

Growth and Opportunity Security and Compassion Keeping Your Word

The Saskatchewan Growth and Financial Security Act

- Balanced budgets each and every year
- A formula for allocating budgetary surpluses
- Four year financial projections in every budget
- Paying down debt, investing in the future
- Public service will not grow at a rate faster than the population it serves

Retaining Our Young People

- Tuition rebates for students choosing to stay in Saskatchewan
- Tax incentives for young entrepreneurs

Enterprise Saskatchewan A New Vision for the Economy

- A plan for lasting and permanent economic growth in Saskatchewan
- A unique and innovative partnership
- Returning direction of the economy to the hands of the people who create the jobs, invest the dollars and build the labour force of the future
- Specific goals and targets for the economy

Health Care and Families

- Hiring 800 Registered Nurses over four years and training more doctors
- A “patient first” review of the entire health care system
- A prescription drug plan covering most seniors and adding children
- The Active Families Benefit

Education

- Increasing operating grants to schools
- Education property tax relief
- More money for school lunch and anti-hunger programs
- Investments in child care, early learning and other development initiatives

The Environment

- Meeting greenhouse gas emissions targets
 - Through the Crowns, helping homeowners, schools, hospitals and businesses go green
 - Protecting and conserving our natural resources
-
