The cover shows an image from the WSIB's 2006 public awareness campaign, which used strong images of workplace injury and death to convince Ontarians that "there really are no accidents" – that every workplace injury and illness is preventable. The "Retail" TV advertisement, from which this image is taken, won a Silver Award at Marketing Magazine's 2007 Marketing Awards.

INTRODUCTION

This publication is a supplement to the Workplace Safety and Insurance Board's (WSIB) 2006 Annual Report. It contains aggregate work-related injury and illness claims and benefits data for 2006. Tables contain data for previous years for comparison where such data are available and appropriate.

The WSIB helps workers deal with the consequences of workplace injuries and illnesses – providing insurance benefits and helping them recover and return to work. The WSIB is committed to the prevention of workplace injuries and illnesses, playing a key role in Ontario's occupational health and safety system. The WSIB:

- Administers no-fault workplace insurance for employers and their workers
- Provides benefits for injured and ill workers, and benefits for dependants of workers who have died as a result of a workplace injury or illness
- Monitors the quality of health care
- Assists in early and safe return to work

The WSIB administers the *Workplace Safety and Insurance Act* and the *Workers' Compensation Act*.

CLAIM VOLUMES Tables 1 to 4

These tables show the claims for benefits that resulted from workplace injuries and illnesses covered by the WSIB.

Delays in reporting and processing times for some complex claims affect the reporting of claims data for any given year. Data continue to be revised after the year has concluded as additional claims are reported and decisions on complex claims are made. The revision of data after the year has concluded is called “maturing.”

Table 1 lists total numbers of claims by the year they are registered.

Tables 2, 3, and 4 present total numbers of claims according to the year in which the injuries and illnesses occurred. Table 2 also provides a snapshot of the number of injuries and illnesses by industry sector and business size for each year as at March 31 of the following year.

Table 3 provides a snapshot of claims by claim status for each year as at March 31 of the following year. Table 4 presents injury and illness data for each year as at 15 months after the end of each year, when data are likely to be fully mature. 2006 numbers in Table 4 are estimates.

Employers covered by the Workplace Safety and Insurance Act are categorized as either Schedule 1 or Schedule 2 employers. Schedule 1 employers pay premiums into an insurance fund administered by the WSIB. Benefits for injured and ill workers under the Workplace Safety and Insurance Act are paid for by this fund. The majority of Ontario’s employers are Schedule 1 employers. Schedule 2 employers are directly liable for the cost of benefits for their injured and ill workers. Schedule 2 employers include municipal, provincial and federal governments, railways, airlines, and telephone companies.

Note: In some tables, percentages may not add up to 100%. This is due to rounding.

TABLE 1: CLAIMS REGISTERED BY YEAR OF REGISTRATION (1997 to 2006)

This table shows the total number of claims registered with the WSIB by year. Some claims are registered with the WSIB after the year in which the injury, illness or fatality occurred. This table shows prior-year and current-year injury or illness claim registrations, as well as total registrations for each year.

Numbers include all claims reported to the WSIB for each year: claims allowed, claims denied, claims abandoned and claims pending.

TABLE 2: CLAIMS REGISTERED BY YEAR OF INJURY OR ILLNESS, INDUSTRY SECTOR AND BUSINESS SIZE (1997 to 2006)

In 1997, the WSIB organized its operations to serve 17 industry sectors (Schedule 2 is a separate industry sector). This table shows injury and illness numbers by industry sector and business size for each year as at March 31 of the following year. All Schedule 2 employers have been included under "large business" in this table (number-of-employees data are not available for Schedule 2 employers).

TABLE 3: CLAIMS REGISTERED BY YEAR OF INJURY OR ILLNESS AND CLAIM STATUS (1997 to 2006)

This table shows injury and illness numbers by claim status for each year. Claim status is as at March 31 of the following year.

