Budget Process of the Government of the Northwest Territories	B-1

INTRODUCTION

The Main Estimates represent the Government of the Northwest Territories' proposed appropriations for the 2007-2008 fiscal year. The Estimates detail all expenditures projected to be incurred, all revenues projected to be earned and the projected level of capital investment, for the period April 1, 2007 to March 31, 2008, in order to implement strategies and achieve the goals of the Government.

The 2007-2008 Budget Address is an integral part of these Estimates. The Budget Address and the Main Estimates together constitute the budget of the Northwest Territories.

The Legislative Assembly is being requested to appropriate funds at the departmental level, as detailed in the Main Estimates, for operations and capital investment expenditures for the fiscal year ending March 31, 2008.

The 2007-2008 Main Estimates are presented in two separate volumes, Operations Expenditures and Infrastructure Investment Expenditures.

Volume 1 - Operations Expenditures

Operations Expenditures include only the proposed operating expenses and amortization for each department.

The following detailed information is provided for each department:

- **Accounting Structure Chart:** detail on how the department's financial accounts are organized.
- **Organizational Chart:** details how the department is organized for administrative purposes.
- **Department Overview:** includes the mission and goals of the department.
- **Graphs:** illustrate the allocation of proposed expenditures to major activities and a five-year comparison of actual and proposed expenditures.
- **Department Summary:** the following information is provided for each department:
 - **Operations Expenditure Summary:** the total appropriation requirements by control object for the department. The control objects included are compensation and benefits, grants and contributions, other expenses and amortization. This schedule also provides further details of the other expenses category.
 - **Active Position Summary – By Region:** the total number of positions, by category, serving the department in each region.
 - **Active Position Summary – Community Allocation:** the total number of positions, by category, serving the department by community groupings
 - **Revenue Summary.**
- **Activity Summary:** the following are provided for each activity;
 - **Activity Description:** an explanation of the purpose or programs delivered for each activity.
 - **Operations Expenditure Summary:** appropriation requirements for the activity summarized by major categories (control objects).
 - **Program Delivery Details:** details of appropriations required for each of the major program functions within each activity. This schedule is not provided for those activities that only provide administrative service to the department.

INTRODUCTION (continued)

- **Grants and Contributions:** details on the proposed grants and contributions included in the required appropriations for each activity.
- **Summary of Active Positions - By Region:** the total number of positions, by category, serving the activity in each region.
- **Summary of Active Positions – Community Allocation:** the total number of positions, by category, serving the activity by community groupings.
- **Summary of Work Performed on Behalf of Others:** the Government undertakes to perform certain functions, in the Northwest Territories, on behalf of the Government of Canada or others. Expenditures incurred for these activities are fully recovered and are not required to be voted on by the Legislative Assembly.
- **Other Information Items:** includes proposed departmental expenditures or financial activities related to various boards, agencies or revolving funds.

Volume 2 - Infrastructure Investment Expenditures

This volume of the Estimates provides a summary, by department and activity, of how much the Government is planning to invest in infrastructure assets during 2007-2008. The government-wide Infrastructure Acquisition Plan is included in the summary section of this volume. In addition, a separate departmental plan is included with each activity that has planned infrastructure investment expenditures in the 2007-08 fiscal period.

The Infrastructure Acquisition Plan includes projected infrastructure investment for a three year period. The infrastructure investment authority is being requested only for the 2007-2008 year. Prior Years' Costs and Future Years' Anticipated Costs are shown only for those infrastructure projects that are considered multiple year projects and for which an amount is included in the 2007-2008 Estimates. It should be clarified that the amount of infrastructure investment planned for 2007-2008 will not usually compare to the cost of infrastructure assets coming into service in 2007-2008. The assets coming into service during the year will include costs expended on those projects in prior years and included in prior years' work-in-progress. This calculation is shown in the Infrastructure Investment Summary for each department summary and activity summary.

Infrastructure Investment Summary

An infrastructure investment summary is provided for all departments and/or activities that have assets currently in service, regardless of whether any infrastructure is planned during 2007-08. The infrastructure investment summary provides the following information:

- The total historical cost of capital assets in service acquired in previous years and the total net book value of these assets. The net book value represents that portion of the original cost that has not been amortized. This should not be construed as being representative of market value.
- The changes that are projected to occur during the year. This includes the total cost of assets expected to be put into service during the year and any estimated disposals during the year.
- The estimated amortization expense for the year, based on assets in service at the beginning of the year adjusted for additions or disposals during the year.
- Work-in-Progress is the cost expended on capital projects that will be incomplete at the end of the year.
- A calculation of the value of the assets the department is projecting to come into service.

