

British Columbia
Building Permits

for Development Regions, Regional Districts,
and Communities, by Type 1999 – 2007

Data collected by Statistics Canada from reporting
municipal and regional governments.

2007 data is preliminary. Latest month is
preliminary, previous month is revised.

BRITISH COLUMBIA BUILDING PERMITS BY TYPE

RESIDENTIAL

Permits issued for new dwellings and alterations and improvements to existing dwellings.

NON-RESIDENTIAL

Divided into three groups as follows:

Industrial: Includes buildings used for manufacturing and processing; transportation, communication and other utilities; and agriculture, forestry, mine and mine mill buildings.

Commercial: Includes stores, warehouses, garages, office buildings, theatres, hotels, funeral parlours, beauty salons and miscellaneous commercial installations.

Institutional and Government: Includes expenditures made by the community, public and government for buildings and structures.

NOTES:

- IN SOME CASES, THE TOTAL VALUE OF PERMITS SHOWN IN THIS REPORT IS LESS THAN ACTUAL BECAUSE OF INCOMPLETE REPORTING BY MUNICIPALITIES.
- Although the results of the Building Permit Survey are often used as a leading indicator of building activity, they do not represent the total construction activity in the province because not all areas report and some large projects do not require a permit.
- Figures shown under the Regional District name as RDR apply to unincorporated areas.
- A dash indicates either a nil report or a value of less than \$500.

ABBREVIATIONS:

C - City VL - Village DM - District Municipality T - Town IM - Island Municipality
RDR - Regional District Residual
