

INVESTMENT REGULATIONS

Introduction

Saskatchewan has adopted, by reference, the federal government's rules with respect to the investment of pension plans.

Section 44 of *The Pension Benefits Act, 1992* provides:

“Assets of a plan must be invested, and the investments must be made in accordance with the regulations”.

Section 38 of *The Pension Benefits Regulations, 1993* prescribes:

“(1) Notwithstanding the provisions of any plan or any instrument governing a plan, the assets of a plan must be invested and the investments made in accordance with this section and section 44 of the Act.

(2) The assets of a plan must be invested and the investments made in accordance with the regulations made pursuant to the *Pension Benefits Standards Act, 1985* (Canada), as amended from time to time.

(3) For purposes of this section, any reference in the regulations made pursuant to the *Pension Benefits Standards Act, 1985* (Canada) to the Superintendent is deemed to be a reference to the superintendent.”

Subsection 38(1) ensures that the scope of the legislation includes the process followed to make investments, as well as, the securities in which a plan is invested.

The phrase “as amended from time to time” in subsection 38(2) means that each time the federal government amends the investment rules under the *Pension Benefits Standards Regulations, 1985* with respect to investment rules, those amendments apply to plans subject to Saskatchewan legislation. For instance, effective July 1, 1993, the regulations made under the *Pension Benefits Standards Act, 1985* were amended to move to the “prudent portfolio” rule in the investment regulations from the “legal list” approach. Those changes immediately affected plans registered in Saskatchewan.

Sections 12, 13 and 14 of Schedule III of the *Pension Benefits Standards Regulations, 1985* refer to the filing of documents with the “Superintendent”. That reference is to the federal Superintendent of Financial Institutions. Subsection 38(3) ensures that plans registered in Saskatchewan file with the Superintendent of Pensions.

For purposes of reference, we have appended to this bulletin excerpts from the *Pension Benefits Standards Regulations, 1985* that we consider govern the investment of plans. You will note that Saskatchewan's regulations are not limited to reference to Schedule III of the *Pension Benefits Standards Regulations, 1985*.

Written Investment Policy

The administrator of a plan must establish a written statement of investment policies and procedures in respect of the plan's portfolio of investments and loans. The administrator must ensure that the plan's statement of investment policies and procedures is written having regard to all factors that may reflect the funding and solvency of the plan and the ability of the plan to meet its financial obligations. The written statement should include:

- a description of the factors taken into account when establishing the statement, including the type of pension plan, the nature of the plan's liabilities, the demographics of the plan's members and retired members and the employer's funding policy;
- the categories of permitted and prohibited investments and loans, including reference to derivatives, options and futures;
- the diversification requirements of the investment portfolio;
- the asset mix policy and the rate of return expectations;
- the plan's liquidity requirements;
- a policy with respect to the lending of cash or securities;
- a policy with respect to the retention or delegation of voting rights acquired through plan investments;
- the method of, and basis for, the valuation of investments that are not regularly traded at a public exchange;
- a policy with respect to permitted related party transactions, including the criteria used to establish whether a transaction is nominal or immaterial to the plan; and
- a policy with respect to conflict of interest, including criteria for the disclosure of conflict of interest.

The administrator must review and confirm or amend the written statement of investment policies and procedures at least once each plan year.

(PBSA Reg., Sections 7.1 and 7.2)

Quantitative Restrictions

The regulations provide some quantity restrictions for investment. The administrator of a plan may not invest more than:

1. 10% of the total book value of the plan's assets in any one person (including entity), except for:
 - insured deposits,
 - a segregated, mutual or pooled fund that itself complies with the requirements
 - an unallocated general fund of an insurer

- an investment corporation, real estate corporation or resource corporation
 - issues guaranteed by the federal or a provincial government,
 - an index fund
(PBSA Reg., Schedule III – Section 9);
2. 5% of the book value of plan's assets in any one parcel of real estate or resource property; 15% of the book value of the plan's assets in resource properties in the aggregate; 25% of the book value of the plan's assets in real estate and resource properties in the aggregate (PBSA Reg., Schedule III – Section 10);
 3. 30% of the voting shares of any corporation, except that for real estate, resource and investment corporations the 30% limit may be exceeded under certain conditions (PBSA Reg., Schedule III – Sections 11 through 14).

Self-Dealing

The regulations prohibit related party transactions, including loans to employees, with three exceptions:

1. the transaction is required for the operation of the plan and its terms and conditions are not less favourable than market terms and conditions;
2. investments in the securities of a related party are permitted when acquired at a public exchange;
3. the value of the transaction is nominal or the transaction is immaterial to the plan.

(PBSA Reg., Schedule III – Sections 15 through 17)

Exception

Schedule III of the *Pension Benefits Standards Regulations, 1985* does not apply to an insured plan or to investments held in an unallocated general fund of an insurer.
