank truck does not have to swing across the centre line and into oncoming traffic in order to enter the lane.

The lane entrance should taper from the shoulder of the road so that, at a point 12.3 metres (40 feet) in from the edge of the travelled portion of the road, the width of the lane is a minimum of 3.7 metres (12 feet). The length of any necessary culvert will be dependent on the ditch location with respect to the lane entrance.

**(b) Lane Width** - The minimum width of the lane should be 3.7 metres (12 feet) for the entire length of the lane, and greater than this at the entrance and at points where the lane direction changes.

**(c) Fences Along Lanes** - Fences should be set back sufficiently from the closest edge of the lane to ensure they do not interfere with travel on the lane and that they allow for adequate snow removal.

**(d) Lane Construction** - In order to provide adequate drainage and permit winds to carry snow over the laneway, the lane surface should be elevated with a gentle downward slope from the centre to each side of the lane. In addition, the lane shoulders should slope at an angle not greater than 45 degrees.

That portion of the yard and lane through which the tank truck travels should be constructed so as to provide adequate drainage and prevent the build-up of mud. Construction methods for those areas travelled by the tank truck may vary depending on the soil type.**(e) Backing In or Out of Lanes** – It is often unsafe for tank trucks to back in or out of farmyards and this is consequently discouraged. The choice to back into or out of the yard or lane is at the sole discretion of the bulk milk transporter, who must consider practicality, safety of operations and transportation regulations when evaluating the use of this practice at any given location. Where the transporter deems backing in or out of the lane or farmyard unacceptable, the producer shall be responsible to provide a practical alternative.

**(f) Maintenance** - The driveway and yard must be kept in good repair, free of potholes and ruts. In winter conditions, that portion of the driveway and yard that the tank truck travels must be cleared of snow whenever necessary. The driveway edges should be clearly marked. Ice covered areas must be salted or sanded, especially on steep inclines.

**(g) Farm Gates** - A gate of any type that requires opening and closing by the transporter in the process of picking up milk is not permitted under normal circumstances.

**(h) Lane Bridges** - All bridges, culverts, and Texas-style gates should be clearly identified on all four corners where the lane meets the bridge, culvert, or gate. The weight-bearing capacity must meet the maximum weight of the loaded tank truck.

**(i) Blocked Access** - Cars, trucks, tractors, farm implements, and other obstructions must not be located in that portion of the yard and lane that is traveled by the tank truck in the process of picking up milk.

**(j) Overhead Objects** - The traveled portion of the yard and lane should be free of all overhead objects, such as branches and wires, to a height of 4.5 metres (15 feet) from the surface of the yard or lane. Ice and snow build-up should be taken into consideration when determining the height.

**(k) Turning Areas** - An adequate tank truck turnaround area, or other such arrangement, must be provided on the farm as close to the milk house as possible to ensure that the tank truck does not have to back up on the lane. The following examples identify two types of truck turnarounds:

- i. A circular turnaround area is the safest type of turnaround in that it allows a tank truck to turn in the yard, minimizing the need to back up the vehicle.
- ii. If a circular driveway is not possible, sufficient area for the designated tank truck to turn by means of a three-point turn must be provided

**(l) Livestock and Contamination Control** - Livestock may be driven across, but must not have unlimited access to, that portion of the yard and lane travelled by the transporter. Farm yards and lanes must be kept free of an accumulation of manure and other contaminants. Contaminants that may accumulate in yards and lanes from any source must be removed prior to the arrival of the tank truck. Livestock is not permitted in the tank truck loading area. Yards must be designed with adequate drainage to ensure that runoff from manure storage, feed storage, and other sources of potential contamination will not be channelled to the area accessed by the tank truck.

Compliance

6. (a) Compliance with this order is mandatory. If shortcomings in dairy farm yards and lanes are identified corrective action must be initiated as soon as is practical. Failure to complete required changes and comply in accordance with Section 4 of this order may result in suspension of milk pick up or the application of additional pick up fees to cover incremental costs incurred to pick up milk by alternative means, at the discretion of the Board.

(b) The Board may order the non-compliant producer to appear before the Board or its representative(s) to review the reasons for non-compliance and determine the producer's future course of action.

Commencement

7. This Order comes into force on the 1st day of July 2007.

DATED at Charlottetown, Prince Edward Island, this 29th day of May 2007.

**NOTICE UNDER THE  
QUIETING TITLES ACT**

C A N A D A  
PROVINCE OF  
PRINCE EDWARD ISLAND  
IN THE SUPREME COURT  
TRIAL DIVISION NO. S1-GS-22255

IN THE MATTER of the *Quieting Titles Act*, R.S.P.E.I. 1988, Cap. Q-2;

- and -

IN THE MATTER of the Petition of **William G. Dunphy** of Millview, in Queen County, Province of Prince Edward Island, and **L. Joyce Dunphy** of Millview, in Queens County, Province of Prince Edward Island, for the investigation of their title to a parcel of land situate, lying and being on Lot or Township No. 49, in Queens County, Province of Prince Edward Island, and for the declaration of the validity thereof.

TAKE NOTICE that William G. Dunphy and L. Joyce Dunphy claim to be the absolute owners, in fee simple, of the lands hereinafter described;

AND TAKE NOTICE that an application has been made to the Supreme Court of the Province of Prince Edward Island on behalf of William G. Dunphy and L. Joyce Dunphy, to have the title judicially investigated and the validity thereof ascertained and declared to be the absolute owners, in fee simple, of the lands and premises described as follows:

ALL THAT PARCEL of land situate, lying and being at Millview, in Lot or Township Number Forty-nine (49), in Queens County, Province of Prince Edward Island, bounded and described as follows, that is to say:

COMMENCING at the intersection of the Cherry Valley Road at the South side of the Georgetown Road; and running

THENCE along the East side of the first mentioned road Southwardly Sixteen (16) Chains, Forty-nine (49) Links or to the Northern boundary of land in possession of James Huggan;

**AMENDMENT**

(Approved by Her Honour the Lieutenant Governor in Council dated 19 June 2007.)

Pursuant to section 8 of the *Liquor Control Act* R.S.P.E.I. 1988, Cap. L-14, the Prince Edward Island Liquor Control Commission, with the approval of the Lieutenant Governor in Council, made the following regulations:

- 1. Section 90 of the *Liquor Control Act* Regulations (EC704/75) is revoked.**
- 2. These regulations come into force on June 19, 2007.**

**EXPLANATORY NOTES**

The amendment removes the section dealing with store opening hours and holidays from the regulations as these matters are covered by section 16 of the Act.
