

Name of Applicant _____
 _____ Year _____ Month _____ Day

Type of fuel purchase:
 Check ONLY ONE box
 per Schedule

Clear Gasoline
 Clear Diesel
 Tax Paid Propane (LPG)

For Claim Period Ending

--	--	--	--	--	--	--	--	--	--

Please complete as many Schedule C(s) as necessary. A claimant may have similar equipment but within that equipment type there may be various models with different fuel consumption rates per hour. Each piece of equipment can be separately listed with its specific consumption rate or similar equipment types can be grouped on one line and either the weighted average consumption rate or the lowest consumption rate of that group type can be used. Provide your equipment reference number in Column A. If common pieces are grouped, then column A may contain several REF#'s and column C must contain the number of operating hours for all pieces of equipment in the group. The Fuel Consumed is calculated by multiplying column C by column D. **Records of hours worked, fuel tracking, and consumption rate(s) per hour, and evidence that marked fuel was not reasonably available must be retained for audit purposes or if the claim is selected for an in-depth review.**

A Unit REF #(s) per Schedule E	B Equipment Type	C Total Hours Operated	D Consumption Rate per Hour (in litres)	E Fuel Consumed (in litres) C X D	TRA Use Only
Example #	Honda Generator	75.60	.75	56.70	

Name of Applicant _____

Period Ending |_____| |_____| |_____|

A Unit REF #(s) per Schedule E	B Equipment Type	C Total Hours Operated	D Consumption Rate per Hour (in litres)	E Fuel Consumed (in litres) C X D	TRA Use Only

Total fuel consumed in unlicensed equipment _____

DEDUCT: Marked fuel consumed in same equipment _____

DEDUCT: Out of province (not Alberta tax paid) fuel used _____

TOTAL SCHEDULE C LITRES _____

Carry forward the grand totals of all Schedule B(s) combined with the totals from all Schedule C(s) for each fuel type to the appropriate line 30, 32 or 34 on the Tax Exempt Fuel User (TEFU) Rebate Application (AT342).