INTRODUCTION (continued)

For further clarification on terms used in the Main Estimates and the budget development process, please consult the Glossary in Appendix A and The Budget Development Process in Appendix B.

The 2007-2008 Main Estimates and Budget Address are available on the Net through the GNWT Home Page (www.gov.nt.ca) or through the Financial Management Board Secretariat Home Page (www.gov.nt.ca/FMBS) for Main Estimates and Business Plans, and the Department of Finance Home Page (www.fin.gov.nt.ca) for the Budget Address.

LEGISLATIVE ASSEMBLY

This page intentionally left blank

MISSION

To safeguard and promote the principles of consensus government and the institution of the Legislative Assembly in order to foster an empowered and representative government that is relevant and accountable to the people of the Northwest Territories.

GOALS

The office of the Legislative Assembly has the following goals over the planning period:

1. Provide the opportunity for meaningful input from all Members and the general public in the passage of laws.
2. The government is authorized to expend public monies in pursuit of clearly defined program and service delivery goals and objectives on behalf of the residents of the NWT.
3. Elected Members of the Legislative Assembly are assisted in achieving their vision for the Northwest Territories, as expressed in "The 15th Legislative Assembly's Vision and Goals document".
4. Ensure the independence and effectiveness of Statutory Offices in completing their legislative responsibilities.
5. Collaboration and communication amongst all Members, Standing Committees and Governments.
6. The Office of the Legislative Assembly is committed to ensuring that the general public is well informed and has access to Legislative Assembly processes.
7. To adhere to the highest standards of public sector governance within the legislative framework of the consensus system.
8. The promotion of the Legislative Assembly as the "Place of the People".
9. The Legislative Assembly provides a forum for meaningful and relevant debate about the issues and challenges facing the residents of the NWT.
10. Highly motivated, efficient staff with a shared understanding of the organization's future.

STATUTORY OFFICERS

Activity Description

This activity provides for the independent operation of the following Statutory Officers: Languages Commissioner, Information and Privacy Commissioner, Conflict of Interest Commissioner, Equal Pay Commissioner, Human Rights Commission, Director of Human Rights and the Human Rights Adjudication Panel. All Statutory Officers must table an annual report to the Legislative Assembly detailing the activities undertaken and discharged during the preceding year.

The Languages Commissioner's duty is to ensure that institutions of the Legislative Assembly and GNWT respect the spirit, intent and provisions of the NWT Official Languages Act and the provisions of any other act or regulation relating to the status or use of official languages.

The Information and Privacy Commissioner provides an independent review of discretionary decisions made by public bodies in response to requests for access to information that government creates and receives. The Commissioner also protects the privacy rights of individuals.

The Conflict of Interest Commissioner provides advice to Members on how to arrange their business and financial affairs to comply with the conflict provisions included in Part 3 of the Legislative Assembly & Executive Council Act. The Commissioner also conducts investigations into conflict of interest complaints against Members as well as maintaining a public disclosure registry, which is available for examination by the general public.

The Equal Pay Commissioner is responsible for ensuring that public service employees are not, on the basis of sex, paid a lower rate than other employees who perform work of equal value. The Commissioner receives complaints, conducts investigations and assists parties in resolving complaints.

The Human Rights Commission is responsible for promoting equality in order to reduce discrimination against territorial residents. The Commission fulfils its responsibilities through public education initiatives. The Director of Human Rights oversees the investigation/mediation and resolution of complaints of discrimination. The Adjudication Panel hears and decides complaints that are not dismissed or resolved through mediation.

EXECUTIVE

EXECUTIVE

This page intentionally left blank

The Department of Executive provides support and advice to the Executive Council and its Committees.

The Department is composed of four separate and distinct programs under the authority of their own Ministers. The four Programs are:

- Executive Offices
- Financial Management Board Secretariat
- Department of Human Resources
- Department of Aboriginal Affairs and Intergovernmental Relations

Executive Offices provides overall direction, management and coordination to the Government of the Northwest Territories as a whole. The department provides policy, legislative, communications and strategic advice to Cabinet and the departments of the GNWT. The department also provides broad direction for the territorial public service and addresses national and international issues that have cross-departmental implications. The Executive Offices reviews all departmental initiatives to ensure that they support the government's agenda in a balanced manner and directs focus towards areas where that balance is not being achieved. The Executive Offices Program is managed by the Secretary to Cabinet/Deputy Minister of Executive and consists of the Commissioner's Office, the Ministers' Offices, Executive Offices, the Public Utilities Board and the Regional Operations.

