Budget Process of the Government of the Northwest Territories	B-1

INTRODUCTION

The Main Estimates represent the Government of the Northwest Territories' proposed appropriations for the 2004-2005 fiscal year. The Estimates detail all expenditures projected to be incurred, all revenues projected to be earned and the projected level of capital investment, for the period April 1, 2004 to March 31, 2005, in order to implement strategies and achieve the goals of the Government.

The 2004-2005 Budget Address is an integral part of these Estimates. The Budget Address and Main Estimates together constitute the budget of the Northwest Territories.

The Legislative Assembly is being requested to appropriate funds at the departmental level, as detailed in the Main Estimates, for operations expense and capital investment expenditure for the fiscal year ending March 31, 2005.

The 2004-2005 Main Estimates are presented in two separate sections, Operations Expense and Infrastructure Acquisitions.

Operations Expense

Operations Expense includes only the proposed operating expenditures and amortization expense.

The following detailed information is provided for each department in the Operations Expenses section of the Main Estimates:

- **Accounting Structure Chart:** detail on how the department's financial accounts are organized.
- **Organizational Chart:** details how the department is organized for administrative purposes.
- **Department Overview:** includes the vision, mission and goals of the departmental.
- **Graphs:** illustrate the allocation of proposed expenditures to major activities and a five-year comparison of actual and proposed expenditures.
- **Department Summary:** provides the total appropriation requirements by control object for the department. The control objects included are compensation and benefits, grants and contributions, other expenses and amortization.
- **Activity Summary:** the following are provided for each activity;
 - **Activity Description:** provides an explanation of the purpose or programs delivered for each activity.
 - **Budget Summary:** appropriation requirements for the activity summarized by major categories (control objects).
 - **Changes in Capital Assets and Amortization:** see explanation provided below.
 - **Program Delivery Details:** provides the detail of appropriations required for each of the major program functions within each activity.
 - **Grants and Contributions:** the schedule provides details on the proposed grants and contributions included in the required appropriations for each activity.
- **Summary of Active Positions by region:** numbers of positions, by category, serving the department in each region.

INTRODUCTION (continued)

- **Summary of Work Performed on Behalf of Others:** the Government undertakes to perform certain functions, in the Northwest Territories, on behalf of the Government of Canada or others. Expenditures incurred for these activities are fully recovered and are not required to be voted on by the Legislative Assembly.
- **Summary of Estimated Revenues.**
- **Other Information Items:** includes proposed expenditures or financial activities of various boards, agencies or revolving funds.

Changes in Capital Assets and Amortization

The activity summaries, included in the operations expense section of the Main Estimates, include a section called Changes in Capital Assets and Amortization, which provides the following information:

- The total historical cost of capital assets in service acquired in previous years and the total net book value of these assets. The net book value represents that portion of the original cost that has not been amortized. This should not be construed as being representative of market value.
- The changes that are projected to occur during the year. This includes the total cost of assets expected to be put into service during the year and any estimated disposals during the year.
- The estimated amortization expense for the year, based on assets in service at the beginning of the year plus any projected additions or disposals during the year.
- Work-in-Progress is the cost expended on capital projects that will be incomplete at the end of the year.

Infrastructure Acquisitions

This part of the Estimates provides a summary, by department and activity, of how much the Government is planning to invest in infrastructure assets during 2004-2005. The detailed five-year Infrastructure Acquisition Plan is included in a separate section of the Main Estimates.

The Infrastructure Acquisition Plans include projected infrastructure investment for a five year period. The infrastructure investment authority is being requested only for the 2004-2005 year. Prior Years' Costs and Future Years' Anticipated Costs are shown only for those infrastructure projects that are considered multiple year projects and for which an amount is included in the 2004-2005 Estimates. It should be noted that the amount of infrastructure investment planned for 2004-2005 will not usually compare to the cost of infrastructure assets coming into service in 2004-2005, as reported in the activity summaries. The assets coming into service during the year will include costs expended on those projects in prior years and included in prior years' work-in-progress.

For further clarification on terms used in the Main Estimates and the budget development process, please consult the Glossary in Appendix A and The Budget Development Process in Appendix B.

The 2004-2005 Main Estimates and Budget Address are available on the Net through the GNWT Home Page (www.gov.nt.ca) or through the Financial Management Board Secretariat Home Page (www.gov.nt.ca/FMBS) for Main Estimates and Business Plans, and the Department of Finance Home Page (www.fin.gov.nt.ca) for the Budget Address.

LEGISLATIVE ASSEMBLY

This page intentionally left blank

VISION

The Legislative Assembly provides, within a framework of accepted democratic principles, an environment in which the elected representatives of the people of the Northwest Territories can, effectively, efficiently and to the best of their abilities, meet the needs and aspirations of residents, while taking into consideration the demographic diversity of the Northwest Territories.

MISSION

The Office of the Legislative Assembly supports the activities of the Members, both individually and collectively in their roles as legislators, as representatives of their constituents, within prescribed parliamentary functions, and in a wide array of other duties.

GOALS

The Legislative Assembly has the following goals over the planning period:

1. Legislative Assembly staff support elected Members in achieving their vision, priorities, strategies and goals ;
2. Public access to, and participation in the business of the Legislative Assembly is enhanced;
3. Looking ahead to meet the challenges of public government;
4. The values and traditions of all NWT cultures are respected and promoted;
5. NWT residents and other Canadians are familiar with the work of the Legislative Assembly.

STATUTORY OFFICERS

Activity Description

This activity provides for the independent operation of the following Statutory Officers: Languages Commissioner, Access to Information and Protection of Privacy Commissioner, Conflict of Interest Commissioner, Equal Pay Commissioner. All Commissioners must table an annual report to the Legislative Assembly detailing the activities undertaken and discharged during the preceding year.

The Languages Commissioner's duty is to ensure that institutions of the Legislative Assembly and GNWT respect the spirit, intent and provisions of the NWT Official Languages Act and the provisions of any other act or regulation relating to the status or use of official languages.

The Information and Privacy Commissioner provides an independent review of discretionary decisions made by public bodies in response to requests for access to information that government creates and receives. The Commissioner also protects the privacy rights of individuals.

The Conflict of Interest Commissioner provides advice to Members on how to arrange their business and financial affairs to comply with the conflict provisions included in Part 3 of the Legislative Assembly & Executive Council Act. The Commissioner also conducts investigations into conflict of interest complaints against Members as well as maintaining a public disclosure registry, which is available for examination by the general public.

The Equal Pay Commissioner is responsible for ensuring that public service employees are not, on the basis of sex, paid a lower rate than other employees who perform work of equal value. The Commissioner receives complaints, conducts investigations and assists parties in resolving complaints.

EXECUTIVE

EXECUTIVE

This page intentionally left blank

The Department of Executive provides support and advice to the Executive Council and its Committees.

The Department is composed of three separate and distinct programs under the authority of their own Ministers. The three Programs are:

- Executive Offices
- Financial Management Board Secretariat
- Aboriginal Affairs

Executive Offices provides overall direction, management and coordination to the Government of the Northwest Territories as a whole. The department provides policy, legislative, communications and strategic advice to Cabinet and the departments of the GNWT. The department also provides broad direction for the territorial public service and addresses national and international issues that have cross-departmental implications. The Executive Offices reviews all departmental initiatives to ensure that they support the government's agenda in a balanced manner and directs focus towards areas where that balance is not being achieved. The Executive Offices Program is managed by the Secretary to Cabinet/Deputy Minister of Executive and consists of the Commissioner's Office, the Ministers' Offices, Executive Offices, the Public Utilities Board and the Beaufort Delta Regional Office.

The Financial Management Board Secretariat, working together with departments, and under the direction of the Financial Management Board, is jointly responsible for the management and control of the financial, human, and information resources of the GNWT, ensuring that these resources are managed in an efficient, effective and economical manner. The Financial Management Board Secretariat is established under the direction of the Chairman of the Financial Management Board. The Financial Management Board Secretariat's core business is to attain a highly competent level of human, financial and information management throughout the GNWT and its Boards and Agencies. The Secretariat does this largely by providing of a comprehensive and effective framework of policies, processes and systems that are well understood and used by departments and agencies to achieve the effective, efficient and economic acquisition, custody and use of human, financial, knowledge and physical resources; provision of a comprehensive and relevant accountability framework and reporting system that meets internal and external user needs for decision making and evaluation relative to government and agency operations, performance and financial position; and provision of high quality and relevant advice to internal decision makers relative to the management of the government's human, financial, knowledge and physical resources.

The Ministry of Aboriginal Affairs is mandated to protect and promote the interests of the territorial government and the residents of the Northwest Territories through the negotiation and implementation of lands, resources and self government agreements including devolution and resource revenue sharing agreements; contributing to the political and constitutional development of the Northwest Territories; and the enhancement and maintenance of mutually beneficial working relations with the Aboriginal leadership. As well, the Ministry promotes positive and effective relationships with departments and regions, other governments and non-government organizations, and coordinates the governments' participation in the Intergovernmental Forum.

VISION

The vision of the Department of Executive is to contribute to governance within the Northwest Territories by providing superior service to Cabinet, sound advice to Departments and innovative, results-oriented leadership within the territorial public service.

The principles governing our actions and proposed changes are those set forth in the Government of the Northwest Territories' Business Plan, as well as the Department of the Executive's own Cabinet-approved principles.

Our principles:

- The interests, desires and aspirations of the residents of the Northwest Territories should be reflected in Government of the Northwest Territories legislation, policies, strategies, programs and services.
- Advice provided to Cabinet and its committees should be objective and timely, with a government-wide perspective.
- NWT residents should be fully informed of the public business of government.
- NWT residents deserve demonstrable accountability for the conduct of government.

MISSION

The mission of the Department of the Executive is to provide overall direction, management and coordination to the Government of the Northwest Territories as a whole.

The key areas for which we are responsible for achieving results in are:

- Coordination of the implementation of Cabinet direction across the NWT;
- Provision of objective and timely policy, strategic, legislative and protocol advice to support Cabinet;
- Provision of support and advice for northern political development initiatives and for government to government to government relationships;
- Promotion of the interests of NWT residents to the Canadian public and other governments;
- The support and promotion of effective corporate communications and communication about government's agenda, activities and initiatives to government employees, the public and other governments;
- Effective leadership, support and development of the territorial public service;
- Specialist support to departments in policy and legislation development, communications, strategic planning and human resources planning.

GOALS

The Department of Executive provides policy, legislative, communications and strategic advice to Cabinet and to the departments of the GNWT. The department also provides broad direction for the territorial public service and addresses national and international issues that have cross-departmental implications. These are critical functions, vital to meeting the overall goals of the government.

It is important to note, however, that the Department of Executive does not generally provide direct delivery of programs and services to the public for which indicators are readily identifiable. For this reason, quantifiable strategies are not always associated with the functions of the department and results, therefore, become difficult to measure.

