

Found a Buyer?

Finalize the sale in four steps

1. Record your name, signature, name of buyer, date and purchase price on the “Bill of Sale” in the Used Vehicle Information Package.
2. Complete and sign the Application for Transfer. The Application for Transfer is on the back of the “vehicle portion” of the registration permit.
3. Give the Used Vehicle Information Package and the “vehicle portion” of the registration permit to the buyer.
4. Keep your licence plates and the “plate portion” of the vehicle registration permit. You will need the permit if you decide to register your licence plates on another vehicle.