The Department of Human Resources provides human resource services and advice to all GNWT departments, boards and authorities (except the Workers Compensation Board). Human Resources is responsible for assisting GNWT managers to implement the most efficient and effective human resource management practices to support recruitment and retention of a qualified, representative public service. Direct service to managers and employees is delivered through a network of local service centres. This service is supported by a framework of legislation, policies, guidelines and collective agreements that outline the parameters for effective human resource management in the GNWT.

The Department of Aboriginal Affairs and Intergovernmental Relations is mandated to protect, develop and promote the interests of the territorial government and the residents of the Northwest Territories in the negotiation and implementation of land, resource and self government agreements that address Aboriginal rights in the Northwest Territories; participate in the political and constitutional development of the Northwest Territories; and ensure that mutually respectful intergovernmental relations between the territorial government and Aboriginal, provincial, territorial, national and international governments are developed and maintained.

The Chairman of the Financial Management Board and the Financial Management Board Secretariat have the mandate for the management and control of the financial and information resources of the GNWT, ensuring that these resources are managed in an efficient, effective and economical manner. The Financial Management Board Secretariat is established under the direction of the Chairman of the Financial Management Board. The Financial Management Board Secretariat's core business is to attain a highly competent level of financial and information management throughout the GNWT and its Boards and Agencies. The Secretariat does this largely through: the provision of a comprehensive and effective framework of policies, processes and systems that are well understood and used by departments and agencies to achieve the effective, efficient and economic acquisition, custody and use of financial, knowledge and physical resources; provision of a comprehensive and relevant accountability framework and reporting system that meets internal and external user needs for decision making and evaluation relative to government and agency operations, performance and financial position; and provision of high quality and relevant advice to internal decision makers relative to the management of the government's financial, and information resources.

MISSION

The mission of the Department of Executive is to provide overall direction, management and coordination to the Government of the Northwest Territories as a whole.

The key areas for which we are responsible for achieving results in are:

- Coordination of the implementation of Cabinet direction across the NWT;
- Provision of objective and timely policy, strategic, legislative, protocol and communications advice to support Cabinet;
- Leading, coordinating and supporting the government's activities related to negotiations and implementation planning for the transfer of provincial-type powers and responsibilities with respect to public lands and resources;
- Developing, interpreting and disseminating economic, social and demographic statistics appropriate for departments, agencies and the general public;
- Promotion of the interests of NWT residents to the Canadian public and other governments;
- The support and promotion of effective corporate communications and communication about government's agenda, activities and initiatives to government employees, the public and other governments;
- Specialist support to departments in policy and legislation development, communications and strategic planning.

GOALS

- An appropriate balance in furthering all government priorities.
- Key stakeholders are aware of the Government's agenda, activities and initiatives.
- The successful conclusion of devolution and resource revenue sharing agreements.
- Effective implementation of the priorities identified in the GNWT Strategic Plan with transparent reporting of results.
- The Government has the statistical information and analysis necessary to support policy development and decision-making.
- Government initiatives that contribute to the enhancement of women's roles in the Northwest Territories are implemented.
- Coordination of initiatives between headquarters and regional operations, and effective working relationships between GNWT and Aboriginal and community governments.

COMMISSIONER'S OFFICE**Activity Description**

The Commissioner of the Northwest Territories is appointed by the Governor-In-Council on the advice of the Minister of Indian and Northern Affairs Canada. The Commissioner exercises a function similar to that of a Lieutenant Governor, under a letter of instruction from the Minister of Indian and Northern Affairs. The Executive is responsible for providing office space and administrative staff to support the office of the Commissioner.

The Ministers' Offices include:

- **The Premier's Office** – responsible for providing political advice to ensure all departments operate in a manner consistent with government policy, legislation, priorities and strategies. The Premier's Office directs the activities of the Executive Council and manages the executive functions of government, including the secretarial and administrative support to Executive Council committees and to the other Ministers. The Premier's Office also takes the lead in coordinating the government's activities related to the political and constitutional development of the Northwest Territories.
- **Ministers' Offices** – provides support for the Ministers, their offices and support staff. Includes salaries and operational expenses for the Ministers and their staff.
- **Women's Advisory** - provides a point of contact within the territorial government on issues of concern to women and advice and support to the Minister Responsible for the Status of Women. Women's Advisory also administers a Grants and Contributions program that supports and provides liaison with the Status of Women Council, the Native Women's Association and other organizations that enhance the cultural, economic, political and social participation of women in society.