GOALS continued

Consistent with the mission of the Department of Executive, the following goals are identified:

- 1) An appropriate balance in furthering all government priorities.
- 2) A stable territorial public service, representative of NWT society, that understands its role in meeting the government's agenda and has the support that enables it to do so.
- 3) Residents of the NWT who have sufficient knowledge about the government's agenda, activities and initiatives to be able to access and contribute to the development of the programs and services of government.
- 4) An informed Canadian public and governments in other jurisdictions that are cognizant of the interests, aspirations and needs of the NWT and its people.

COMMISSIONER'S OFFICE***Activity Description***

The Commissioner is appointed by the Privy Council of Canada on the advice of the Minister of Indian and Northern Affairs Canada. The Commissioner exercises a function similar to a Lieutenant-Governor. Sections 4 and 5 of the *Northwest Territories Act* prescribe the authority and responsibility of the Commissioner of the Northwest Territories.

Funding is provided for the Commissioner's operational expenses, travel and support staff and for the Commissioner's Award Program which recognizes individuals who distinguish themselves by acts of bravery or exceptional deeds of public service.

EXECUTIVE OFFICES

Activity Description

Executive Offices includes:

- **Office of the Secretary to Cabinet** – responsible for the management of the Department of Executive including the planning, administration and other functions necessary to further the Department's mandate. The Secretary to Cabinet is accountable to the Premier for the proper conduct of business of the Department.
- **Cabinet Secretariat Policy** – provides broad policy advice on priorities, strategies, policies and legislation to the Premier and Cabinet; and support for all Cabinet operation, including communicating, monitoring compliance with, and assisting (as required) in the implementation of, Cabinet direction.
- **Corporate Human Resource Services** – provides corporate human resource strategies, policy and planning frameworks and strategic support services across government to allow departments and boards to more effectively manage their human resources. It is responsible for the coordination of government-wide human resource management planning, policies, guidelines and practices, particularly in the areas of recruitment, retention, workforce adjustment, employee recognition, management/leadership development and employee development.
- **Corporate Communications and Protocol** – promotes an integrated corporate approach to improved government-wide communications. The Division works to improve the framework of policy and guidelines that direct and guide government communications and it communicates the agenda, goals, strategies and initiatives of the GNWT within government and to the public.
- **Intergovernmental Relations and Strategic Planning** - assists in the preparation of strategies to address territorial, national and international issues; advocates NWT and GNWT interests and priorities through relations with other governments and parties outside the NWT; and establishes, maintains and coordinates official contacts between the GNWT, federal, provincial, territorial and circumpolar governments and non-government organizations. The division also monitors and reports on progress made on advancing territorial priorities and strategies and assists with, or coordinates, the effective implementation of government-wide strategies as directed by Cabinet.
- **Corporate Services** - provides financial and human resource administrative support to the Department of Executive, Commissioner's Office, Financial Management Board Secretariat, Ministry of Aboriginal Affairs, NWT Public Utilities Board, and the Women's Advisory Program.
- **Legislation and House Planning** - provides policy advice on individual legislative initiatives to Cabinet as well as advice to the Government House Leader and Cabinet on the development of the government's legislative agenda as a whole. The division also provides policy and procedural advice to departments and government agencies on the development of legislative initiatives. Legislation and House Planning also provides a full range of administrative support services to Cabinet, Ministers' Offices and Departments during sessions of the Legislative Assembly.

PUBLIC UTILITIES BOARD

Activity Description

The Public Utilities Board is an independent regulatory agency responsible for the regulation of the energy utilities in the Northwest Territories. The Board derives its authority from the Public Utilities Act.

The main function of the Board is to protect the public interest by establishing utility rates that are just and reasonable to the consumer, while at the same time, allowing the utilities the opportunity to earn a fair rate of return.

BEAUFORT DELTA REGIONAL OFFICE***Activity Description***

The Beaufort Delta Regional Office is responsible for implementing Cabinet priorities and direction, coordinating GNWT program and service responsibilities in the region and transition planning at the regional level in preparation for the implementation of a final self-government agreement. The Director of Regional Operations functions as the senior GNWT representative in the Beaufort Delta Region and provides an initial point of contact for Aboriginal Land Claimant Groups, Community Governments, the GNWT (Departments, Boards, and Agencies) and the public. In addition, the Director of Regional operations acts as the senior GNWT official in the Beaufort Delta and represents the GNWT on regional issues requiring corporate and interdepartmental resolution. For Fiscal Year 2004 – 2005 the responsibilities of the Director of Regional Operations will be carried out by the Regional Superintendent, Department of Education, Culture and Employment.

VISION

The human, financial and information resources of the Government of the Northwest Territories are acquired and utilized efficiently, effectively and economically with integrity, and prudence, to achieve, communicate and report the government goals and results.

MISSION

The Financial Management Board Secretariat, working together with departments, and under the direction of the Financial Management Board, is jointly responsible for the management and control of the financial, human and information resources of the GNWT, ensuring that these resources are managed in an efficient, effective and economical manner.

GOALS

FMBS Goals:

1. A strong sustainable financial position.
2. A public service working in an environment of constructive labour/management relations with a compensation package that supports a northern workforce.
3. Effective management of the government's assets and liabilities (human, information, financial, and goods and services).
4. Public confidence in the prudence, integrity and accountability of the Government of the Northwest Territories.
5. Effective, efficient and economical management information systems support accountability by providing managers, decision-makers and the public with meaningful information,
6. Financially open and accountable government.
7. Government is organized for maximum efficiency.

CORE BUSINESS

The Government of the Northwest Territories, pursuant to the *Financial Administration Act*, establishes a Financial Management Board responsible for all matters related to the financial management and financial administration of the Government.

The *Public Service Act* assigns the responsibility for the management and direction of the public service to the responsible Minister who at this time is the Chairman of the Financial Management Board.

A Financial Management Board Secretariat is established under the direction of the Chairman of the Financial Management Board.

The Financial Management Board Secretariat's core business is to attain a highly competent level of human, financial and information management throughout the GNWT and its Boards and Agencies. The Secretariat does this largely by:

1. Providing of a comprehensive and effective framework of policies, processes and systems that are well understood and used by departments and agencies to achieve the effective, efficient and economic acquisition, custody and use of human, financial, knowledge and physical resources
2. Provision of a comprehensive and relevant accountability framework and reporting system that meets internal and external user needs for decision making and evaluation relative to government and agency operations, performance and financial position.
3. Provision of high quality and relevant advice to internal decision makers relative to the management of the government's human, financial, knowledge and physical resources.

Specifically, each of the Divisions of the FMB Secretariat support the core business as follows:

1. Budgeting and Evaluation

An effective and comprehensive business and capital planning system that is understood and relevant for departments, FMB and legislative committees

A comprehensive and relevant results measurement system and accountability framework that is used as an integral management decision-making tool and meets public demands for results reporting.

The provision of quality advice and support to FMB and departments that is valued and considered.

2. Labour Relations and Compensation Services

A competitive and affordable Compensation Policy and Structure that reflects the values and goals of the GNWT and makes a strong contribution to recruitment and retention success.

A comprehensive and clear framework of terms and conditions of employment and human resource management policies and procedures that are broadly used and understood and promote harmonious labour management relations, fair and consistent treatment of staff, productive work environments and high service and ethical standards within the public service.

The provision of compensation and benefits services to the public service that are timely, accurate, relevant, courteous and helpful.

The provision of human resource management information that is comprehensive, accurate, timely, and efficient that is relevant to and extensively used by management in planning and decision-making.

CORE BUSINESS (continued)

3. Government Accounting

The provision of financial management information that is comprehensive, accurate, timely, and efficient that is relevant to and extensively used by management in planning and decision-making.

The provision of accounts payable and receivable services and systems that are timely, accurate, relevant, courteous and helpful.

A comprehensive and clear framework of financial policies and procedures that promote probity and prudence and efficiency, economy and effectiveness is the acquisition, use and retirement of government resources that is widely understood, relevant to and applied by GNWT public servants.

The provision of timely, accurate, informative and relevant public accounts.

4. Audit Bureau

The provision of audit services and advice that address the achievement of value for money in government operations, compliance with authorities, adequate internal controls and risk management approaches, and computerized systems integrity and security.

The provision of investigative services to detect, confirm and address internal occurrences of fraudulent acts.

5. CIO Office

An effective, comprehensive and current strategy for the development, management and utilization of the GNWT's information resources in a manner that supports both the GNWT's strategic business goals and operational needs.

An effective and comprehensive information management/information systems/information technology planning process that supports the strategy and is understood and relevant for departments, FMB and legislative committees.

Coordination for information management/information systems/information technology initiatives that span multiple departments and the identification of opportunities for collaboration.

Provision of quality advice and support to the Informatics Policy Committee and departments that is valued and considered.

VISION

The Ministry's vision is a workable and affordable system of governance in the Northwest Territories that clarifies, respects and protects both collective rights of Aboriginal people and the individual rights of all residents. The Ministry of Aboriginal Affairs pursues this vision by leading the Government of the Northwest Territories' participation in lands, resources and self-government negotiations and co-ordinating the implementation of final agreements. The Ministry also contributes to the territorial government's political and constitutional development of the Northwest Territories and national Aboriginal affairs, through coordinating the support for the Intergovernmental Forum and leading the Government of the Northwest Territories' participation in devolution and resource revenue sharing negotiations.

MISSION

The Ministry of Aboriginal Affairs is responsible for achieving results in the following areas:

1. Negotiating and implementing lands, resources, self-government, devolution and resource revenue sharing agreements expediently yet without compromising effectiveness and integrity;
2. The management and monitoring of settled lands, resources and self-government agreements;
3. Contributing to mutually beneficial, working relations with the Aboriginal governments and leadership, as well as with the provincial, territorial and federal governments; and
4. Contributing to the political and constitutional development of the Northwest Territories.

GOALS

The Ministry of Aboriginal Affairs wants to achieve:

1. The successful conclusion of outstanding lands, resources and self-government as well as devolution and resource revenue sharing agreements, which will provide for continued improvement and stabilization of the political, social and economic environment;
2. The implementation of lands and resources, self-government, devolution and resource revenue sharing agreements in a manner that maintains an adequate level and quality of programs and services for all residents;
3. A system of government, which has wide support of its citizens, in the Northwest Territories;
4. The enhancement and the maintenance of mutually beneficial working relationships with Aboriginal governments and leadership;
5. All governments in the Northwest Territories working together cooperatively through an ongoing process, such as the Intergovernmental Forum; and
6. Government is organized to ensure an effective working relationship between regional and headquarters' operations, elected leaders, Aboriginal governments and the public.

