Port McNeill, B.C. V0N 2R0

Dear Sir:

Re: Transitional Forest Stewardship Plan for Western Forest Products, Mainland Coast Operation.

We hereby submit for your consideration, a transitional Forest Stewardship Plan (FSP) for Western Forest Products Mainland Coast Operation, that has been prepared as per the Transitional FSP described in the FRPA Act General Bulletin #2, *Managing Through Transition – FSP Opportunities*. This transitional plan will be an interim plan to fill the gap from when our FDP’s expire until Mainland’s FSP, currently under construction, can be completed and approved. This FSP encompasses areas previously identified in the following FDPs:

- 2002-2006 FDP for Roderick/Pooley Forest Operations, TFL 25, Blk 5
- 2006-2010 FDP for Tom Bay – Ingram Lake, FL A16845, TFL 25, BLK 5
- 2001-2005 FDP for Stafford Lake Operation, TFL 25, Block 2

This FSP includes openings and roads that are currently under cutting permit or road permit or meet the requirements of FRPA, section 196 (1) or section 196 (2). For convenience, openings are listed below by license. Green font indicates category 196 (2) openings, pink font indicates category 196 (1) openings, blue font indicates openings under cutting permit and orange indicates openings subject to Tom Bay- Ingram Lake FDP major amendment #D.

Ingram Lake Operation, FLA16845

For clarification purposes, all 196 (1) and 196 (2) roads and roads under permit which do not fall within the opening boundaries and therefore are not part of the identified FDUs above, will be deemed to be part of FDU #1 – roads.

Finally, Part 4 of FPPR will apply to the areas listed above but will not have measures for natural range barriers or invasive plants, nor contain results/strategies for objectives not covered by the practice requirements in FPPR. Items listed in Section 14(3) of FPPR have been identified on the attached maps for all areas specific to this plan.

Should you have any further questions regarding this submission, please feel free to contact myself at (250) 287-5001.

Yours truly,
WESTERN FOREST PRODUCTS INC.

Stacy Cuzzocrea, RPF
Resident Forester, Mainland Forest Operation