EXECUTIVE OFFICES

Activity Description

Executive Offices includes:

- **Office of the Secretary to Cabinet** – responsible for the management of the Department of Executive including the planning, administration and other functions necessary to further the Department's mandate. The Secretary to Cabinet is accountable to the Premier for the proper conduct of business of the Department.
- **Cabinet Secretariat Policy** – provides broad policy advice on priorities, strategies, policies and proposed Cabinet decisions to the Premier and Cabinet; and support for all Cabinet operation, including communicating, monitoring compliance with, and assisting (as required) in the implementation of, Cabinet direction.
- **Devolution** – manages the GNWT participation in and represents the GNWT interest in the negotiations of devolution and resource revenue sharing agreements.
- **Corporate Communications and Protocol** – provides broad communications advice across government to support the priorities, strategies and initiatives of Cabinet and leads the development of communications approaches on government-wide initiatives. The division promotes an integrated corporate approach to communications, administers the framework of policy and guidelines that direct and guide government communications, supports departmental communications efforts, and communicates the agenda, goals, strategies and initiatives of the GNWT within government and to the public. The division is also responsible for providing protocol services for the GNWT to a wide range of visiting dignitaries and for providing protocol advice to departments, boards and agencies.
- **Strategic Planning** - develops, and periodically updates the government-wide strategic plan and ensures that it is effectively coordinated; provides strategic advice on matters pertaining to federal-provincial-territorial relations and in domestic matters that have inter-governmental or government-wide implications.
- **Bureau of Statistics** - Ensures that government has appropriate statistical information and provides statistical advice and assistance to departments, regional offices and central agencies.
- **Corporate Services** - provides financial and administrative support to the Executive Offices, Commissioner's Office, Financial Management Board Secretariat, Department of Human Resources, Department of Aboriginal Affairs and Intergovernmental Relations, NWT Public Utilities Board, and the Women's Advisory Program.
- **Legislation and House Planning** - provides policy advice on individual legislative initiatives to Cabinet as well as advice to the Government House Leader and Cabinet on the development of the government's legislative agenda as a whole. The division also provides a full range of administrative support services to the Government House Leader, Cabinet, departments and agencies for Sessions of the Legislative Assembly.

PUBLIC UTILITIES BOARD**Activity Description**

The Public Utilities Board is an independent regulatory agency responsible for the regulation of the energy utilities in the Northwest Territories.

The main function of the Board, which derives its authority from the *Public Utilities Act*, is to protect the public interest by establishing utility rates that are just and reasonable to the consumer, while at the same time, allowing the utilities the opportunity to earn a fair rate of return.

REGIONAL OPERATIONS**Activity Description**

The five Regional Directors are responsible for implementing Cabinet priorities and direction, coordinating GNWT program and service responsibilities in the region and transition planning at the regional level in preparation for the implementation of final self-government agreements. In addition, the Regional Directors are responsible for ensuring that GNWT actions to support the implementation of Aboriginal Government agendas are coordinated and responsive to the needs of the leadership in the region.

MISSION

We will achieve this vision by focusing on a mission of:

Supporting excellence in the GNWT public service through the delivery of innovative, quality human resource services.

CORE BUSINESS

The Government of the Northwest Territories establishes the Department of Human Resources responsible for providing timely, accurate high-quality human resource services and advice to all GNWT managers and employees.

The Department's core business is to support the effective management and direction of the GNWT public service.

Each of the Divisions support the core business as follows:

1. Management and Recruitment Services

The provision of general human resource services to management that support recruitment and retention of a qualified, competent and representative public service.

2. Employee Services

The provision of compensation, benefits, data management and helpdesk services to the public service that are timely, accurate, relevant, courteous and helpful.

3. Corporate Human Resources

The provision of human resource management planning frameworks and strategic support services across government to allow departments, boards and authorities to more effectively manage their human resources.

The coordination of government-wide human resource management planning and programs, particularly in the areas of recruitment, retention, workforce adjustment, employee recognition, management/leadership development and employee training and development.

A comprehensive and clear framework of terms and conditions of employment that are broadly used and understood and promote harmonious labour management relations, fair and consistent treatment of staff, productive work environments and high service and ethical standards within the public service.

4. Human Resource Strategy and Policy

The coordination of government-wide human resource management strategies, legislation, policies, guidelines and practices and quality assurance services to ensure consistent and fair application of the legislation, policies and guidelines.

A competitive and affordable Compensation Policy and structure that reflects the values and goals of the GNWT and makes a strong contribution to recruitment and retention success.

The provision of human resource management information that is comprehensive, accurate, timely and efficient that is relevant to and extensively used by management in planning and decision-making.