ABORIGINAL AFFAIRS

Activity Description

The Ministry of Aboriginal Affairs is a central agency that supports the Minister Responsible for Aboriginal Affairs and the Executive Council. The core activities of the Ministry are to manage and coordinate GNWT participation at lands, resources and self-government negotiations including implementation plans, and related financing negotiations; to manage and coordinate devolution and resource revenue sharing negotiations; to provide strategic advice on political/constitutional development and national and territorial Aboriginal relations; and promoting and maintaining positive and effective relationships with departments and with regions, other governments and non-government organizations. The Ministry is organized into six functional units:

- Directorate – In addition to general administration, financial, and human resource management support to the Ministry and management responsibilities, it leads the Deputy Ministers' Committee on Aboriginal Rights; administers the grants and contributions program; promotes and maintains general Aboriginal relations; and promotes National Aboriginal Day celebrations.
- Policy and Communications – This division is responsible for providing quality policy advice, information and assistance to the Minister in all aspects of the Ministry's mission; developing the negotiating instructions and mandates necessary to negotiate lands, resources and self-government agreements and accompanying implementation plans; for providing support to the Deputy Ministers' Committee on Aboriginal Rights, and co-ordinating advice to the Minister on the political and constitutional development process; and in the Communications section for recommending, developing and implementing communication policies, strategies, frameworks and systems within the Ministry.
- Negotiations - This division is responsible for managing the GNWT participation and representing the GNWT interest in the negotiation of lands, resources and self-government agreements. Self-government negotiations involve matters such as programs, services, jurisdictions and resources currently held by the Government of the Northwest Territories. Lands and resources negotiations focus on land selection; hunting, fishing and trapping rights; cash compensation; and economic benefits.
- Implementation - This division is responsible for the negotiation of implementation plans and manages and monitors the implementation of settled lands, resources and self-government agreements.
- Intergovernmental Forum Secretariat – This division is responsible for GNWT co-ordination in Aboriginal, territorial and federal government discussions on pan-territorial issues such as economic development, capacity building and financing governments. The Ministry also works to enhance communications within regions and between regions and Headquarters and to work with regions to prepare for changes to the delivery of government programs and services in advance of new governance arrangements being negotiated.
- Devolution - This division is responsible for managing the GNWT participation and representing the GNWT interest in the negotiations of devolution and resource revenue sharing agreements.

VISION

The Department of Finance will be the recognized leader in obtaining the financial resources necessary to establish and maintain a viable Northwest Territories.

MISSION

The mission of the Department of Finance is to foster an environment for stable, effective and efficient government in the Northwest Territories and to manage the Government's fiscal, financial and regulatory programs by:

1. Acquiring and managing the necessary financial resources to ensure delivery of programs and services to residents in an affordable and sustainable manner.
2. Maintaining a stable, fair and equitable taxation environment, meeting the needs of individuals and businesses.
3. Providing the highest quality statistical information to the satisfaction of clients.
4. Regulating the insurance industry and liquor sales, distribution and consumption to contribute to the well-being of communities and residents.

GOALS

The Department of Finance, for the most part, provides support to the executive branch and to program departments, rather than delivering programs and services directly to the public. However, the department, through its responsibilities for revenue generation and management, and information gathering and dissemination, plays an important role in ensuring that the GNWT is able to deliver the programs and to make the informed decisions necessary to achieve the goals it has set for itself. The goals of the Department of Finance are:

1. The fiscal regime of the Northwest Territories supports a stable political environment and a strong economy.
2. The Government has the fiscal and statistical information and analysis necessary to support policy development and decision-making, particularly for key social and economic initiatives.
3. The Department of Finance is more responsive to client needs.

TREASURY***Activity Description***

Treasury is responsible for managing the government's cash position; conducting the government's banking, borrowing and investing activities; providing related advisory and cash management services and protecting government activities and assets from risk of loss by means of insurance coverage and risk management activities.

Treasury is also responsible for the licensing and regulation of insurance companies, agents, brokers and adjusters operating in the Northwest Territories through the Office of the Superintendent of Insurance as well as administering legislated tax programs by collecting taxes owing and by issuing and controlling a system of permits and collection agreements. Treasury responds to taxpayer inquiries, provides taxation revenue analysis, maintains a database of taxpayer information and participates in inter-jurisdictional exchange agreements to minimize tax evasion.

FISCAL POLICY***Activity Description***

Fiscal Policy is responsible for developing policies and providing research, analysis, and recommendations on the fiscal policies of the government; monitoring economic conditions as they affect the government's fiscal policy; providing analysis and advice on Canadian and NWT tax policies; monitoring and advising on intergovernmental fiscal relations, in particular, the Formula Financing Agreement with Canada; providing input into multi-year fiscal plans; and preparing the annual budget address. The division also provides technical support for the Minister and Deputy Minister of Finance in federal-provincial-territorial discussions, and represents the Government on intergovernmental Finance committees.

Liquor Commission Revolving Fund

The Liquor Revolving Fund was established under the Liquor Act and provides working capital to finance the operations of the Liquor Licensing Board and the Liquor Commission. The Liquor Licensing Board is responsible for the issuance of all types of liquor permits and for the enforcement of liquor-related regulations and restrictions. The Liquor Commission is responsible for the purchase, warehousing, distribution and sale of all alcoholic beverages in the Northwest Territories. Both the Board and Commission are funded by the sale of alcoholic beverages.

MUNICIPAL AND COMMUNITY AFFAIRS

This page intentionally left blank

VISION

Capable, accountable and self-directed community governments providing a safe, sustainable and healthy environment for community residents.

MISSION

The Department of Municipal and Community Affairs, together with community governments and other partners, is responsible for supporting community residents to organize and manage democratic, responsible and accountable community governments. The Department also safeguards the health and well-being of Northwest Territories residents by:

- Promoting sport and recreation
- Promoting the development of youth
- Ensuring compliance with safety standards
- Coordinating the emergency services, and
- Protecting consumer rights.

GOALS

The GNWT has recognized the need to strengthen and develop community governments so that they become sustainable and self reliant in the long term. This creates the need to provide community governments with a level of autonomy that ensures control over their economic, social, and political future.

To support this vision and mission, the Department of Municipal and Community Affairs has set the following seven goals for the 2004-2007 planning period:

1. Increase community government authority and responsibility through implementing changes to legislation and monitoring funding arrangements.
2. Develop the abilities of communities, their government councils and employees so that they can manage increasing authorities and responsibilities.
3. Strengthen land management at the local and territorial levels.
4. Support and facilitate the development of new forms of community and regional governance that are effective and affordable through self-government agreements.
5. Ensure that essential municipal services are available on an equitable basis, and ensure a safe, healthy and attractive environment for all NWT residents.
6. Improve the health and well being of NWT residents through increased participation in recreation, sport, volunteer and youth activities.
7. Develop strong effective collaborative relationships with key partners, including community governments, Aboriginal governments, the Government of Canada, industry, the private sector and non-government organizations in order to make progress on shared interests.

DIRECTORATE***Activity Description***

The Directorate includes the Deputy Minister's Office and the Corporate Affairs Division. The Directorate coordinates the development and the implementation of the Department's strategies with the senior management team and links the Department's activity to the goals of the Minister and Government.

Corporate Affairs coordinates planning and reporting activities for the Department, provides expert financial, policy, information systems and human resources advice and manages many administrative services. The Policy and Planning unit provides strategic planning, legislative, research and policy support to the Minister and Deputy Minister and supports many Departmental information and communications activities. The unit administers consumer, lottery and business licensing legislation, responds to consumer complaints and provides consumer education. The Policy and Planning unit is also responsible for administering the property assessment appeals process. The Human Resources unit manages services such as staffing, affirmative action initiatives, and employee recognition programs and benefits administration. The Information Systems unit supports the Department by providing expert advice on department-specific computer applications. The Financial Services unit provides financial and administrative support to the Department and coordinates services such as the development and monitoring of departmental business plans and annual budgets.

EMERGENCY SERVICES***Activity Description***

The Emergency Services Division is responsible for the Emergency Measures Organization and the Office of the Fire Marshal. The Division also works in partnership with the RCMP and Regional Operations to deliver search and rescue training and public education programs in emergency preparedness, fire safety and search and rescue.

The Emergency Measures Organization (EMO) is responsible for developing GNWT emergency response plans, coordinating GNWT emergency operations at the territorial and regional levels, supporting communities in the preparation of emergency response plans and responding to emergencies and administering disaster assistance programs. EMO also conducts exercises to test emergency plans.

The Office of the Fire Marshal (OFM) administers the *Fire Prevention Act* and its *Regulations*. The OFM sets training standards, fire fighter training, public education and fire prevention programs. The OFM reviews plans for new construction and major renovation projects, conducts fire safety inspections and takes enforcement action when fire safety regulations are contravened.

COMMUNITY GOVERNANCE

Activity Description

The Community Governance division, including regional and headquarters positions, coordinates the Department's involvement in the negotiation and implementation of Aboriginal Land Claims and Self Government processes. The division provides advice on community governance development, including legislative assistance, at the request of community governments, and processes bylaws requiring Ministerial or Executive Council approval. The Chief Municipal Electoral Officer provides advice and support related to community government elections.

LANDS AND INFRASTRUCTURE ADMINISTRATION***Activity Description***

The Lands and Infrastructure Administration Division manages land leases and property assessment services on behalf of community governments. The Lands section manages Commissioner's Land in accordance with the *Commissioner's Land Act* and *Territorial Lands Act* and prepares land disposition documents. The Surveys and Mapping unit contracts for legal surveys on Commissioner's Land and manages community air photo/mapping programs. The Property Assessment and Community Planning unit administers the assessment portion of the *Property Assessment and Taxation Act*, conducts property assessments and produces Certified Assessment Rolls. It also supports planners in regional offices by reviewing subdivision plans, community plans and zoning by-laws. The Infrastructure Planning and Support unit coordinates capital planning and infrastructure support to regional offices and community governments. The Division also implements the Capital Area Plan and provides advice about the environmental protection of Commissioner's Land.

SPORT, RECREATION AND YOUTH

Activity Description

The Division provides advice and assistance with recreation and sport programs and represents the GNWT in its partnership with the Sport North Federation, the Aboriginal Sport Circle of the Western Arctic and the NWT Recreation and Parks Association. The Division also coordinates volunteer recognition programs and assists with the promotion of volunteerism.

The Youth Secretariat within the Division was established to assist the Minister Responsible for Youth to promote youth initiatives and act as a first point of contact for youth issues within the GNWT.

REGIONAL OPERATIONS***Activity Description***

Regional Offices are responsible for the delivery of many of the Department's programs and services to community governments. Regional staff assist community governments with budgeting, debt recovery, financial reporting and other activities to support the use of sound financial management practices. They also assist communities with capital planning and the operation and maintenance of community infrastructure and equipment. Assistant Fire Marshals participate in training activities, local inspections and investigations. Governance advisors in Regional Offices represent the Department at self-government negotiations and provide advice and support to community governments on a range of issues. Regional community development and recreation staff assist with local recreation, sport and youth programs. They also provide leadership for community capacity-building initiatives. Regional staff assist community governments with community planning activities and administer leases for Commissioner's Lands.