Lost time claims are claims by workers who have lost wages as a result of temporary or permanent impairment. No lost time claims are claims by workers who have not lost wages, but who have incurred health care expenses. Denied claims are claims for injuries or illnesses that were determined not to be work related, or claims by workers who were not covered under the Workplace Safety and Insurance Act. Abandoned claims are claims that have been withdrawn by the worker and claims for which the WSIB could not gather sufficient information to make an entitlement decision. Pending claims are claims about which a decision has not yet been made.

TABLE 4: CLAIMS REGISTERED BY YEAR OF INJURY OR ILLNESS AND CLAIM STATUS - MATURED DATA (1997 to 2006)

This table shows injury and illness numbers by claim status for each year. Claim status is as at 15 months after the end of the year in which the injury or illness occurred. 2006 data have been estimated based on prior experience and the probable disposition of new and pending claims.

Status as at March 31 of the second year after year of injury or illness	Year of injury or illness

DETAILED CLAIMS PROFILES Tables 5 to 13

These tables include detailed analysis of allowed lost time injury and illness claims by year of injury or illness. Delays in reporting, and processing times for some complex claims, affect the reporting of claims data for any given year. Data continue to be revised after the year has concluded as additional claims are reported and decisions on complex claims are made. The revision of data after the year has concluded is called “maturing.” The numbers presented for each year include all lost time claims allowed as at March 31 of the following year.

Note: In some tables, percentages may not add up to 100%. This is due to rounding.

TABLE 8: LOST TIME CLAIMS BY NATURE OF INJURY OR DISEASE (1997 to 2006)

This table shows allowed lost time claims by diagnoses of nature of injury or disease for each year as at March 31 of the following year. Diagnoses marked with an asterisk (*) include both traumatic and repetitive motion types of injuries and diseases. NEC stands for "not elsewhere classified." Note: Since 2004, to more accurately identify the nature of injuries, an effort has been made to reduce the number of claims coded as "unspecified" (primarily soreness, pain, unspecified) and "NEC." Claims that were coded in this way in the past are now being coded with more specific codes (primarily sprains and strains, bruises, contusions).

TABLE 13: LOST TIME CLAIMS BY STANDARD INDUSTRIAL CLASSIFICATION (SIC) (1997 to 2006)

This table shows allowed lost time claims by the industry in which the worker was employed, based on the 1980 Standard Industrial Classification (SIC), for each year as at March 31 of the following year. Because these numbers are based on a different classification standard, they cannot be compared to the numbers in Table 7. Schedule 2 employers, for whom SIC codes are unavailable, are included in the “unclassified and unidentified” category.

FATALITY CLAIMS Tables 14 and 15

These tables show claims for fatalities. They show numbers based on the year in which claims were registered and the year in which claims were allowed. These tables do not indicate the year in which the fatalities occurred.

Fatality claims are divided into the following mutually exclusive categories:

- Fatalities due to disease
- Fatalities due to traumatic injuries (an injury at work resulted in the worker's death)
- Fatalities that occurred while the person was receiving a pre-1990, 100% permanent disability pension from the WSIB

Note: In some tables, percentages may not add up to 100%. This is due to rounding.

AVERAGE DURATION OF WAGE LOSS BENEFITS

Table 16

This table shows the average duration of payment of temporary disability benefits (1997) and Loss of Earnings (LOE) benefits (1998 to 2006). The average only includes days for which wage loss benefits were paid in the first 12 weeks after injury or illness.

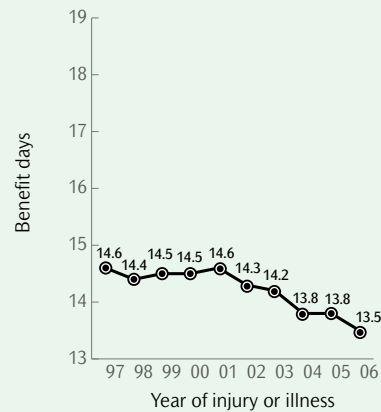

The average number of days for which wage loss benefits were paid is shown by year of injury or illness. Numbers are as at March 31 of the following year.