HUMAN RESOURCE STRATEGY AND POLICY

Activity Description

Directorate – Manages and directs the division. Provides strategic reporting, research and statistical services to support GNWT managers and human resource staff in making informed human resource management decisions. Provides corporate human resource strategies, legislation, policies and procedures to allow departments, boards and authorities to effectively manage their human resources.

Quality Assurance – Monitors and evaluates human resource services and activities to ensure delivery supports effective human resource management. Provides guidance and feedback on human resource processes and procedures.

Human Resource Information Systems – Provides the development and maintenance of the GNWT's human resource information system and other human resource systems applications. Also provides user support and training for all human resource systems applications.

Collective Bargaining – Leads the collective bargaining process for the GNWT.

Corporate Support – Provides financial planning, communications, records management and ATIPP support for the department.

CORPORATE HUMAN RESOURCES

Activity Description

Directorate – Manages and directs the division. Provides advice and support for employee health and wellness situations (eg. Return-to-service, disability accommodation, work hardening).

Employer of Choice– Coordinates the development and implementation of government-wide human resource management programs (i.e. Staff Retention, Employee Recognition, Management Assignment Program, Student Summer Employment Program, Graduate Employment program) and approaches (exit surveys, entry surveys, GNWT orientation). Coordinates GNWT-wide training activities. Supports managers in developing and implementing occupation-specific training plans and activities

Labour Relations – Provides more advanced labour relations advice and assistance to allow human resource staff to effectively support managers and employees. This assistance includes collective agreement interpretations, support in responding to grievances, handling arbitrations, and general labour relations training.

Total Rewards Management – Coordinates the evaluation of GNWT positions, ensuring consistency of evaluations. Also provides training on the job evaluation system and maintenance of all GNWT organization charts. Provides analysis of use and liaison with benefits providers. Conducts compensation research.

Organizational Development – Provides advice and assistance to management on competency models, performance management and organization design options.

ABORIGINAL AFFAIRS AND INTERGOVERNMENTAL RELATIONS

This page intentionally left blank

MISSION

The Department of Aboriginal Affairs and Intergovernmental Relations is responsible for negotiating lands, resources and self-government agreements; implementing and monitoring lands, resources and self-government agreements; managing the government's relationships with federal, provincial, territorial and Aboriginal governments, and with circumpolar countries in all matters of intergovernmental significance; and providing strategic advice on matters pertaining to federal-provincial-territorial-Aboriginal relations.

GOALS

The Department wants to achieve:

1. The conclusion of outstanding lands, resources and self-government agreements in a manner that respects the inherent right of self-government and ensures an overall effective, affordable and workable system of governance, capable of providing adequate level and quality programs and services for all NWT residents.
2. The successful ongoing implementation of lands, resources and self-government agreements by ensuring all GNWT obligations within the agreements are met.
3. Constructive and co-operative intergovernmental relationships with federal, provincial, territorial, Aboriginal and foreign governments that are based on mutual respect.

ABORIGINAL AFFAIRS AND INTERGOVERNMENTAL RELATIONS

Activity Description

The Department of Aboriginal Affairs and Intergovernmental Relations is a central agency that supports the Minister Responsible for Aboriginal Affairs and Intergovernmental Relations and the Executive Council. The core activities of the Department are to manage and coordinate GNWT participation at lands, resources and self-government negotiations including implementation plans, and related financing negotiations; to provide strategic advice on political/constitutional development and national and territorial Aboriginal relations; and managing relations with federal, provincial, territorial, Aboriginal and international governments. The Department is organized into five functional units:

- Directorate – In addition to general administration, financial, and operational support to the Department and management responsibilities, it leads the Deputy Ministers' Committee on Aboriginal Rights; administers the grants and contributions program; promotes and maintains general Aboriginal relations; and promotes National Aboriginal Day celebrations.
- Policy, Legislation and Communications – The prime functions are to provide policy advice, information and assistance to the Minister in all aspects of the Department's mission. A central function is to develop the negotiating instructions and mandates necessary to negotiate lands, resources and self-government agreements and accompanying implementation plans as well as to develop legislation required to implement lands, resources and self-government agreements. The division also provides support to the Deputy Ministers' Committee on Aboriginal Rights, co-ordinates advice to the Minister on political and constitutional development, and develops and implements communication policies, strategies and frameworks.
- Negotiations - This division is responsible for managing and coordinating the negotiation of land, resource and self-government agreements for the GNWT. Self-government negotiations involve matters such as programs, services, jurisdictions and resources currently held by the Government of the Northwest Territories. Lands and resources negotiations focus on land selection; hunting, fishing and trapping rights; cash compensation; and economic benefits.
- Implementation - This division is responsible for negotiating implementation plans and related funding agreements, including incremental costs associated with implementing lands, resources and self-government agreements. It is also responsible for negotiating a comprehensive approach for self-government financing with Canada. The division takes the lead in working closely with GNWT departments to assist them in implementing agreements and is also responsible for monitoring and facilitating ongoing GNWT implementation obligations and activities pursuant to settled lands, resources and self-government agreements. The division represents the GNWT on trilateral Implementation Committees tasked with overseeing and providing direction to the parties to the agreements.
- Intergovernmental Relations – This division promotes and advances the GNWT's continuing commitment to develop and maintain mutually respectful intergovernmental relations between the GNWT and federal, provincial, territorial, Aboriginal and foreign governments. In addition, the division protects, develops and promotes the interests and aspirations of NWT residents in the GNWT's intergovernmental relations activities with federal-provincial-territorial-Aboriginal governments.