SCHOOL OF COMMUNITY GOVERNMENT***Activity Description***

The School of Community Government supports community government capacity-building by designing training and development opportunities in the areas of governance, management, public safety and operations. The School provides an integrated approach to community government capacity-building programs in partnership with the GNWT and federal government departments, Aboriginal and other territorial organizations. Training programs offered by the School include:

- Governance;
- Political development and leadership;
- Community management;
- Community finance and administration;
- Community land management;
- Public safety;
- Works and works management;
- Information and communication technology;
- Fire protection;
- Emergency services;
- Search and rescue; and
- Recreational facility operations.

PUBLIC WORKS AND SERVICES

PUBLIC WORKS AND SERVICES

This page intentionally left blank

VISION

The Department of Public Works and Services is an essential partner in the achievement of government goals through the provision of high quality services, expert support and innovative leadership in:

- Asset management
- Computer systems and communications
- Procurement
- Records management
- Community water supply
- Community fuel provision
- Telecommunications regulation
- Electrical and mechanical safety

MISSION

The Department of Public Works and Services mission is to deliver quality services to satisfy the needs of its clients, while achieving the best value for government, communities, business and residents.

GOALS

1. Protection of life and property is achieved through the enforcement of the provisions of electrical, gas, boiler and pressure vessel legislation.
2. Protection of life is achieved through the provision of core expertise in water treatment to support the delivery of community water services.
3. Basic community needs for heating and transportation fuels are met through the safe and reliable provision of fuel services.
4. Effective leadership and support are provided for the management of government facilities.
5. Effective and efficient communication and information technology services are provided to support delivery of government programs and services.
6. Territorial interests are effectively promoted during telecommunication regulatory proceedings.
7. Effective leadership and support are provided for management of government records.

DIRECTORATE

Activity Description

The Directorate includes the Deputy Minister's office and Corporate Services Division at Headquarters. In the regions, the Directorate includes the Superintendent and the Finance and Administrative Services section. The Directorate is responsible for the senior management of the department, including effectively managing human and financial resources and providing overall direction and planning. Activities in the Directorate include financial administration, policy and planning, human resources functions, information technology, and regional program delivery. Records management for the GNWT is another task in the PWS Directorate.

The Directorate co-ordinates activities in support of the GNWT's priorities and department's goals, and maintains effective communication with department staff as well as with other departments, governments, the private sector, and aboriginal and other interest groups.

ASSET MANAGEMENT

Activity Description

The Asset Management activity is responsible for the planning, design, construction, operation and maintenance of buildings and works throughout the Northwest Territories on behalf of government departments. Regional offices manage the delivery of maintenance and construction services, ensuring that client needs are met and facility lifetime costs are minimized. Headquarters supports the regions by providing facility programming, technical expertise for program and design standards, facility evaluations, granular materials planning and coordination, procurement support, and coordination of safe drinking water initiatives.

Inspection Services is responsible for the administration and regulation of electrical, elevator, boiler, pressure vessel and gas safety. This task protects the public in these areas by ensuring that all installations are constructed, all equipment is approved, and all workers are certified in accordance with the various codes and NWT Acts.

This activity also includes the planning, acquisition and management of general office space for the GNWT, including leases, and the disposal of the GNWT's surplus real property assets.

PETROLEUM PRODUCTS

Activity Description

The Petroleum Products activity purchases, transports, and stores the annual requirements for petroleum products in NWT communities not served by the private sector. The products are then sold to residents of the communities through local contractors, who are paid a commission.

The Petroleum Products Division (PPD) has its administrative headquarters in Fort Simpson, with responsibilities for credit, invoicing, collections and financial planning. Regional Operations oversees PPD functions in the communities and manages local delivery contractors. The PPD Operations task determines resupply quantities, provides quality control, capital standards and planning, as well as environmental management.

Note: The above leases do not include capital leases. In the event a lease is deemed to be a capital lease the associated asset is included in tangible capital assets and amortized over the useful life of the asset; and the lease is recorded as a financial liability.

SYSTEMS & COMMUNICATIONS (CHARGEBACK)

The Systems and Communications division is responsible for providing centralized mainframe processing to departments. The division maintains and supports a Wide Area Network that provides connectivity to GNWT offices, schools and health centres in all communities, enabling access to remote servers and mainframes within the government and to the Internet. Systems and Communications also manages the GNWT's corporate electronic mail system and internet web site.

Petroleum Products Revolving Fund

The Petroleum Products Revolving Fund was established January 19, 1973. The fund provides working capital to finance inventory, accounts receivable and operating expenses, such as salaries, commissions, taxes and quality control, required for the distribution of petroleum products. Operating expenses are recovered through the price structure to achieve a break-even operation.

VISION

The Department's vision, which was developed in collaboration with the Health and Social Services' Authorities/Boards, is:

Our children will be born healthy and raised in a safe family and community environment which supports them in leading long, productive and happy lives.

MISSION

The purpose of the Department is:

To promote, protect and provide for the health and well-being of the people of the Northwest Territories.

GOALS

Departmental goals developed to support the Vision and Mission statements are:

1. Improve the health status of people in the NWT.
2. Improve social and environmental conditions for people in the NWT.
3. Improve integration and coordination of health and social services, including services by government, non-government agencies, and private and volunteer sectors.
4. Develop more responsive, responsible and effective methods of delivering and managing services.

DIRECTORATE***Activity Description***

Under authority of the Minister, the Directorate provides leadership and direction to the Department and administrative services for Department operations, leadership and direction to the health and social services system and support to the Minister.

As such, the Directorate is responsible for setting a system-wide framework for planning, governance, program and service development and resource allocation. This includes legislation, regulation and policy development, strategic communications, and trustee training and orientation. Department and Authority priorities must respond to relevant health and social issues and reflect priorities set by the government. They must also reflect the direction set by the Legislative Assembly and the Minister and support the effective delivery of programs and services.

Support, leadership and direction are also provided to the Department and to the Authorities in the areas of financial management and control, contributions and capital assets.

Health and social trends are monitored, and the effectiveness of public health programs and services is evaluated. Health and Social Service Authority operations are monitored and evaluated, and accountability frameworks are developed to assist with planning and operational issues.

The Department, in consultation with its partners, sets common goals, priorities and strategic direction for the territorial system. The Department also participates on a national level in setting agendas for health and social issues.

PROGRAM DELIVERY SUPPORT***Activity Description***

To ensure effective program and service delivery across the system, a number of program delivery supports are required. The Department provides Territory-wide assistance, including recruitment and training, maintaining territorial disease registries, and implementing and setting a system-wide framework for information systems technology.

Administrative functions at the authority level allow the management and administration of programs, services and personnel in the regions. Health insurance is also administered at both the Authority and Department level, to ensure eligible northerners receive the appropriate insured and non-insured services.

In addition to managing health benefits, the Territorial Services Division is responsible for physician negotiations, vital statistics registration, acute and long-term care planning, support to collaborative service networks and coordination of southern placements.

The Population Health Division is responsible for Public Health and Disease Registries, and the Director of this Division also holds the statutory appointment of Chief Medical Health Officer.

HEALTH SERVICES PROGRAMS***Activity Description***

Health and Social Service Authorities provide services including inpatient and outpatient care, public health and chronic care to eligible Northerners. Funding is provided for primary, secondary and emergency care through health centres and hospitals located throughout the NWT. Pursuant to the *Hospital Insurance and Health and Social Services Administration Act (HIHSSA)*, Health and Social Services Authorities operate and manage health facilities, programs and services.

In addition, the Department administers health services provided to Northerners in facilities outside the NWT.

SUPPLEMENTARY HEALTH PROGRAMS

Activity Description

The Department provides Supplementary Health Benefits in accordance with policy. Benefits are in addition to the NWT Health Insurance program, are provided to eligible residents and include prescription drugs, appliances, supplies, prostheses, and certain medical travel expenses. Additional benefits are provided for residents with specific conditions, seniors, indigent and Métis. In the Fort Smith Region GNWT employee Medical Travel Assistance is also administered for all Departments.

COMMUNITY HEALTH PROGRAMS

Activity Description

Community Health Programs are delivered outside health facilities and include institutional care, continuing care services, counseling, intervention and health promotion.

Children receive particular attention under departmental programming. Through the Early Childhood Development Initiative, programs and resources for screening, support for child development, as well as family and community support are developed and delivered in communities. In addition, a broad range of prevention, assessment, intervention, counseling and treatment programs and services to children and families are administered, in compliance with the Adoption Act and the Child and Family Services Act.

Funding is also provided for adult needs. Funding flows directly to Authorities and health care and social service providers to provide community programs and services to eligible NWT residents for promotion, prevention, assessment, treatment, rehabilitation and assisted living services. Services to address emotional and social problems, as well as emergency shelter services are provided. As well, in accordance with legislation and policy, the Department responds to the needs of persons requiring assisted decision-making through the Office of the Public Guardian.

In keeping with strategic directions of the Department, an emphasis is placed on health promotion. This service provides resources and professional assistance to community-based programs that encourage healthy lifestyles and healthy children.

Children's Services - Funding for Authorities that provide services to eligible Northwest Territories residents in the area of Foster Care. Children's Services is responsible for ensuring the protection of children and youth from abuse, neglect or harm through the investigation of reports by delegated staff throughout the Territories. Care and guardianship responsibilities are undertaken for all children who are through consent or court order in the care of the Director of Child and Family Services - this is done through foster care and supportive living programs (residential care).				
- Foster Care	5,921	5,624	5,625	6,080
- Residential Care	2,720	2,717	2,502	2,430
Residential Care - (Adult Services) - Funding for Authorities that provide services to eligible Northwest Territories residents in the areas of Residential Care - Elderly & Persons with Disabilities. Funding is for long term care facilities, including group homes and residential care, inside and outside the NWT. The goal is to enable individuals with special living requirements to stay in their homes as long as possible. In accordance with legislation and policy, the Department maintains the ability to respond to the needs of persons requiring assisted decision-making through the Office of the Public Guardian.	13,425	13,046	12,857	10,561

JUSTICE

JUSTICE

This page intentionally left blank

VISION

Our vision is a Northwest Territories (NWT) where residents have a justice system that meets their needs, protects their rights and reflects their cultures and values. Communities are safe, levels of crime are reduced and residents play a meaningful role in the administration of justice. Offenders receive the support that they need to change their behavior and where victims of crime play a meaningful role in both community initiatives and the criminal justice system.

MISSION

Our Mission is to serve the residents of the NWT by:

- Working with community members so that communities are safe and secure;
- Ensuring that all residents have access to the courts, alternatives to the courts and other justice related services;
- Providing quality legal services to the Government of the Northwest Territories (GNWT) and its agencies;
- Protecting the rights and freedoms of individuals and groups; and
- Promoting respect for the law and the Constitution of Canada.

