

FAC Tribunal Members - Biographies – as at December 4, 2007

ALAN ANDISON, CHAIR

Alan Andison obtained a B.A. in History in 1974 from Simon Fraser University and a LL.B. in 1985 from UVIC. Mr. Andison was called to the Bar in 1986. Mr. Andison has experience in the areas of administrative, environmental, forestry and natural resources law. He has held a variety positions with the BC public service including terms with the Office of the Ombudsman, the Human Rights Council and the Ministry of Environment, Lands and Parks. Mr. Andison was appointed Executive Director and General Counsel to the Environmental Appeal Board and the Forest Appeals Commission in 1995. He was appointed Chair of the Board and the Commission on July 27, 2000.

SUSAN BEACH

Susan L. Beach has been litigator in criminal and civil courts for 15 years. She has complex trial and tribunal experience, in particular involving expert testimony. She practiced for 10 years in the area of recovery of wildland fire suppression costs and property and timber loss arising from wildland fires. Ms. Beach is also a qualified mediator. She has taken courses in arbitration offered by the ADR Institute of Canada and in adjudication offered by the BC Administrative Tribunals Association. She has been a member of the Natural Resource Law Subsection of the CBA and has delivered talks to the Administrative Law Subsection of the CBA and at the Annual Meeting of the Forest Appeals Commission and Environmental Appeal Board.

SEAN BROPHY

Sean Brophy is the President and CEO of Dayton & Knight Ltd., a multi-disciplinary Canadian consulting firm based in British Columbia providing engineering and environmental consulting services to both private and public clients. Mr. Brophy holds a B.Sc. in Civil Engineering from the University of Natal, South Africa. He is a member of the American Waterworks Association, the BC Water and Waste Association and he is a Registered Professional Engineer. Mr. Brophy is a published author and has presented at various conferences throughout British Columbia.

ROBERT CAMERON

A member of the Association of Professional Engineers & Geoscientists of BC. Obtained a Ph.D. in Environmental Engineering in 1970. Has extensive experience in municipal solid wastes including: landfill operation, remediation and closure, landfill design and evaluation, collection and disposal alternatives and incineration. Also has experience with hazardous waste and environmental assessment and wood waste. He has published 31 papers, reports and journal proceedings, most dealing with various aspects of solid waste and sludge treatment and disposal. He currently works as an independent consulting engineer.

MONICA DANON-SCHAFFER

Monica Danon-Schaffer specializes in environmental site assessments throughout the American continent, including due diligence audits, compliance and waste audits, impact assessments, and site remediation. She is currently a Partner, Vice President of Research at 36ZeroWaste Group Inc. Ms. Danon-Schaffer is a frequent lecturer on environmental forensic topics at the British Columbia Institute of Technology and has published and presented case studies in environmental forensics and performs investigations in the environmental forensics field. She holds a Bachelor of Science in Chemical Engineering from the Universidad Iberomericana in Mexico City and a Master of Engineering in Civil/Environmental Engineering from the University of British Columbia. After practicing engineering for many years, Ms. Danon-Schaffer has returned to university to work on her PhD. in Chemical and Biological Engineering at the University of British Columbia.

BRUCE DEVITT

Bruce has been a member of the Provincial Forest Appeals Commission since 1996 and the Environmental Appeal Board since 2003.

He graduated from the University of BC with a B.Sc. Degree in Forestry in 1957. Following graduation he practiced as a professional forester with the BC Forest Service in reforestation and in 1972 he joined Pacific Logging Ltd. After 18 years of industrial forest management Mr. Devitt retired in 1991 as Chief Forester for Canadian Pacific Forest Products Limited to become executive vice-president of the BC Professional Foresters Association. He retired from that position in 1995 to join private practice. He co-authored "Forest Practice, Policy and the Profession", a 50 year history of professional forestry in BC in 1998.

He was made a life member of his professional association in 2004 after 47 years of practice. Also after serving 15 years he retired as a director of the Pacific Regeneration Technologies Management Inc. in 2002.

Over the years he has been active in his profession and community affairs. He has been a chair of the local school board, chair of a Regional District a member of a hospital board and served on many National and Provincial professional committees. He was president of the Canadian Institute of Forestry in 1982 and received recognition from his fellow foresters in 1983 when he received the Distinguished Foresters Award. He is also holder of the Western Forestry Lifetime Achievement Award (1991) and the Canadian Forestry Achievement Award (1995).

Between 1999 and 2005 he was a Parks and Recreation commissioner and vice-chair of that organization for Esquimalt. In that capacity he championed and chaired the various committees charged with the revitalization of Esquimalt's Recreation Centre for which he received "The 2005 Canadian Parks and Recreation Association Award of Merit."

MARGARET ERIKSSON

Margaret Eriksson has been a member of the Law Society of BC since 1989. She practiced environmental, administrative and international trade law for several years at Blake, Cassels & Graydon in Vancouver and Toronto, Thomas & Davis and independently. She also served as Senior Advisor, Environmental and Regulatory Affairs and In-house Counsel at Dillon Consulting Limited. Ms. Eriksson was an Adjunct Professor of Law at UBC and has taught environmental law at the U of A, BCIT and other institutions. She served on the Environmental Legislation and Law Reform Committee of the National Canadian Bar Association and on the Executive of the Environmental law Section of the Canadian Bar Association (BC Branch). She is a frequent speaker on environmental and other legal issues and has made presentations to a diverse range of groups in BC and internationally. She is also a trained mediator.

ROBERT GERATH

Mr. Gerath is an engineering geologist and the owner of Qcd Geotechnics in North Vancouver. He holds a M.Sc. in geomorphology from McGill University and has over 30 years of professional experience in western and northern Canada. His work involves geologic site assessments for engineering projects, geologic hazard mapping and hazard and risk evaluations for land owners and permitting agencies. His publications deal with glacial geology, landslides, public perceptions of geologic hazards and BC professional practice issues. He was the 2003 recipient of the C.J. Westerman Memorial Presidential Award in geoscience presented by the Association of Professional Engineers and Geoscientists of BC.

R.A. (AL) GORLEY

Al Gorley is a Registered Professional Forester and President of Triangle Resources Incorporated, a small consulting firm based in Victoria, BC. Born in Burns Lake, BC, Mr. Gorley lived in small communities throughout Northern BC, including Queen Charlotte City, Kitwanga, Terrace, Prince Rupert, Lower Post, Ootsa Lake and Smithers. During 26 years with the BC Forest Service, his duties included being the District Manager at Houston (Morice District), Regional Manager at Prince George, and Assistant Deputy Minister. Mr. Gorley also worked with Forest Renewal BC for three years, and was the Chief Operating Officer there from 2000 to 2002. Mr. Gorley has served as Chair of the Northwest Community College Board of Directors, and as President of the Association of BC Professional Foresters.