Note: The above leases do not include capital leases. In the event a lease is deemed to be a capital lease the associated asset is included in tangible capital assets and amortized over the useful life of the asset; and the lease is recorded as a financial liability.

MISSION

The Financial Management Board Secretariat, working together with departments, and under the direction of the Financial Management Board, is jointly responsible for the management and control of the financial and information resources of the Government of the Northwest Territories, ensuring that these resources are managed in an efficient, effective and economical manner.

GOALS

The goals of the Financial Management Board Secretariat are:

1. A strong sustainable financial position for the Government of the Northwest Territories
2. Effective management of the government's assets and liabilities. (Information, financial resources, as well as goods and services)
3. Effective, efficient and economical management information systems support accountability by providing managers, decision-makers and the public with meaningful information
4. Government is organized for maximum efficiency
5. Financially open and accountable government
6. Public confidence in the prudence and integrity of the Government of the Northwest Territories

Modern Management

Like many other public governments, the Government of the Northwest Territories has embarked on a longer term, broad-based initiative that seeks to modernize government management in order to better respond to changing expectations and priorities. Today's public governments are facing increasing pressures to adapt their comptrollership and management practices as a result of changes that are occurring within the business environments they administer. The Government of the Northwest Territories is no exception as it faces various operational challenges stemming from: rapid technological changes; emerging management decision making practices that require sound knowledge and risk management principles; increasing public expectations for transparency, accountability and program effectiveness; and ever more complex business relationships with industry, federal and Aboriginal governments.

Management practices within the Government of the Northwest Territories are supported by: the policies, legislation and laws that govern management practices in the public service; a skilled, professional workforce that serves the public interest by providing cost-effective, responsive service for our citizens; and the availability of effective systems and tools that provide timely, relevant and meaningful information to managers. Improving management practices across the Government of the Northwest Territories is a long-term initiative that will require continued effort and attention. In fact, the Financial Management Secretariat has already begun a number of key activities aimed at identifying and addressing deficiencies within our current management framework and has plans for additional activities during the current and future business planning periods.

The Financial Management Board Secretariat is currently undertaking an assessment of the government's management practices in an effort to identify and prioritize areas that may require corporate and departmental attention in upcoming planning periods. As well, a series of activities have been initiated to strengthen and standardize management activities, including:

1. Completion of phase one of the Modern Management project with the identification of priority areas for project activities over the next few years;
2. Review of the *Financial Administration Act*;
3. Review and revision of the *Financial Administration Manual* with an aim of identifying areas for reform and modernization; and,
4. Selection, planning and implementation of a new Government of the Northwest Territories Financial Information System. Initial activities are underway with system implementation anticipated to be phased-in throughout the planning cycle.

With the exception of the implementation of a new Financial Information System, which has earmarked capital funding associated with it, the majority of the modern management initiatives undertaken to date have not required additional resources – the work has been carried out by staff within existing budgets. However, it is anticipated that as the Government of the Northwest Territories advances the development of activities to improve identified deficiencies and implement the identified policy reform, additional resource requirements may be necessary.

What is driving this initiative?

1. Response to public sector concerns with the integrity and competency of financial management within large organizations.
2. Adoption of a Canadian public sector reform to provide for increased financial management requirements and safeguards (Modern Management).
3. Continuation of the GNWT's administrative renewal effort to provide better support to management, enhance customer service, increase operational flexibility and lower overhead costs.

DIRECTORATE***Activity Description***

The Directorate includes the Office of the Secretary of the Financial Management Board/Comptroller General, the Office of the Chief Information Officer and the Policy and Planning Divisions.