GOALS

1. To increase the capacity and role of communities to address justice issues.
2. To provide programs, safe and secure custody and community supervision that supports the rehabilitation of offenders.
3. To support victims of crime so that they have a meaningful role in the justice system.
4. To ensure access to justice for all residents.
5. To promote safe communities.

LAW ENFORCEMENT

Activity Description

Policing services are contracted to the Royal Canadian Mounted Police (RCMP) through an agreement between the Government of the Northwest Territories and the Solicitor General of Canada.

There are also cost sharing programs with the Solicitor General of Canada with respect to the First Nations policing in support of aboriginal participation of the policing in their communities.

An agreement exists with the Solicitor General of Canada to cost share DNA testing and analysis.

LEGAL AID SERVICES***Activity Description***

The Legal Services Board is established under the *Legal Services Act*. It is responsible for ensuring that all eligible persons in the Northwest Territories receive legal services. The Board follows prescribed guidelines in determining applicants eligibility for criminal and civil legal services.

The Board is responsible for overseeing the operations of regional clinics. The clinics provide legal aid services, court worker and paralegal services, and public legal education and information in their respective regions. The Beaufort Delta Clinic is funded through a contribution. The remainder of N.W.T. is serviced through a clinic under the direction of the Board.

COMMUNITY JUSTICE AND CORRECTIONS***Activity Description***

Community Justice and Corrections is comprised of two divisions: Community Justice and Corrections.

In Corrections Division the following tasks are administered:

- Adult Facilities - providing safe custody and detention for adults
- Young Offender Facilities - providing safe custody and detention for young offenders
- Community Corrections - probation and parole
- Open Custody and Custodial Placements - includes wilderness camps
- Corrections administration
- Culturally relevant programs are provided in the facilities in support of rehabilitation.

The Community Justice Division has the responsibility to provide community justice development, including the promotion and establishment of programs to prevent crime within the communities through greater community participation and control. The division provides communities with contribution funding to enable the direct control and development of community-based projects. The *Victims of Crime Act* is administered in this division. There is also contribution funding available to support initiatives for Victims of Crime.

NWT HOUSING CORPORATION

This page intentionally left blank

VISION

The Northwest Territories Housing Corporation is committed to working in partnership with communities and Aboriginal groups to facilitate improved housing conditions, increased employment and business development opportunities and assist them to become more directly and broadly responsible for their own housing choices and decisions in both the market and social housing sector. By working together, all community residents are provided with opportunities for homes that support a healthy, secure, independent and dignified lifestyle.

MISSION

The Northwest Territories Housing Corporation, in partnership with all NWT residents and community organizations, is responsible for the provision of adequate, suitable and affordable housing. Through the fulfillment of this responsibility, the Northwest Territories Housing Corporation contributes to the well-being of NWT residents and the development of a healthy NWT housing industry. Our mission is achieved by providing support to communities in the areas of technical research and services, financial support, information sharing, training and economic development.

GOALS

The long-term goals for the Northwest Territories Housing Corporation support the GNWT's goals.

1. Improved housing conditions for low and moderate income households in the NWT.
2. Develop community-based public training and program supports for residents that promote personal responsibility for their own housing.
3. Build northern capacity by improving the system of social housing to become more flexible and responsive to the needs of the people of the NWT.
4. Assist with increasing the supply of private housing across the NWT and provide support to the Housing Industry.

NWT HOUSING CORPORATION

Activity Description

The Northwest Territories Housing Corporation provides public rental housing, homeownership, repair, independent housing and seniors' housing programs and related services to residents of the Northwest Territories. Local Housing Organizations, municipalities and bands, in partnership with the Corporation, deliver the rental programs in 26 communities. The contributions to the Corporation are the Territorial Government's share only. The Corporation receives additional funding through contributions provided through Canada Mortgage and Housing Corporation, tenant rentals and other income as disclosed in the following information items.

EXECUTIVE

Activity Description

The Executive provides overall management direction and administrative support to the Corporation and its community and government partners in housing across the NWT. Its mandate covers strategic planning, policy development and operational guidelines on Corporate matters for the Minister Responsible for the Northwest Territories Housing Corporation and for the Executive Council (Cabinet). As well, it ensures that the delivery of housing programs and services to residents of the NWT is in accordance to the Social Housing Agreement with Canada Mortgage and Housing Corporation.

DISTRICT OPERATIONS

Activity Description

The Districts support communities in program and service delivery. District offices work with Local Housing Organizations (LHOs) and individual clients to achieve the best mix of programs and approaches to meet their needs. They ensure that LHOs get the best available support and ensure that programs are being delivered to appropriate standards through monitoring and assessment. Administrative, financial, and technical (trades) assistance and instruction is also provided to LHOs.

EDUCATION, CULTURE AND EMPLOYMENT

This page intentionally left blank

VISION

The Department of Education, Culture and Employment's (ECE) vision for learning was first described in "People: Our Focus for the Future – A Strategy to 2010":

- A community where every child grows up knowing who they are and where everyone in the community has a strong sense of belonging based on learning which is founded on their culture, language and heritage.
- A community where people respect learning as a means to provide shelter, to feed and clothe themselves, to maintain their health, to live with a sense of dignity and to respect and live in harmony with the land and with members of their community.
- A community where people value learning whether it is on the land, in the classroom, in the community, from elders and family members or in the workplace, and where they have opportunities at every stage of their lives to learn how to survive, mature and contribute to an ever advancing civilization.
- A community where people accept personal responsibility for their learning and their children's learning, where they work together to develop their own vision for learning in the community and continually nurture it, and where they develop and deliver those programs and services to ensure this vision is translated into action.
- A community that has a strong identity within the larger world and that has the ability to take advantage of all aspects of technology to communicate and share learning with communities throughout the world.
- A community that gives its youth the skills they need to compete for jobs in their community and in the world; that knows, however big or small, it is part of the global village, and is committed to lifelong learning.

MISSION

The mission of the Minister and Department of Education, Culture and Employment is to invest in and provide for the development of the people of the Northwest Territories, enabling them to reach their full potential, to lead fulfilled lives and to contribute to a strong and prosperous society.

GOALS

1. Communities reflecting the culture, heritage and language of Northern people
2. An integrated early childhood system supporting better beginnings for children
3. Healthy schools fostering students' development and success
4. Life-long learning opportunities for residents of every NWT community
5. A comprehensive system of programs and services that maximize Northerners' participation in their communities and the Northern economy

DIRECTORATE AND ADMINISTRATION

Activity Description

The Directorate and Administration Branch provides overall management, planning, communications and administrative support to the Department and its partners in education across the NWT. The Branch operates under the direction of the Deputy Minister who recommends goals, objectives, and standards for the Department to the Minister.

The Directorate provides leadership, management, planning, and public relations for the Department and its boards and agencies.

Policy and Planning guides the development and review of departmental legislation and policies, briefings, decision-making documents, strategic planning, results reporting, program evaluation and human resource management services.

Management Services provides financial, budget, capital planning, and records management support to the Department. The Division is also responsible for providing the technological infrastructure and systems to support ECE programs.

ADVANCED EDUCATION AND CAREERS

Activity Description

The Advanced Education and Careers Branch provides a range of programs and services related to career development, employment preparation and training, income support, and college and continuing education. The Branch also plays a major role in coordinating partnerships with other departments and organizations working in related areas, and provides support for regions, organizations, and industry in their efforts to participate in the delivery of appropriate programs.

College and Career Development provides support to northerners in developing and implementing career and educational plans through post-secondary, career education, training and employment programs and services. Key initiatives include the literacy and northern research strategies, teacher education, nurse training, career development, labour force development and maximizing northern employment. The Branch works closely with industry and Aurora College in the areas of apprenticeship training, trades, and occupational certification, and works in partnership with other GNWT departments in maximizing northern employment.

Program areas:

- Colleges
- Adult Basic Education/Literacy
- Apprenticeship, Trades and Occupations
- Career & Employment Development

Income Support Programs provide financial support for individuals and their families in ways that recognize the importance of family and community in promoting self-reliance. Assistance is available through a range of programs intended to support basic needs, including the specific needs of students, seniors and child care users. These programs help people make productive choices based on their own efforts, abilities and health, from opportunities presented through education, training, work, and community healing.

Program areas:

- Income Assistance
- Student Financial Assistance

Regional Operations are responsible for managing the Career Centres, located in regional centres and area offices. These centres deliver career and employment development, income support, and early childhood programs for ECE.

EDUCATION AND CULTURE

Activity Description

The Education and Culture Branch is responsible for the delivery of programs and support for early childhood development, K-12 education, official languages, culture and arts, heritage and museums, public libraries, and distance learning.

Early Childhood and School Services is responsible for the development, implementation and review of K-12 curriculum and resources, and the advancement of strategies for educational programming, culture-based education, and student support. The Division helps build regional and school capacity to deliver education programs through in-service training and teacher resources, and also provides financial and developmental support to early childhood programs. Key initiatives include support for language programming for school children, culture based education development, school improvement projects, and program alternatives for senior secondary students.

Program areas:

- Instructional and Support Services (K-12 school program)
- Aboriginal Culture and Language (K-12 school program)
- Early Childhood Services

Education Operations and Development supports, monitors and reviews the operation, progress, and development of education bodies in the delivery of K-12 education. The Division is also responsible for the certification of teachers/principals, the maintenance of student records, the diploma exam program and public library services. The Division provides direct support to teachers through the Teachers Qualification Service and the Professional Improvement Fund, and by assisting with recruitment and retention. Key initiatives include teacher mentorship, leadership training for principals, and the increased availability of senior secondary courses through online learning.

Program areas:

- Education Operations and Development
- Schools
- NWTTA Professional Improvement
- Library Services

Culture, Heritage and Languages is responsible for preserving, promoting and enhancing the arts, the cultural heritage and the official languages of the NWT through the management of the territorial museum and NWT Archives, archaeology, geographic names and education extension programs, French translation services, promotion of indigenous languages, support to aboriginal broadcasters, and support for the Arts Council and community, culture and heritage organizations. Programs are delivered in partnerships with other agencies and by funding individuals and organizations. Key initiatives include working with the Aboriginal language communities to support the acquisition and maintenance of Aboriginal languages, working with departments, boards and agencies on implementation of responsibilities under the Official Languages Act, and the development of a northern arts strategy.

Program areas:

- Culture and Heritage
- Language Services

Note:

1. The above information has not been finalized and is pending review of enrolments and other funding requirements.
2. Contributions are calculated on a school year basis. The fiscal year of all education authorities matches the school year of July 1 – June 30.
3. Yellowknife District No. 1 Education Authority includes funding for K'alemi Dene School in Ndilo.
4. Private Schools/Other include Montessori, Koinonia Christian School and the Western Arctic Leadership Program.