TABLE 16: AVERAGE DURATION OF WAGE LOSS BENEFITS BY YEAR OF INJURY OR ILLNESS (1997 - 2006)

This table shows the average duration of payment of temporary disability benefits (1997) and Loss of Earnings (LOE) benefits (1998 to 2006). The average only includes days for which wage loss benefits were paid in the first 12 weeks after injury or illness.

FUTURE ECONOMIC LOSS (FEL) AWARDS Table 17

This table shows active Future Economic Loss (FEL) awards by percentage of wage loss, and active supplements. Benefits for FEL are awarded under Section 43 of the Workers' Compensation Act. These benefits relate to injuries and illnesses that occurred between January 2, 1990 and December 31, 1997. Workers who receive short-term benefits for 12 months and workers who are permanently impaired are entitled to FEL benefits.

FEL benefits are based on 90% of the difference between the worker's net average pre-injury-or-illness earnings and the net average earnings that the worker is earning, or is considered likely to be able to earn in the future. Workers who are co-operating in Early and Safe Return to Work (ESRTW) or Labour Market Re-entry (LMR) activities, or in medical rehabilitation programs, are also entitled to FEL supplements.

Note: In some tables, percentages may not add up to 100%. This is due to rounding.

TABLE 17: ACTIVE FUTURE ECONOMIC LOSS (FEL) AWARDS BY PERCENTAGE OF WAGE LOSS AND ACTIVE SUPPLEMENTS (1997 to 2006)

This table shows Future Economic Loss (FEL) awards active at the end of each year by percentage of wage loss, and supplements active at the end of each year.

NON-ECONOMIC LOSS (NEL) AWARDS Table 18

This table shows the number of Non-Economic Loss (NEL) awards by percentage of permanent impairment. Benefits for non-economic loss are paid under Section 42 of the Workers' Compensation Act and Section 46 of the Workplace Safety and Insurance Act. NEL benefits relate to injuries and illnesses that occurred after January 1, 1990. Workers who suffer permanent impairment due to workplace injuries or illnesses are entitled to NEL benefits.

Workers are eligible for NEL benefits if they reach maximum medical rehabilitation and permanent impairment is considered likely. A worker reaches maximum medical rehabilitation when there is unlikely to be any further significant improvement in his or her medical condition. A medical assessment is then conducted to determine the level of impairment, which is expressed as a percentage. To determine the amount of the NEL benefit, the percentage is then multiplied by a number that varies according to the year of the injury and the worker's age.

The first NEL benefits were paid in April 1992.

Note: In some tables, the percentages may not add up to 100%. This is due to rounding.

TABLE 18: NON-ECONOMIC LOSS (NEL) AWARDS BY PERCENTAGE OF PERMANENT IMPAIRMENT (1997 to 2006)

PERIODIC PENSIONS AND SUPPLEMENTS Tables 19 and 20

Pensions and supplements are payable to injured workers who have a permanent impairment resulting from an injury that occurred prior to January 2, 1990. They are paid under the Workers' Compensation Act. These tables show pension awards and active pensions by percentage of permanent disability; and supplement awards and active supplements. Supplementary payments shown are broken down as follows:

- Section 147(4): supplements awarded to workers who are not likely to benefit from a Labour Market Re-entry (LMR) plan; or whose earning capacity has not increased sufficiently after an LMR program. The supplement is paid until the worker is eligible for Canada Pension Plan benefits.
- Section 147(2): supplements awarded to workers who are likely to benefit from an LMR plan (which would enable them to approximate their pre-injury-or-illness earnings).
- Section 147(14): additional payments awarded to workers who have been awarded a supplement under Section 147(4); or who would have been receiving the supplement had they not become eligible for Canada Pension Plan benefits.

Figures exclude lump sum awards and reassessments. These tables do not indicate the number of workers receiving pensions and/or supplements because pensioners can receive more than one award, or have more than one pension active, in a single year.

Note: In some tables, percentages may not add up to 100%. This is due to rounding.

TABLE 19: PERIODIC PENSIONS AWARDED BY PERCENTAGE OF PERMANENT DISABILITY AND SUPPLEMENTS AWARDED (1997 to 2006)