The Office of the Secretary of the Financial Management Board/Comptroller General conducts the duties and responsibilities as described in the *Financial Administration Act*, directs the support of the Financial Management Board and provides financial and administrative leadership for the Government of the Northwest Territories.

The Office of the Chief Information Officer is the lead for the development of an effective, comprehensive and current strategy for the development, management and utilization of the government's information resources in a manner that supports the government's strategic business goals and operational needs.

The Policy and Planning Division is responsible for developing and maintaining departmental policies, the department's budget management program, records management program, the provision of information systems and information management support for the department and coordinating the Financial Management Board Secretariat's involvement with the self-government and devolution processes.

GOVERNMENT ACCOUNTING***Activity Description***

Government Accounting includes the Financial Policy and Systems Division, the Financial Reporting and Collections Division, and three regional offices.

Financial Policy and Systems is responsible for the development of corporate accounting procedures and policies; the administration of the government's financial information system; providing revenue and receivable functions; and making domestic and commercial power subsidy payments to those who pay a higher rate of power than those in Yellowknife.

Financial Reporting and Collections is responsible for all external financial reporting including preparation of the Public Accounts; ensuring the integrity of the General Ledger System; and providing collections and credit granting functions.

Regional offices in Inuvik, Fort Simpson and Fort Smith provide data entry, payment authority, revenue and receivable services to a variety of departmental regional offices, either on a regular basis or as a backup support.

BUDGETING AND EVALUATION***Activity Description***

Budgeting and Evaluation is comprised of the Budgeting section and the Evaluation section.

The Budgeting section is responsible for coordinating the government's business planning and budget development process; developing budget management policies and procedures; developing and monitoring the government's budget; and providing advice and analysis to the Financial Management Board.

The Evaluation section is responsible for developing corporate policies and procedures in the areas of program design, program evaluation and results management; providing advice, assistance and training to government departments, boards and agencies in all of the above areas; and providing training and technical support in program design and evaluation to community government and other third parties.

MISSION

The mission of the Northwest Territories Housing Corporation is to ensure, where appropriate and necessary, that there is a sufficient supply of affordable, adequate and suitable housing stock to meet the housing needs of the Northwest Territories residents.

GOALS

The long-term goals for the Northwest Territories Housing Corporation support the GNWT's goals.

1. Increased supply of suitable and affordable housing stock in communities to meet the housing needs of NWT residents;
2. Sufficient land is acquired and developed for the purpose of providing affordable housing in all communities;
3. Homeownership programs and services provide access for clients and secure and protect Housing Corporation assets;
4. Long term sustainability and energy efficiency of the housing stock; and
5. Greater personal responsibility for housing through community based training and support and strengthened collection policies and procedures.

NWT HOUSING CORPORATION

Activity Description

The Northwest Territories Housing Corporation provides public rental housing, homeownership, repair, independent housing and seniors' housing programs and related services to residents of the Northwest Territories. The Corporation, in partnership with Local Housing Organizations, municipalities and bands, continues to deliver portfolio management and maintenance functions related to the public housing portfolio in 26 communities. The Corporation receives a contribution from the Government of the Northwest Territories and receives additional funding through contributions provided by the Canada Mortgage and Housing Corporation, tenant rents and other income as disclosed in the following pages.

CORPORATE SUMMARY

This summary provides details of the full magnitude of Housing Corporation programs and is intended for review purposes only.

Funding from the Canada Mortgage and Housing Corporation (CMHC), the Department of Education, Culture and Employment and other sources of \$68,060,000 are included and recorded as revenue items.

The net contribution of \$51,210,000, provided by the Government of the Northwest Territories towards the operation of the Corporation, is outlined in the program (activity) summary of these estimates. This net contribution is the amount voted by the Legislative Assembly through our sponsoring departments, the Financial Management Board Secretariat.

EXECUTIVE

Activity Description

The Executive provides overall management direction and administrative support to the Housing Corporation and its various community and government partners in housing across the Northwest Territories (NWT). The Executive provides an essential coordinating function in strategic planning, policy development and in the development of operational guidelines on the business of the Housing Corporation. The Executive is primarily responsible for providing support to the Minister Responsible for the Housing Corporation and to ensure we meet the requirements of the Legislative Assembly.

The President is primarily responsible for providing support and information to governing bodies and decision-makers, participating and communicating with various levels of government and clients, and corporate management to ensure consistent application of housing policies, procedures, and program delivery throughout the NWT.

DISTRICT OPERATIONS

Activity Description

The District offices support communities in the delivery of client programs and services. They work with Local Housing Organizations and individual clients to provide housing and program options to meet their housing needs. They also play a pivotal role in lands acquisition and development, maintenance, training and work closely with stakeholders at the community level.