COLLEGE PROGRAMS

Aurora College delivers adult and post-secondary education programs under the direction of the Minister and Department of Education, Culture and Employment. The Board of Governors of the College is responsible for the effective delivery of programs and services, including the establishment of academic and operational policies, direction of financial operations, monitoring and evaluation of programs, and recommendations to the Minister on priorities for college program activities.

Aurora College delivers education programs designed specifically for the needs of the northern labour force and economy. Courses are offered in diploma and certificate programs, trades, technical programs and certified occupations, as well as upgrading programs that enable students to access post-secondary education and training. The College also delivers programs on a contractual basis with employers, Aboriginal groups, and government departments and agencies.

Through the Aurora Research Institute, the College coordinates science, technology and northern research activities, in cooperation with the business and scientific communities.

The College operates primarily with funds received through an annual contribution from the Department as approved by the Legislative Assembly. Contributions to the College are calculated on the academic year, which runs from July 1 to June 30.

COLLEGE FUNDING ALLOCATION

(Thousands of dollars)

	2004/2005 Academic Year	2003/2004 Revised Academic Year
Aurora College		
Base Operation	4,641	4,339
Campus Delivery	8,015	7,521
Community Delivery	3,552	3,348
Service Adjustment	2,634	2,578
Building and Works	7,091	6,791
Developmental	425	425
Total College Contributions	26,358	25,002

Notes:

1. The above information has not been finalized with the College. Adjustments to budgets will be made based upon the approved program and services proposal for 2004-2005.

2. Glossary:

Base Operations - minimum service level for administration of head office, campuses and student services

Campus Delivery - courses and programs offered at regional campuses

Community Delivery - programs and services offered through community learning and program centres

Service Adjustment - for regional cost differences and to enhance service levels at specific locations

Building and Works - college facilities, equipment and utilities

Developmental - development of new programs to address specific GNWT priorities

3. Contributions to the College are calculated on an academic year basis. The fiscal year of the College matches the academic year of July 1 - June 30.

TRANSPORTATION

VISION

The Department of Transportation envisions an integrated transportation system in the Northwest Territories that meets the needs and aspirations of northern residents by providing:

1. Safe, secure, affordable, reliable and accessible personal mobility;
2. A higher standard of living for the territory and its communities through more efficient and lower cost movement of freight; and
3. Sustained economic growth and prosperity by developing better access to the territory's renewable and non-renewable natural resources.

MISSION

Our Mission is to provide for the safe, secure, accessible and reliable movement of people and goods to serve the social and economic needs and aspirations of the people of the Northwest Territories.

The Department accomplishes its Mission through eight main activities:

1. AIRPORTS

The Department operates 27 community airports in the Northwest Territories. On behalf of Nav Canada, it operates Community Aerodrome Radio Stations (CARS) at 17 airports.

2. HIGHWAYS

The Department maintains 2,200 km of all-weather highways and 1,425 km of seasonal winter roads.

3. FERRIES

The Department provides ferry services at five river crossings where territorial all-weather highways traverse waterways.

4. ROAD LICENSING & SAFETY

The Department establishes and enforces the Acts, Regulations and Safety Codes that apply to drivers and motor vehicles operating in the Northwest Territories.

5. COMMUNITY LOCAL ACCESS ROADS

The Department contributes financial assistance for building locally owned roads and trails to points of interest, recreational and renewable resources harvesting areas.

6. COMMUNITY MARINE INFRASTRUCTURE

The Department provides financial and technical assistance to communities for the construction of breakwaters, docks and wharves in support of subsistence marine harvesting and recreational boating.

7. TRANSPORTATION SAFETY

In addition to its regulatory responsibilities for transportation safety, the Department delivers public education programs, in conjunction with the federal government and other GNWT Departments, on transportation safety, such as the Strategy to Reduce Impaired Driving and Occupant Restraint Campaigns.

MISSION continued

8. CORPORATE SERVICES

The department establishes and utilizes corporate support and procedures in the areas of finance, human resources, contract management and information management to ensure the effective delivery of all departmental programs and services.

GOALS

The Department of Transportation has five goals that support the achievement of the Government's vision for the future of the Northwest Territories.

1. Improved territorial transportation system,
2. Increased Northern business and employment opportunities in the public and private transportation sectors,
3. A safer territorial transportation system in all modes,
4. Improved organizational effectiveness, and
5. Improved environmental sustainability.

AIRPORTS

Activity Description

The purpose of the Airports Program is to provide airport facilities and services and to encourage and support the provision of regular, safe, cost-effective and reliable air services. The department is responsible for the maintenance, operation, rehabilitation and upgrading of airports.

The Department operates 27 airports in the Northwest Territories, of which one is a Gateway hub, (Yellowknife), two are Regional hubs, (Norman Wells and Inuvik), and the remaining 24 are community airports. On behalf of Nav Canada, it operates Community Aerodrome Radio Stations (CARS) at 17 airports. Connected with the Airports Program, the Department maintains a close watch over air transportation legislation, regulation and policy activities of other governments, overall trends in air transportation safety, costs, infrastructure technology development/change and opportunities for partnership to finance the improvement of airport infrastructure.

There are four areas of program support:

- Management
- Infrastructure
- Program Development
- Operations

HIGHWAYS

Activity Description

The purpose of the Highways Program is to provide highway facilities and to encourage and support the provision of safe, reliable and cost-effective inter-community travel and road transportation services. The department is responsible for maintenance, rehabilitation and upgrading highway facilities.

The Department maintains 2,200 kilometres of all-weather highways and 1,425 kilometres of seasonal winter roads. Connected with the Highways Program, the Department monitors trends in highway transportation safety, costs, and technology. The Department actively seeks partnership opportunities with other governments and industry to finance the development of new highway infrastructure and to finance enhanced operations.

There are four areas of program support:

- Management
- Infrastructure
- Winter Roads
- Operations

ROAD LICENSING AND SAFETY

Activity Description

The purpose of the Road Licensing & Safety Program is to protect public safety and the environment by supporting the safe operation of motor vehicles in the NWT.

The Department is responsible for testing, registration and inspection of drivers and vehicles. The Department establishes and enforces the Acts, Regulations and Safety Codes that apply to drivers and motor vehicles including commercial motor carriers using territorial highways. The Department researches options to generate funds to support highway development. Connected with the Road Licensing & Safety Program, the Department maintains a close watch over highway transportation legislation, regulation and policy activities of other governments; overall trends in highway transportation safety; technology development and change; and, opportunities for partnership with other governments and industry in regulatory harmonization and implementation.

There are three areas of program support:

- Management
- Carrier & Inspection Programs
- Driver & Vehicle Licensing Programs

**RESOURCES, WILDLIFE AND
ECONOMIC DEVELOPMENT**

VISION

Our children will inherit a secure future which provides: a healthy environment and which balances traditional lifestyles with a modern economy; a prosperous and diverse economy built on the strengths of our people and the wise use and conscientious protection of our natural resources and one which attracts investment and provides communities and individuals with opportunities to be productive and self-reliant.

MISSION

The Department of Resources, Wildlife and Economic Development (RWED), together with Aboriginal governments, the private sector and communities, is responsible for achieving acceptable results in the following areas:

- the economy of the Northwest Territories (NWT), employment and incomes;
- the condition and quality of the environment and the sustainability of natural resources;
- investment, capital formation, exports, import substitution and confidence in the investment climate; and
- community acceptance of responsibility for the condition of the economy and environment.

In its pursuit of this mission the Department is solely responsible for achieving acceptable results in the following areas:

- quality of advice, assistance and information to the Minister (legislation, regulations, enforcement, etc.);
- quality of advice, assistance and information to clients in resource management, economic development, resource inventories and the environment;
- fairness of disbursement of grants, contributions and loans;
- client satisfaction with the Department and its services;
- Aboriginal satisfaction that traditional knowledge and values are respected in Departmental decisions;
- influence on decisions of governments, departments and agencies in areas affecting the economy and the environment;
- revenue from resources and economic development;
- costs and cost effectiveness;
- condition of Departmental finances and assets; and
- compliance with laws and legal agreements.

GOALS

1. To create a diversified NWT economy that maintains the economic and social benefits derived from natural resource development for present and future generations of NWT residents.
2. To increase/foster economic and social benefits for NWT residents by assisting in the creation, development and expansion of non-renewable resource, trade and goods producing industries.
3. To increase/foster economic and social benefits for NWT residents by assisting in the creation, development and expansion of employment and business opportunities in tourism, the traditional economy and commercial renewable resource development.
4. To ensure that an effective balance is created and maintained between the development and value-added production of natural resources and the conservation and protection of the environment for future generations of NWT residents.

GOALS continued

5. To ensure that the naturally high quality of our land, air and waters is maintained through sound environmental and energy management.
6. To structure and manage headquarters and regional operations within the Department to maximize efficiency and effectiveness in responding to client needs.

CORPORATE MANAGEMENT

Activity Description

The Corporate Management activity consists of Directorate, Policy, Legislation and Communications, and Corporate Services (Finance, Human Resources and Information Services).

Directorate includes the Deputy Minister, the Assistant Deputy Minister - Operations and the Assistant Deputy Minister -Resources and Economic Development and is responsible for overall direction and coordination of departmental programs. The Directorate also is responsible for the Mackenzie Valley Project, Industrial Initiatives, Compliance and the Energy Secretariat.

Policy, Legislation and Communications provides policy, legislative and strategic planning, and communications support to enable the department to respond effectively to environmental and resource management issues of concern to the Northwest Territories.

Corporate Services provides financial management and administrative services to the department. This includes providing services in budget development and control, authorizing financial transactions and financial reporting. Human Resources provides staffing services to the department and administers the affirmative action and in-service training programs. This function is also responsible for providing senior management with up-to-date personnel information, makes recommendations regarding human resource issues and develops and monitors systems and procedures. Informatics provides access to remote sensing and geographic information systems and coordinates and compiles data bases for the public and private sector. It also provides computer services to the department including computer literacy training, daily support for hardware and software problems, local area networks, wide area networks, systems analysis and liaison with system providers.

ENVIRONMENTAL PROTECTION SERVICES

Activity Description

This activity consists of Program Management, Environmental Protection and Energy Management.

Program Management is responsible for the planning, coordination, administration and management of divisional resources and programs.

Environmental Protection provides information and programs in the areas of air quality, hazardous substances, waste management and impact analysis. Includes initiatives and programs designed to reduce the impact of man's activities on the North's natural environment. Program areas include air quality, hazardous substances and waste management, and environmental impact analysis including monitoring and regulating activities that may impact the environment as well as education.

Energy Management is responsible for the development of energy efficiency and conservation programs with a community focus and include promoting energy awareness, encouraging the use of energy efficient technologies, development of alternative local energy sources, and community energy planning.

