# ADVENTURES IN WINE COUNTRY

There is an exhilarating spirit along the meandering roadways that one travels in Ontario's wine regions. An excitement exists for an industry that, despite having a history that stretches back to the 1860s, has only in the past 30 years come of age. It's expressed in the passion of our dedicated winemakers – continuously innovating with new varietals, working cooperatively with growers to ensure superior fruit quality on the vine and outwitting the variables of our climate to craft exceptional wines.

Throughout Ontario's wine regions, The Niagara Peninsula, Lake Erie North Shore/Pelee Island and Prince Edward County,

there is a winery to please every palate. Meandering along the roadways of the Wine Route you'll be charmed by small craft wineries, stunning architecture, historic properties, contemporary new designs and environmentally significant facilities.

Upon entering a winery, you'll be welcomed by passionate winemakers, owners, sommeliers and winery staff anxious to show you their craft. Learn the traditions and stories of their founders, the innovations being tested in vineyards and the winemaking process.

In the tasting room, swirl, sniff and sip to discover the unique signatures of the winemaker. Compare vintages to

discern the complexities of the growing season. Enjoy a tutored tasting. Pair wines with a selection of artisanal cheeses or in signature restaurants with regional cuisine. Taste Ontario's internationally acclaimed Icewine.

Come and discover that the adventure in the glass is always worth the trip. To help plan your route, request a copy of the *2007 Official Guide to the Wineries of Ontario* at [www.winesofontario.ca](http://www.winesofontario.ca)
