

Registrar's Report

2005/2006

“Making Canada’s Roads the Safest in the World – Road Safety Vision 2010”

Road Safety – A Team Effort

The Departmental mission is to “provide for the safe, secure, accessible and reliable movement of people and goods to serve the social, economic and political needs and aspirations of the people of the Northwest Territories.”

As traffic increases across the NWT and work is done to improve our highways, the need for road safety has never been greater. Protection of people and infrastructure are critical to our success as a Territory. The impacts of traffic incidents are far reaching and in many cases preventable. This report gives an outstanding “snap shot” of the program within the NWT. There are three key observations from this report:

1. The number of drivers and vehicles is on the rise and the proportion of drivers 65 years and older is climbing.
2. Our passing rates for both the written test and the road test are improving – probably due to the introduction of the Graduated Driver’s Licensing Program.
3. The number of commercial and CVSA inspections has increased significantly due to the outstanding work of our Highway Transport Officers.

The Road Licensing and Safety Division has been extremely active for the past year – planning and executing major initiatives across the Territories to help the Department achieve its mission.

The Government of the Northwest Territories will continue to fully support the Canadian Road Safety Vision 2010. The GNWT will also be embarking on our own Northern Road Safety Vision 2020 to reinforce our success and ensure safety for the betterment of all drivers who share our roads.

Acknowledgements

The Department of Transportation would like to extend thanks to all of those who have worked to provide and complete the information contained in this Registrar’s Report. A special thank you to the RCMP for providing statistics and to Mr. Rob Thom for the detailed analysis and compilation.

1.0 Introduction

This report presents a statistical summary of the vehicle and driver population in the Northwest Territories and presents a summary of revenue, driver testing activity, convictions and suspensions. This information can be used by Program Managers, Regional Superintendents and Senior Managers to assess Road Licensing and Safety activities and monitor trends. The information in this report is derived from data maintained on the Road Licensing and Safety Motor Vehicle Information System (MVIS). A series of reports are used to extract the statistical information from MVIS.

The information is checked for reasonableness and accuracy by comparing with reports available on MVIS and the Financial Information System (FIS) as well as Northwest Territories population figures. Road Licensing and Safety Headquarters and Regional staff also have an opportunity to review the charts and tables for accuracy. Despite these measures, errors may exist due to data coding and entry, therefore, the information should be viewed with caution.

2.0 Executive Summary

Section 3.0 shows the number of registered vehicles by type and region. The table includes all vehicles with a valid registration as of December 31, 2005 and registered to an individual or company with a Northwest Territories address. Duplicate registrations are excluded by counting unique vehicle identification numbers. As of December 31, 2005, there were 34,669 registered vehicles, a 3.1 percent increase from 2004. This is the highest number of registered vehicles since 1989.

The breakdown of registered vehicles by type is an approximation based on variables including; vehicle make, vehicle model, vehicle type, style, license plate type, and gross vehicle weight. Light-duty vehicles, including passenger cars, passenger vans, sport utility vehicles and pickup trucks, comprised 77 percent of the vehicle population in 2005.

Section 4.0 presents the characteristics of licensed drivers. The tables include all Northwest Territories residents with a valid driver's license as of December 31, 2005. On this date, there were 31,843 licensed drivers, a 2.9 percent increase from 2004. This is the highest number of licensed drivers since 1989. Persons aged 65 and over comprised 3.6 percent of the driver population. Although not shown in the tables, the proportion of drivers aged 65 and over is increasing.

Section 5.0 presents revenue data from all Driver and Vehicle Licensing Offices operated by the Department of Transportation and by private contractors. The revenue is summarized by category, region and Issuing Office for all transactions taking place between April 1, 2005 and March 31, 2006.

For the 2005/2006 Fiscal Year, revenue from the various categories is as follows:

- Vehicle registrations: \$ 2,958,920.12
- Driver testing: \$ 103,225.00
- Driver licensing: \$ 362,824.92
- Products and services: \$ 720,989.00
- Total: \$ 4,145,959.04

Section 6.0 shows the total number of driver tests conducted in the Northwest Territories between April 1, 2005 and March 31, 2006 by test type (written vs. road), class and region and shows the corresponding passing rates.

In the 2005/2006 Fiscal Year, 3,828 written tests and 1,675 road tests were conducted. The corresponding passing rates were 70.0 percent and 64.5 percent, respectively.