RESOURCE MANAGEMENT & ECONOMIC DEVELOPMENT

This activity consists of Investment and Economic Analysis, the NWT Business Credit Corporation, the NWT Development Corporation, Wildlife and Fisheries, Minerals, Oil and Gas, Parks and Tourism, and Diamond Projects.

Investment and Economic Analysis provides expert advice, coordination and support to a number of sectors including business, arts and crafts, trade and investment, manufacturing and marketing, and acts as a link to national and international businesses and organizations. The Division also provides support to the NWT Business Credit Corporation and the Development Corporation and makes recommendations concerning their planning and operations.

The NWT Business Credit Corporation was established to stimulate economic development and employment in the North by making loans to business enterprises, guaranteeing loans made by financial institutions to businesses, and providing bonds to resident business enterprises. It is responsible for making business development loans to higher risk entrepreneurial ventures where conventional lending institutions are not prepared to participate.

The NWT Development Corporation was established to: create employment and income for Northerners; stimulate growth of businesses in the North; and promote economic diversification and stability. The Corporation pursues these goals by investing in and establishing business enterprises, particularly in smaller communities, where the prospects for profit are weak but where employment dividends are high.

Wildlife and Fisheries is responsible for maintaining productive populations of all native wildlife in their natural habitats, encouraging the wise use of wildlife populations within the limits of sustainable yield and encouraging the active participation of northern, residents in the management of wildlife resources. In addition to assistance programs that are designed to support the hunting and trapping economy, support is provided to resource user organizations to enable them to become more involved in wildlife management. Wildlife and Fisheries is also responsible for developing plans and programs for the sustainable development of the fisheries resource including the administration of the sport fishery.

Minerals, Oil and Gas participates in developing and coordinating plans for the transfer of provincial-type responsibilities from DIAND to the GNWT with respect to oil, gas and mineral resources. It also participates in developing strategies to increase economic benefits from resource development to NWT residents and businesses and works with communities and other government departments and agencies to identify and realize opportunities from resource extraction activities in the North.

Parks and Tourism provides for the development, operation and maintenance of public tourism facilities such as parks, visitor centres, interpretive displays, and promotional signs. It also supports strategic tourism development by providing guidance and resources to the NWT Arctic Tourism Association.

Diamond Projects is responsible for addressing the need for developing diamond value added industries in the NWT including sorting, cutting, polishing, grading, jewelry manufacturing, and marketing. The Division coordinates development, review, evaluation and assessment of proposals, and develops programs to address: access to diamonds, development of a skilled work force, taxation issues, availability of financing, regulation of the new industry (trade), the need for an efficient polished distribution system and an effective marketing of polished diamonds and diamond products, and security.

FOREST MANAGEMENT

Activity Description

The Forest Management Division is responsible for the sustainable management of NWT's forest resources and providing the means required to meet the challenges relative to forest fire response within the NWT.

This activity consists of Program Management, Fire Suppression and Forest Resources.

Program Management provides common services in support of divisional programs on an integrated basis for forest management initiatives at the Regional and Territorial level. Included are financial management and administrative services for the division, management of regulatory processes, forest management policy and legislation development and implementation, telecommunications and materiel management. Community Protection Planning is also within this task.

Presuppression, established as a separate component of Program Management, ensures preparedness for forest fire management. Presuppression involves fire management activities in advance of fire occurrence. Activities are related to the organization, training, and management of a fire fighting force. Also included are the procurement, maintenance and inspection of improvements, equipment, and supplies and information to ensure the GNWT is in a position to respond effectively to forest fires. It includes fire operations, aviation services, fire science and communications.

Fire Suppression is responsible for providing resources to respond to forest fires within the NWT. Fire Suppression is concerned with protection of people, property and forested areas from wildfire. Fire response is carried out in accordance with the NWT Forest Fire Management Policy. Forest fire management programs are carried out in a manner that considers environmental, social and economic criteria affecting the residents of forested areas.

Forest Resources is responsible for the sustainable management and administration of the forest resources of the NWT. Forest inventories are carried out to provide information on the state of the forest resource, forest productivity and forest ecosystems. Forest health is monitored through surveys. The data collected supports planning, monitoring, environmental assessment, as well as development of a viable and environmentally sustainable forest industry. Best practices and standards are established to ensure forest operations and other industrial activity are planned and carried out in a sustainable and environmentally acceptable way. Reforestation standards are developed and implemented in support of sustainable development of forest resources.

LEASE COMMITMENTS - INFRASTRUCTURE

(thousands of dollars)

Type of Property	Community	2004/2005		Future Lease Payments
		Main	Estimates	
Transmitter Site (NUP)	Yellowknife		3	18
Forestry Office	Lutsel K'e		36	456
Ren Res Office	Lutsel K'e		11	19
Ren Res Office	Ft. Providence		3	34
Office Warehouse	Ft. Smith		345	1,035
Office	Hay River Reseve		114	1,317
Office	Inuvik		54	175
Visitors Centre	Inuvik		17	243
			<u>583</u>	<u>3,297</u>

Note: The above leases do not include capital leases. In the event a lease is deemed to be a capital lease the associated asset is included in tangible capital assets and amortized over the useful life of the asset; and the lease is recorded as a financial liability.

Fur Marketing Service Revolving Fund

Purpose: To provide working capital for the operation of a fur advance system. Trappers receive interest free advances on fur sent to southern auction houses. More than 1,000 trappers take advantage of this program.

(thousands of dollars)

	2004/2005 Main Estimates	2003/2004 Revised Estimates	2003/2004 Main Estimates	2002/2003 Actuals
Authorized Limit	900	900	900	900
Operating Results:				
Opening Accounts Receivable	381	18	103	127
Advances to Trappers	355	593	90	25
Repayment of Fur Account Loans	(290)	(230)	(120)	(134)
Closing Accounts Receivable (Note 1 & 2)	446	381	73	18

Notes:

1) Some fur remains unsold at auction for extended periods. The spring sale proceeds which are received after fiscal year end pay off most of the remaining advances from the season's trapping.

2) In the past, direct recovery from individual trappers was necessary if the fur sold for less than the advance amount. In 2003-2004 the Department revised the fur program so that prices are guaranteed to the trapper. The trapper will still receive any excess receipts over the advance, but is no longer responsible for any deficit on the sale. This change is reflected in the 2003-2004 Revised Main Estimates.

GLOSSARY

GLOSSARY

Activity	A division of a Program.
Accumulated Amortization	The total to date of the periodic amortization charges relating to tangible capital assets since they were placed in use.
Amortization	The systematic process of allocating the cost of capital assets to expense for the periods in which they provide benefits. For the purpose of tangible capital asset accounting in the GNWT, amortization is calculated using the straight-line method, which assumes that an equal benefit is received in each year of the asset's estimated useful life. This term is used interchangeably with depreciation and is generally understood to mean the same thing.
Appropriation	A budget approved by the Legislative Assembly that permits obligations to be incurred and expenditures to be made. Appropriations are usually made for fixed amounts and are typically for a period of one year.
Capital Assets in Service	Assets currently being used in the production or supply of goods, delivery of services or program outputs.
Budget	An estimate of proposed expenditures for a given period and the proposed means (revenue estimates) of financing those expenditures.
Capital Asset	Property of a relatively permanent nature used in the operations of the government, and not intended for sale. Capital assets will have a useful life that extends over more than one fiscal period.
Capital Expenditures	An outlay of government resources, normally not of a recurring or continuing nature, for the purchase or construction of a capital asset, or an outlay which increases the expected useful life of an existing capital asset.
Capital Projects	Projects established for the purchase or construction of capital assets. Typically a capital project encompasses a purchase of land or equipment and/or the construction of a building or other facility.
Capital Recovery	Receipt from a second or third party for the acquisition or construction of a capital asset by the Government of the Northwest Territories.
Contribution	A conditional transfer of appropriated funds to a public agency, community government or other organization that is accountable to the government for the use of the funds and fulfillment of the objectives for which the funding is provided.
Control Object	Appropriations for operations expense are further broken down into control objects. The control objects are as follows: <ul style="list-style-type: none">• Compensation and Benefits• Grants and Contributions• Other Expenses• Amortization Expense

GLOSSARY

Department	Organizational entity established by Cabinet to deliver programs and services within a specified mandate.
Departmental Overview	A summary of the vision, mission and goals of a government department.
Disposals	Voluntary (through sale, exchange, etc.) or involuntary (through damage or theft) disposal of capital assets. Upon disposal, the net book value of the asset is removed from the accounts.
Estimates	The estimated expenditures, to be approved by the Legislative Assembly, and forecasted revenues, for all government departments.
Expenditure	Funds paid or payable to acquire goods and services, consumed in Government operations or an investment in capital assets.
Financial Management Board	The Financial Management Board is a committee of the Executive Council, consisting of all members of the Executive Council, that is responsible for the financial management and administration of the Government of the Northwest Territories.
Fiscal Year	A consecutive twelve-month period designated as the reporting year of a government or organization. The Government of the Northwest Territories' fiscal year starts April 1 and ends March 31 of the following calendar year.
Goal	A high-level statement of the desired outcome of government activities to be achieved over an unspecified period of time.
Grant	An unconditional transfer of appropriated funds to a public agency, group or organization for which the recipient is, with the exception of meeting the eligibility criteria for the grant, not accountable to the government.
Infrastructure	The permanent facilities and organization structure in place for the purpose of delivering government programs.
Net Book Value	The cost of a tangible capital asset, less both accumulated amortization and the amount of any write-down.
Position	A job description established within the public service. The term "active positions" includes positions that are occupied, or that are temporarily vacant but will be staffed.
Program	The term used in the Government's Financial Information System to describe a department of the GNWT.
Public Agency	A statutory body or territorial corporation specified in Schedule A or B of the Financial Administration Act.
Regions	Geographical sub-divisions of the Northwest Territories for administrative purposes.

GLOSSARY**Tangible Capital Asset**

A non-financial asset of physical substance that is purchased, constructed, developed or otherwise acquired and has the following characteristics:

- It is held for use in the production or supply of goods, delivery of services or program outputs;
- It has a useful life extending beyond one fiscal year and is intended to be used on a continuing basis; and
- It is not intended for resale in the ordinary course of operations.
- The major categories of tangible capital assets are:
 - Land (other than land acquired at no cost to the government)
 - Roads and Bridges
 - Ferries
 - Airstrips and Aprons
 - Buildings
 - Water and Sewer Works
 - Leasehold Improvements
 - Mobile and Heavy Equipment
 - Other Major Equipment
 - Major Medical Equipment

Vote

A specific segregation of spending authority into a broad category according to intended use such as operations expenses or capital investment authority.

Work in Progress

Records the value of capital assets under development or construction and not yet substantially complete or in service.

