# 2007 Fire Prevention Week Children's Program

Order yours now free of charge!

---

## What is the Children's Program?

- A fun-filled activity, for school children in grades K-3, to learn fire prevention and safety.
- The program provides:
  - Children's Fire Safety Activity Booklets
  - Children's safety contest and a provincial grand-prize
  - Ready made lesson plans for classroom teachers
  - Fire Chief for a Day contest and materials

## How do I run this program?

- All you have to do is notify the schools in your area about the activity booklets and deliver them to grade K-3 classrooms during Fire Prevention Week (October 7-13). The program includes teacher instructions and a lesson plan, so that the teacher can lead the activity.
- After Fire Prevention Week, collect the contest entries from the activity booklets, select one winner from your municipality and mail the winning entry to Public Safety & Sask911 952 – 122 3<sup>rd</sup> Ave. N. Saskatoon, SK S7K 2H6 Attn: Ken Snell
- For a more involved effort, organize a Fire Chief for a Day contest with the materials provided and arrange other fun and interactive fire prevention and safety events in your community.

## How do I get my free program?

- Estimate the number of grade K-3 school children in your area.
- Complete this form and fax it to Public Safety & Sask911 at (306) 964-1094 before July 31, 2007.

**(This deadline has been extended to September 21, 2007).**

- By mid-August, your order will be shipped, free of charge, to the name and address below.
- For more information contact Ken Snell at Public Safety & Sask911 (306) 933-5064.