Section 7.0 presents information on driver convictions, suspensions and demerit points of Northwest Territories drivers. The tables showing *Criminal Code* and *Motor Vehicles Act* convictions include convictions arising from offences committed by Northwest Territories residents between April 1, 2005 and March 31, 2006. The tables exclude convictions arising from offences committed outside of the Northwest Territories.

During the 2005/2006 Fiscal Year, there were 184 convictions under the *Criminal Code*, a 2 percent increase from the previous Fiscal Year. There were 1,664 convictions under the *Motor Vehicles Act*. This is a 31 percent decrease from the previous Fiscal Year.

Section 8.0 shows the number of permits issued by type and Weigh Scale, number of Commercial Vehicle Safety Alliance (CVSA) inspections conducted and number of offences under the *Transportation of Dangerous Goods Act* and *Regulations* for the 2005/2006 Fiscal Year.

During 2005/2006:

- 11,083 permits were issued;
- 529 CVSA inspections were conducted; and
- 3 charges were laid under the *Transportation of Dangerous Goods Act* and *Regulations*.

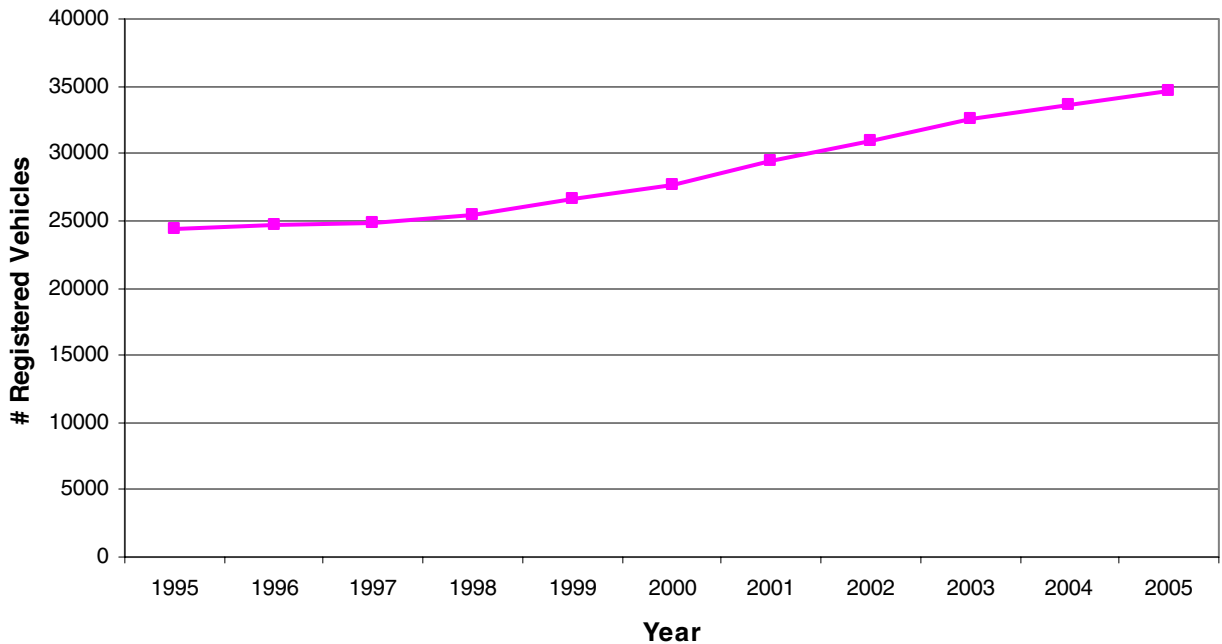

Section 9.0 presents information on reportable collisions in the Northwest Territories for the 2004 and 2005 calendar year. A reportable collision is an incident involving one or more motor vehicles resulting in death, personal injury or a minimum of \$1,000 in property damage. Details on traffic collisions is presented in the publication entitled “2005 NWT Traffic Collision Facts” and includes collisions occurring on the NWT Highway system. This publication contains useful information on issues that affect collisions and their severities, such as drinking and driving; unsafe speed; young and old drivers; and use of occupant restraints. This publication can be accessed at the Department of Transportation’s website at the following address:
