GRADING AND INSPECTION OF GRAIN

Operation and location of equipment	8. A grader is responsible for ensuring that the equipment used to grade grain is in a proper location and operated in accordance with guidelines issued by the Minister. (EC531/85)
Grade certificates to Minister	9. Every grader shall issue a grade certificate for each sample of grain graded and shall provide to the Minister a copy of every grade certificate issued within five days after the fifteenth day and the last day of each month. (EC531/85)
Grade certificate	10. The grade certificate issued by a grader under these regulations shall be in Form 2 of the Schedule. (EC531/85)
Official sample	11. In order for a sample to be considered an official sample it shall (a) be representative in that it is taken in either of the following ways: (i) where the sample is taken from a bulk load of grain, a minimum of five portions are taken with an approved probe in such a manner that the portions taken are uniformly distributed throughout the load, and are sufficient in number to represent the apparent variation in the load, or (ii) where the sample is taken during the loading or unloading of grain, the sampling, be it mechanical or manual, shall be spaced regularly during the total discharge of grain; and (b) be taken by a grader or an individual under his supervision. (EC531/85)
Unofficial sample	12. A sample shall be considered an unofficial sample when (a) it is random sample; or (b) it is taken by a person other than a grader or an individual under his supervision. (EC531/85)
Weight of sample	13. A sample, whether official or unofficial, shall be at least 1500 grams. (EC531/85)
Assessment	14. The assessment of the dockage, the moisture level and the test weight of the grain shall be performed in the presence of the person delivering the grain if he requests the grader to do so. (EC531/85)
Moisture meter accuracy	15. The moisture level shall be determined with a moisture meter approved by the Minister, the accuracy of which shall be verified by the Minister annually or upon request. (EC531/85)
Guidelines for grading	16. After cleaning the sample taken, the grader shall grade the sample according to the guidelines issued by the Minister. (EC531/85)

17. Where the person requesting the grade is not satisfied with the grade given to the sample by the grader, the sample shall be forwarded to the Canadian Grain Commission for determination of a final binding grade using the following procedures:

- (a) the sample shall be sent within seven days of grading to the Minister in a sealed airtight container together with a Dispute of Grade form in Form 3 of the Schedule duly completed;
- (b) the Minister shall forward the sample to the Commission. (EC531/85)

18. When results are received from the Commission, the Minister shall notify the grader and the person requesting the grade of the decision and shall issue, where applicable, a new grade certificate and shall cancel specifically any previous grade certificate. (EC531/85)

19. The decision of a grader on the moisture level shall not be the subject of a reference to the Commission. (EC531/85)

GRADING CHARGE

20. The person requesting the grade shall pay to the grader a fee of \$5 per sample. (EC531/85)
