

Le Centre touristique du Lac-Simon is renowned for its vast, fully-serviced campground located in a magnificent wooded area.

Visitors can rent mini-cabins during the summer season. For greater comfort, 17 family cabins, capable of accommodating from 5 to 6 persons, are accessible by a private road, thus ensuring greater privacy and tranquility. These cabins feature bedrooms, a kitchen, a dining room, a living room, and a controlled combustion stove.

In winter, the Centre touristique du Lac-Simon offers a network of cross-country ski trails. Cabin users have access to all activities (skating, ice fishing, sliding, skiing, etc.). Moreover, they have a front-row seat to observe deer as they wander around cabin windows.

# An invitation for a family getaway...

## IN OUTAOUAIS, THE CENTRE TOURISTIQUE DU LAC-SIMON

is the ideal spot for a family getaway and to live a truly enjoyable experience in a natural setting, whatever the season. A sandy beach extends over a distance of 2 km and the crystal-clear water of Lac Simon beckons swimmers and water-sports enthusiasts alike. Several types of watercraft are available for rental. In winter, white-tailed deer can be seen wandering around cabins. There are numerous winter activities, and cabins offer every comfort for those eager to do some "cocooning".
