TITLE: Preparation of an Application for Registration of a Pension Plan

APPROVED BY: The Superintendent of Pensions

PUBLISHED: Bulletin 5/1 (Spring 1994) - (English version of Form 1)  
Bulletin 5/2 (Summer 1994) - (French version of Form 1)

EFFECTIVE DATE: May 1, 1994 to June 30, 1995 [No longer applicable - Feb. 2000]

REVISED DATE: March 1995

---

### **A Guide to Preparing an Application for Registration of a Pension Plan**

This administrative practice replaces CAG #1 which was published in February 1990.

*On and after May 1, 1994, the Pension Plan Document Checklist is no longer required when making application for the registration of a pension plan or a plan amendment. The Pension Plan Document Checklist was introduced in Compliance Assistance Guideline #5 (see Policy R500-250) and was effective on November 1, 1992.*

This guideline is designed to assist the Administrator of a pension plan in completing and filing an Application for Registration of a Pension Plan (Form 1) with the required supporting documents. It applies to all applications submitted on or after May 1, 1994 which is the effective date for revised Form 1.

A completed application for registration includes several components:

- completed Application for Registration (prescribed Form 1) and fees schedule;
- required supporting documents; and
- registration fees (cheque is made payable to the Minister of Finance).

### **Requirement to Identify the Administrator**

An Administrator must be identified in order for the pension plan to be eligible for registration. The Administrator is legally responsible for ensuring that the pension plan and pension fund are administered in accordance with the *Pension Benefits Act*, R.S.O. 1990, (the "PBA"), and Regulation 909. The following bodies generally may serve as the Administrator:

- an employer or employers;
- pension committee composed of representatives of members of a pension plan;

- a pension committee composed of representatives of the plan sponsor and members;
- an insurance company (only if the insurance company has assumed full liability for the pension benefits);
- a board of trustees (in the case of multi-employer pension plans [MEPPs]); and
- an agency, board or commission made responsible by legislation for the administration of a pension plan.

### **Effective Date of the Pension Plan**

The date on which the pension plan becomes effective is required on the application. This may differ from the date of establishment which refers to the date on which a Resolution of the Board of Directors, or minutes, or other documentation evidences the establishment of a pension plan. The date of establishment is not required on the application. However, the legislation requires the Administrator to apply to the Superintendent of Pensions for registration within 60 days after the day the pension plan is established.

### **Funding Issues**

There are generally two funding approaches: pension benefits fully guaranteed by an insurance company, or a pension fund.

The first approach to funding can be adopted only in the case of a "guaranteed annuity" plan, where pension benefits are completely insured or guaranteed by an insurance company which has assumed full liability for the pension benefits.

The name and address of the insurance company must be provided on the application.

If the second approach to funding is adopted, a pension fund is established to support the pension plan. All necessary arrangements for funding must be in place at the time the application for registration is made. These arrangements will identify:

- the name of the fund;
- the name and address of the custodian (e.g. trust or insurance company); and
- the names and addresses of all agents of the plan administrator including actuaries and investment counsel.

### **Plan Membership**

The application must document all active members of the plan as of the effective date of the pension plan. The total number of male and female members in their respective provincial jurisdictions of employment must be recorded.

### **Registration Fees Schedule**

The Fees Schedule for registration of a pension plan requests membership details in the pension plan as of the effective date. There is a section with instructions for calculating the fees payable in accordance with the formula prescribed by section 2 of Regulation 909.

#### Jurisdiction Where the Plurality of Members Are Employed Regulates the Pension Plan

The province with a plurality of members of a pension plan employed in that province (in accordance with reciprocal agreements between designated provinces or territories), assumes the role of regulator of the pension plan. The regulator administers legislation and receives fees for all membership in the designated provinces or territories.

Registration fees payable, therefore, are based on the total number of plan members employed in the designated provinces or territories as recorded in the application.

### **Required Supporting Documents**

Unless the application includes all of the following documents (applicable to the type of pension plan), it cannot be processed by the PCO.

Supporting documents must be certified as true copies by an authorized officer of the employer or plan sponsor or other appropriate person authorized by the employer or plan sponsor (certification also applies to "replacement pages" for plan texts). The Administrator is responsible for ensuring that certified copies of the following documents (where applicable in the circumstance), are attached to the application:

- plan text and any amendments;
- collective agreement if plan was set up in accordance with a collective agreement;
- trust agreement(s);
- deposit contract(s) with an insurance company;
- group annuity contract(s);
- explanatory statement to members and persons eligible to become members;
- Investment Policy Return and where applicable, a Statement of Investment Policies and Goals; and
- cost certificate and actuarial report (if a defined benefit plan).

The following additional information must be supplied with the application, where appropriate:

- names and addresses of each member of the pension committee, board, agency or commission that is the Administrator;
- names and addresses of each employer or plan sponsor participating in the pension plan;
- names and certificate of registration number(s) for all other existing pension plans of the employer(s) or plan sponsor(s); and
- names of any previous plan(s), certificate of registration number(s) and their current status.

Registration fees, calculated according to the Fees Schedule found in the application (Form 1), must be filed together with the application. The cheque is payable to the Minister of Finance and must accompany the application.

### **Declaration**

The declaration must be signed by the administrator or the authorized signing officer and the signature must be witnessed. The signed declaration is evidence that the Administrator fully understands the obligation to ensure that the filed documents comply with the *Pension Benefits Act* and Regulations of Ontario and the legislation of any other designated jurisdiction that applies to the plan.

The signed declaration further evidences and confirms that this obligation has been met.

### **Pension Commission of Ontario Procedures**

The application for registration will not be processed unless all components including

- applicable and required supporting documents; and
- fees schedule and fees are included.

The Superintendent of Pensions will acknowledge the application in writing within 30 days upon receipt of a fully executed application for registration with the required supporting documents and fees.

### **Certificate of Registration**

When the processing of the application is complete, the Superintendent will issue a certificate of registration based on the administrator's declaration of compliance with all applicable legislation. If the application for registration is deficient, the certificate for registration will be issued only when the Superintendent is satisfied that all necessary documentation has been filed.