Budget Development Process

Budget Development Process

INTRODUCTION

Commencing with the 1996-97 fiscal year, the Government of the Northwest Territories has used a comprehensive three-year business planning approach which guides the development of the Main Estimates. Business planning is a process used by many governments and other organizations to provide a link between strategic planning and resource allocation. Generally, business plans flow from an organization's longer-term strategic plan, but deal with a shorter time frame, propose further information on implementation, and include details on resource allocation.

The Main Estimates reflect the Government of the Northwest Territories' plan of action for the upcoming fiscal year. Specifically, they represent all anticipated expenditures and all anticipated revenues for the fiscal year which commences April 1.

The Main Estimates seek appropriation authority for the fiscal year which begins April 1. The Budget Address, presented by the Minister of Finance at the time of presentation of the Main Estimates, is an integral part of the total budget package. In addition, the Government's Business Plans are tabled in the Legislative Assembly at the time of the Budget Speech and tabling of the Main Estimates.

Many individuals and organizations, both from within the government and from the public have been consulted during the planning and development stages of the budget process. However, the exact content of the Main Estimates is not public until tabled in the Legislative Assembly by the Minister of Finance. Traditionally, the budget presentation process prevents special interest advantages being obtained through advance information on government fiscal initiatives.

PROCESS

The Main Estimates process consists of several phases:

1. *Fiscal Strategy development.*
2. *Multi-year Business Plan development and review.*
3. *Main Estimates development process.*
4. *Budget Address development.*
5. *Presentation to the Legislative Assembly.*
6. *Preparation and entry of budgets into the Financial Information System.*

During the course of any given fiscal year, there are three other processes that are used to monitor and adjust the budget:

7. *Variance Reporting - Monitoring of Expenditures and Revenues against Budgets.*
8. *Supplementary Estimates.*
9. *Results Reporting.*

Budget Development Process

1. *Fiscal Strategy Development*

Under the direction of the Minister of Finance, the Financial Management Board Secretariat prepares a multi-year fiscal framework. The framework is an overview of the projected financial position of the government based on a set of assumptions about revenues, expenditures, and federal transfer payments.

In the development of a fiscal strategy, the framework is used as a modeling tool to project the fiscal position of the government, assuming current policies and trends are maintained, as well as alternate positions based on various policy changes, new policies and new initiatives. This allows the Financial Management Board and Cabinet to assess whether the current mix of expenditures and taxes are appropriate. If the mix cannot be sustained, or change is desired for policy reasons, it allows for an evaluation of alternatives in expenditures, taxation, and borrowing.

Based on the government's current financial position, program objectives and the fiscal alternative chosen, targets for each department are approved by the Financial Management Board and instructions are issued to departments for the development of multi-year business plans.

2. *Multi-year Business Plan Development and Review*

The multi-year business planning approach links strategic planning with resource allocation. The business planning process includes setting goals, developing strategies to achieve the goals, and establishing targets and outcome measures. The Executive Council approves a multi-year Business Plan which sets goals and strategic priorities for the government. The departmental business plans are developed to support the overall Government's goals. As part of the process, departments identify the challenges and pressures confronting them, and map out how to meet those challenges within available resources. Business Plans identify key strategies that each department will implement to achieve its goals, and also identify outcome measures and targets to be achieved.

Multi-year business plans focus on two areas of expenditure:

a) Operations Expense

Departmental planning targets are established by the Financial Management Board. Individual departments develop and document projections of forced expenditure growth in existing programs on the basis of demographics or utilization trends, possible expenditure reductions, required service level increases and other anticipated changes for each departmental program. This is done in accordance with Financial Management Board instructions.

New or expanded programs are justified in relation to government priorities, policy directives, and/or changes to industrial norms or national standards.

Departmental multi-year business plans are submitted for review, analysis, and compilation by the Financial Management Board Secretariat and Cabinet Secretariat before presentation to the Financial Management Board and Cabinet. They are then referred to Legislative Standing Committees for review.

b) Infrastructure Acquisitions

Commencing with the 2002-2003 Main Estimates, the Government adopted a revised capital planning process. The capital planning process provides for one capital investment target with all Departmental projects competing for the available funding. The result is that projects are prioritized on a government wide basis versus a departmental basis.

Budget Development Process

To address the immediate concerns about community consultations for the upcoming 2004-2005 capital planning process, the Financial Management Board approved a revised approach to the community consultation process. The revised approach aims to meet the following objectives:

1. The Government will meet with each NWT community to explain the capital planning process and consult with each community government on their capital needs.
2. The consultation process will include explanations on: fiscal capacity to address needs; allocation of resources to capital investment; and the application of the priority criteria along with the political and other influences.
3. Direct feedback will be provided to the community governments, including minutes of each consultation meeting; feedback on inclusion or exclusion of community projects; and a follow-up meeting to explain the capital plan and the disposition of their capital projects.
4. Eliminate the need for an annual Premier's letter.

The results from community consultations are taken into consideration in the development of the initial capital needs assessments completed by departments. Projects included in the first five years of the needs assessment are then rated against a common set of criteria.

The rating of the proposed Infrastructure projects and the available funding are taken into consideration in developing a preliminary five-year Infrastructure acquisition plan. The preliminary five-year plan is first reviewed by a Deputy Ministers Steering Committee and secondly by the Financial Management Board prior to a review by Standing Committees and the final approval when presented in the Main Estimates to the Legislative Assembly. Changes to the five-year plan can be affected through any of the reviews prior to final approval.

Draft Multi-Year Business Plans are reviewed by the Financial Management Board and then released to the Legislative Assembly for review by Standing Committees. Standing Committee comments and recommendations are considered by the Government in finalizing the Business Plans and preparing the Main Estimates.

3. *Main Estimates Development Process*

Once the multi-year business plans and infrastructure acquisition plan have been reviewed by Standing Committees, departments proceed to prepare their annual estimates.

There is a minimum level of detail required in the development of the Main Estimates; departments may budget at more detailed levels, for internal purposes, as deemed necessary. Each department is responsible for the development of their budget. In this development a minimum level of detail is established which will meet the requirements of the Main Estimates and provide for the budget to be loaded into the Financial Information System.

The Financial Management Board Secretariat coordinates all department information to produce the Main Estimates and is responsible for coordinating the input of the budget into the Financial Information System once it is approved by the Legislative Assembly.

The Main Estimates are reviewed by the Financial Management Board Secretariat for uniformity, consistency of presentation and adherence to targets and guidelines. The Financial Management Board then approves the Draft Main Estimates for forwarding to the Legislative Assembly Standing Committees for their review prior to the commencement of the Budget Session.

The Standing Committees meet prior to the Main Estimates being presented to the Legislative Assembly, to review the draft Main Estimates for the upcoming fiscal year. These meetings are not open to the public. Each department will appear before their respective Standing Committee to introduce their Main Estimates and address any issues raised by the Members.

The Committees review the budget and prepare a report for presentation to the Legislative Assembly.

Budget Development Process

4. ***Budget Address Development***

Under the direction of the Minister of Finance, the Department of Finance drafts the text of the budget address.

The budget address includes an outline of current trends and anticipated developments and identifies the government plan of action, related to its established strategies and priorities, for the upcoming fiscal year.

In addition, the address highlights or announces new tax and program initiatives and their expected impacts on the economy and government revenues or expenditures.

5. ***Presentation to the Legislative Assembly***

a) **Standing Committees on Accountability and Oversight, Governance and Economic Development, and Social Programs**

The Standing Committees meet prior to the Main Estimates being presented to the Legislative Assembly, to review the draft Main Estimates for the upcoming fiscal year. These meetings are not open to the public. Each Government Department will appear before the respective Standing Committee to introduce their Main Estimates and address any issues raised by the members.

The Committees review the budget and prepare a report for presentation to the Legislative Assembly when the Main Estimates are introduced in the House.

b) **Legislative Assembly**

Following the presentation of the Budget Address to the Legislative Assembly by the Minister of Finance, the Main Estimates are released to Members of the Legislative Assembly, the general public, and the media. After the Legislative Assembly has completed its review, the Appropriation Act is approved by the Assembly.

6. ***Preparation and Entry of Approved Budgets into the Financial Information System***

The departments are required to provide the detailed data and coding structure, in a format established by the Financial Management Board Secretariat, for entry of the budget into the Financial Information System.

This function of budget entry consists primarily of the distribution of the annual budget by months. A number of computer-assisted tools are available to departments for this purpose (e.g. historical records, budget year payroll patterns).

The monthly budget flows are reviewed by the Financial Management Board Secretariat and budget totals are confirmed against the amounts approved by the Legislative Assembly before transference to the Financial Information System.

The actual transfer is completely automated and is organized so that departmental budgets are in place on April 1.

7. ***Variance Reporting - Monitoring of Expenditures and Revenues against Budgets***

During the course of the year, the Financial Information System produces monthly reports comparing year-to-date revenues and expenditures to the year-to-date budget.

Departments must formally respond monthly to the Financial Management Board on the status of their expenditures and revenues-to-date, as compared to budget, and provide projections to year end.

Budget Development Process

The Financial Information System is fully automated and exercises absolute control at the Vote/Department/Regional level. The system will not allow further expenditures by a department if the expenditure will cause the department to exceed its budget. At the activity level, the system issues a warning when an activity budget is about to be exceeded.

In the capital process, this absolute system control extends to the capital project level. A formal project variance/status review is conducted by the Financial Management Board, quarterly, on a schedule that relates to critical stages of the capital expenditure process.

The variance information and revised year-end projections, obtained through the expenditure and revenue monitoring mechanisms, are used during the year to monitor actual performance against the Government's fiscal framework and anticipate requirements for supplementary appropriations.

8. *Supplementary Estimates*

During the course of any given year, increases may be required to a department's spending authority. This is accomplished by way of Supplementary Estimates. They are presented to the Legislative Assembly, for approval, during regular sittings of the House.

In emergency situations, the Financial Management Board may recommend a Special Warrant to the Commissioner for advanced spending authority, to allow a department to respond quickly to a new or unforeseen need that meets the criteria of an emergency as defined by the Financial Administration Act. The Special Warrant is included in a subsequent Supplementary Estimate.

Upon approval of Supplementary Estimates by the Legislative Assembly, budget entries are prepared and entered into the Financial Information System.

9. *Results Reporting*

All departments establish performance measurement systems to monitor both the administrative outputs and the broader outcomes of their programs and services. In addition, departments publish key outcomes, measures and targets in their multi-year Business Plans. At the end of each fiscal year, the Financial Management Board Secretariat co-ordinates the development of a departmental report to the Legislative Assembly on results achieved during the year, with specific reference to the outcomes and measures in the Business Plan.

The report "Toward Improved Accountability" relates the departmental goals and strategies to the Government-wide goals as well as reporting the results achieved and how the department measured up against the targets included in the Business Plans. The report also includes a series of Government-wide measures mainly comprised of statistical information which illustrates how the Northwest Territories compares to other jurisdiction
