get outside

...and make tracks in Ontario.

This guide is for those who love snow more than anything else. It's for those whose heartbeat races at the sight of the season's first snowfall. You've got to love snow – it's the stuff that makes Ontario's resorts and lodges the coolest places to be every winter.

Join your pals on a lift with skis or a board, then zoom downhill, showing off your signature moves. And some trails are even lit after dusk, so you can keep skiing when the sun goes down. We've even groomed a few hills for tubing too – but they're extreme, so hold on tight.

If exploring a wilderness trail sounds more your speed, take a challenging cross-country skiing trek or snowmobiling adventure up and down some of Ontario's finest groomed routes.

Looking for something a little different? Strap on showshoes and head off the beaten trail. How about angling this winter? No problem. Catching a perch is a cinch in the comfort of a heated fish hut. Even dogsledding and skijoring are options for the intrepid.

Consider staying at a resort within driving distance to Ottawa's Winterlude, Toronto's Wintercity and Sault Ste. Marie's Bon Soo for even more winter entertainment.

Escape from the rituals of snow-shovelling and watching television 24/7. Instead, experience snow the way nature intended and have fun.

There's tons of information in this guide on outdoor winter activities, but it's just the tip of the iceberg. Log on to www.ontariotravel.net/outdoor or call **1-800-ONTARIO** for more information including accommodations, events and maps for your winter getaway. Or stop into one of Ontario's Travel Information Centres. They are identified by the bright green roof!!

CONTENTS [4 Southwestern](#) [6 Toronto & Area](#) [6 Central](#) [16 Eastern](#)
[17 Northern](#)

glide. slide. hang.

ALPINE (DOWNHILL) SKIING

Did someone say 'adrenaline rush'? Grab your goggles and feel the extreme breeze as you glide downhill with ease. Ontario's home to 39 alpine ski resorts complete with skiing facilities, night skiing, roaring fireplaces and enough food to feed your hunger all day long. Breeze through www.ontariotravel.net/outdoor for more outdoor escape assistance.

SNOWBOARDING

Calling all airdogs and grommets! Massive pipes, gnarly rails and phat terrain are the perfect ingredients for huge tricks. And there's no lack of those. Get air. Spin a 360°. Show off an ollie or two. Slay the rails. Prove your 'trickiness' and get stoked in Ontario's pipes and terrain parks. Just remember to visit www.ontariotravel.net/outdoor for more on the goods.

NORDIC (CROSS-COUNTRY) SKIING

Get your friends together and take a trip cross-country style. Ontario's Nordic skiing resorts allow guests to explore the remote places photographers dream of. Most boast both skate and classic trails. For more information log on to www.ontariotravel.net/outdoor for more information.

SNOWMOBILING

When you vacation in the province with the largest snowmobile trail network in the world, you're practically guaranteed a cool time. Topping off at 43,000 km (26,600 mi.), Ontario's routes cater to first time and experienced riders alike, with plenty of opportunities to admire our great outdoors along the way. Don't have a snowmobile of your own? Some resorts offer rentals and all the accessories you need to hit the trails. Cruise online to www.ontariotravel.net/snowmobile

ICE FISHING

It's all taken care of: from the hole in the ice to the heated hut to the rod in your hand. All you have to do is reel the fish in all day long. Ice fishing has become a very popular sport with as many as 4,000 private and commercial ice fishing huts on Lake Simcoe alone every winter. And with 250,000 lakes in Ontario, there are plenty of opportunities to break records with a catch this winter. Find out everything you need for the perfect fishing excursion at www.ontariotravel.net/gofish

DOGSLEDDING

Discover Ontario the way the early explorers, trappers and settlers did, sailing across the snow by dogsled. After your expert guide shows you how to handle the highly trained team of dogs, you are off on a great adventure. Operators are friendly, knowledgeable and look out for you every step of the way. Take a trip to www.ontariotravel.net/outdoor for more information.

TUBING

Ontario's resorts have what you need for a thrilling tubing adventure: a tube and a tube lift. Take the lift to the top and soon you'll be careening downhill faster than you can say, "I want my mommy!" Our gigantic hills beat out those other ones you rode as a child, anyway. Just watch your butt on the bumps. And be sure to visit www.ontariotravel.net/outdoor for everything your tubing adventure requires.

SNOWSHOEING

If you can walk, you can snowshoe. Whether you're tracking the hoof prints of whitetail deer, retracing the steps of legendary explorers or just trying something new with a couple friends, you're in for another great winter experience in Ontario.

zoom. relax. repeat.

Freestyle Skiing **Join the Fun!**

“To Air is Human.” That was always my favourite bumper sticker growing up as a Freestyle skier in Ontario in the seventies when any innovative way you could leave or hit the snow earned instant hoots and hollers, judges’ points, prizes and sometimes cash.

Funny how things come around in 2008 as Freestyle Skiing has returned to its roots of experimentation, style and expression. Of course I’m talking about the new snowboard inspired school of skiing, which is being taken to new heights in Freestyle Skiing Ontario’s (FSO) “Tournament” competitive series. The series launched in Southern Ontario in 2007 has attracted a group of diehard risk takers, who have married adrenalin with classic gymnastics training. These are the members of the new Ontario Park and Pipe Ski Team program.

The Tournament and FSO sanctioned clinics and camps provide skiers with a forum where they can train qualify and perform tricks including inverted flips in safe conditions with qualified coaches. The spirit of Freestyle is alive and well at these events where competitors push and cheer on each other to create an electric atmosphere of fun and challenge.

The first season of The Tournament was so well received that FSO is adding Ski Cross races to the series, and including its classic Mogul competitions to give more skiers access to this challenging Olympic event. FSO is also launching a program to get more quality mogul fields built around Ontario and share the techniques that develop well-rounded skiers who can manage any terrain.

There are now 18 resorts across the province that offer sanctioned Freestyle programs. To be sanctioned as FSO and Canadian Freestyle Ski Association (CFSA) members means they use progressive teaching techniques, attend coach training, and use course and event specifications to create safe learning and competition environments. It also incorporates a 10 million dollar insurance policy to ensure all participants are well protected.

FSO clubs also offer the recently revised Jumps and Bumps passport program that rewards entry level freestyle skiers learning the basics of rails, jumps, and moguls with pins and eventually their “wings” when they graduate. The Canadian Freestyle Ski Association has been training the world’s top Freestyle Skiers in the Jumps and Bumps program for over two decades – including Olympic Gold medalist Jenn Heil.

Maximum air with minimum risk is the goal of organized Freestyle skiing – because to want to take air is in human DNA and to fly on skis is one of the most thrilling ways for any young skier to build their self confidence. In 2008 many ski resorts are giving young skiers the opportunity to test themselves in flight.

If you know a born flier check out the FSO website at www.ontariofreestyle.com and find a competition, camp or program at a club near you.

- Meredith Gardner

Meredith Gardner is the only Canadian woman ever to do a triple back flip on skis, a 2 time world Freestyle Champion, and currently works with Freestyle Skiing Ontario.

The Thrill of Dog Sledding

- Just around the Corner.

Dog Sledding is an integral part of our rich Canadian history and cultural heritage, passed on from the native societies to the first European explorers of Canada. The success of the explorers and fur traders depended on their ability to learn and adapt to the methods of travel and living in the bush developed by the native peoples. Today the dog sled remains a part of life and survival in many parts of Canada but the adventure and unique spirit of mushing are likely very much alive and well not too far from wherever you are.

Dog sledding experiences can be found throughout Ontario to suit all ages, abilities, interests and characters – from rides to day trips to multi-day expeditions into the Canadian winter wilderness. Winter carnivals often offer dog sled rides for kids; a great way to get out and delight in winters' charms with family and young ones.

Dog sledding companies that provide recreational experiences offer programs that vary in length and in degree of client participation. Excursions from 1-4 hours provide a taste of the excitement to be found out on the winter trail. Day trips generally include a lunch on the trail which provides you with the opportunity to take in the scenic beauty of the landscape around you.

Overnight trips may take you out to cabins or pre-set camps with heated prospector tents where you can truly soak in the peace and serenity of the wilderness and wonder with awe at the blanket of stars above. Multi-day expeditions provide you with the added opportunities to gain confidence and competence on the trail and develop a working relationship and special connection with your team of dogs that is at the heart of the sport.

It is often the companies that specialize in shorter rides that have a guide to drive the team and you experience the trail as passenger in the basket. Others and certainly those offering longer trips will have you involved in a variety of activities – harnessing of dogs, hooking up teams and driving the sled are but a few. Fully participatory experiences begin with a comprehensive instruction session where the basics of mushing are taught before you set out on the trail with your team of Huskies.

On the trail, your canine companions will amaze you with their strength and their spirit. Their enthusiasm for running the trails is contagious and you will be swept away in the sights and sounds and energy of each moment you are out there.

Whatever type of experience you choose or where-ever you choose to do it, dog sledding is sure to be an experience you will never forget. So make a plan, do your research to find the company that will give you the experience you dream of, and get mushing!

– Kate Reid, Chocpaw Expeditions

For dog sledding packages, please log on to Ontario Tourism's website at www.ontariotravel.net/outdoor.

Ice fishing...

Ontario's bounty

If you enjoy winter's splendor then Ontario is the place for your "hard water" fishing. You can try your luck on some of the thousands of lakes and rivers that adorn the province. The season may last from 2 to 3 months in the southern and central part of the province, to 5 months in the north.

In the far south, Lake Erie, Lake St. Clair and Mitchell's Bay are very popular spots to go after walleye and perch. Lake Simcoe, always a popular spot, is a favourite for thousands of men, women and kids fishing for lake trout, whitefish, panfish, pike, walleye and ling.

The Haliburton area's Lake Kashagawigamog is a hidden gem with an abundance of walleye. The Minden fishermen set their sights on lake trout and whitefish at Boshkung Lake. The Quinte area is the home of abundant walleye, perch and whitefish.

If you're looking for trout fishing, try the lakes of the Algoma Highlands. Georgian Bay is a popular destination if it's walleye, crappie and perch fishing you're after.

East of Algonquin, Bark Lake and Barrys Bay are home to many pickerel, lake trout and whitefish and the Rideau Lakes offer some excellent walleye, pike and crappie.

In the north, Callander and North Bay's Lake Nipissing are great for catching walleye, pike, whitefish, perch and ling. Further north, Temagami is home to some of the finest lake trout, whitefish, walleye and pike and to the east near Thorne you will find many lakes that are haven to pike, walleye and trout....

In Ontario hundreds of fishermen know that ice fishing produces some of the best tasting fish all year and some of the most exciting fun imaginable. If you desire an ice fishing package for a weekend, or a week at a luxurious resort, or simply want to go on your own, Ontario in winter has an abundance of icy lakes teeming with fish. Whether you're fishing for the rewards of a tasty meal, or just for the sport of it be sure to dress for the occasion, check ice conditions, be safe and have the time of your life.

For ice fishing packages, please log on to Ontario Tourism's website at www.ontariotravel.net/gofish.

You've just left the comfort of a yurt.

There are grey jays to be fed and moose tracks to be followed. You bask in the warmth of the sun reflecting off the snow. This is just part of your Ontario Parks winter adventure.

Don't forget that cross-country skiing and snowshoeing are good for your health.

Start with a visit to www.OntarioParks.com or call **1 888 ONT PARK** to reserve your yurt or campsite.

Paid for by the Government of Ontario

Tread lightly on the earth Step forward into snowshoeing.

You want trails? We have trails! Dog sledding, snowshoeing, cross country skiing, snowmobiling, snow hiking and downhill skiing. When planning your next adventure in the Highlands, be sure to ask us about trail-specific maps and brochures, or log on to our website at www.trailsandtours.com.

Snowshoeing Packages...

There's a wide array of snowshoeing trails offered in Ontario. Explore thousands of acres of breathtaking vistas and unspoiled wilderness. Hit your stride in hundreds of snow-laden parks, conservation areas and resorts. For snowshoeing packages, please log on to Ontario Tourism's website at www.ontariotravel.net/outdoor.

Some of Ontario's popular snowshoeing locations:

Algonquin Park - (705) 633-5572 - algonquinpark.on.ca
Blue Mountain - (705) 445-0231 - bluemountain.ca
Hardwood Hills - (705) 487-3775 - hardwoodhills.ca
Horseshoe Resort - (705) 835-2790 - horseshoeresort.com
Talisman Mountain - (519) 599-2520 - talisman.ca
