Re: Licensing decisions following the Report of the Special Committee on Sustainable Aquaculture (SCSA)

On May 10, 2007, I wrote to suspend your delegated authority to make *Land Act* and *Fisheries Act* decisions pertaining to new finfish and shellfish aquaculture tenures and licences. Delegated authority to make *Land Act* and *Fisheries Act* decisions pertaining to re-issuance of tenure or amended licenses was to continue unchanged.

The above-mentioned suspension is due to expire July 10, 2007. I am writing today to advise that I am extending that suspension to September 10, 2007.

I fully expect you will advise affected applicants of my action.

Sincerely,