PUBLIC HOUSING PROGRAM FUNDING

Activity Description

The NWT Housing Corporation funds the Public Housing Program from client rental payments and rental subsidies provided from the Department of Education, Culture and Employment. These funds are provided to 23 local housing organizations who administer 2,400 social housing units in 26 communities across the NWT.

MISSION

The mission of the Department of Finance is to foster an environment for stable, effective and efficient government in the Northwest Territories and to manage the Government's fiscal, financial and regulatory programs by:

1. Acquiring and managing the necessary financial resources to ensure delivery of programs and services to residents in an affordable and sustainable manner;
2. Maintaining a stable, fair and equitable taxation environment, meeting the needs of individuals and businesses; and
3. Regulating the insurance industry and liquor sales, distribution and consumption.

GOALS

The Department of Finance, for the most part, provides support to the executive branch and to program departments, rather than delivering programs and services directly to the public. However, the department, through its responsibilities for revenue generation and management plays an important role in ensuring that the GNWT is able to deliver the programs and to make the informed decisions necessary to achieve the goals it has set for itself. The goals of the Department of Finance are:

1. The fiscal regime of the Northwest Territories supports a stable political environment and a strong economy.
2. The Government has the fiscal information and analysis necessary to support policy development and decision-making, particularly for key social and economic initiatives.
3. The Department of Finance is more responsive to client needs.

TREASURY**Activity Description**

Treasury is responsible for managing the government's cash position; conducting the government's banking, borrowing and investing activities; providing related advisory and cash management services and protecting government activities and assets from risk of loss by means of insurance coverage and risk management activities.

Treasury is also responsible for the licensing and regulation of insurance companies, agents, brokers and adjusters operating in the Northwest Territories through the Office of the Superintendent of Insurance as well as administering legislated tax programs by collecting taxes owing and by issuing and controlling a system of permits and collection agreements. Treasury responds to taxpayer inquiries, provides taxation revenue analysis, maintains a database of taxpayer information and participates in inter-jurisdictional exchange agreements to minimize tax evasion.

FISCAL POLICY

Activity Description

Fiscal Policy is responsible for providing research, analysis, and recommendations on the fiscal policies of the government; monitoring economic conditions as they affect the government's fiscal policy; providing macroeconomic research and policy advice; providing analysis and advice on Canadian and NWT tax policies; monitoring and advising on intergovernmental fiscal relations, in particular, the formula financing arrangements with Canada; providing input into multi-year fiscal plans; and preparing the annual budget address. The division also provides technical support for the Minister and Deputy Minister of Finance in federal-provincial-territorial discussions, and represents the Government on intergovernmental Finance committees.

Liquor Revolving Fund

The Liquor Revolving Fund was established under the *Liquor Act* and provides working capital to finance the operations of the Liquor Licensing Board, Liquor Licensing and Enforcement and the Liquor Commission. The Liquor Licensing Board is responsible for the issuance of all types of liquor permits. Liquor Licensing and Enforcement provides support to the Board and is responsible for the enforcement of liquor-related regulations and restrictions. The Liquor Commission is responsible for the purchase, warehousing, distribution and sale of all alcoholic beverages in the Northwest Territories. The Board, Commission and Liquor Licensing and Enforcement are funded by the sale of alcoholic beverages.

MUNICIPAL AND COMMUNITY AFFAIRS

This page intentionally left blank

MISSION

The Minister and the Department are responsible for the development and maintenance of community governments, responsive and responsible to the residents, with sufficient legal authority and resources to carry out community responsibilities, to provide their public programs and services essential to good community life and to deal effectively with other governments and organizations.

GOALS

To support this mission, the Department of Municipal and Community Affairs has set the following four goals for the 2007-2010 planning period:

1. Increase community government authority and responsibilities through policy, legislation and funding arrangements.
2. Enhance knowledge, skills and abilities of community staff, officials and other partners to better manage community affairs.
3. Contribute to the development of effective, accountable and democratic community governance structures, including self-government arrangements.
4. Support communities in their efforts to provide a safe, healthy and vibrant environment for residents.

DIRECTORATE

Activity Description

Departmental Management coordinates the development and the implementation of the Department's strategies with the senior management team and links the Department's activity to the goals of the Minister and Government. Territorial Emergency Management and Pipeline Readiness are coordinated through the Directorate.

Regional Management oversees operations in the regional offices and the Office of the Fire Marshal (OFM), which administers the *Fire Prevention Act*, reviews plans for new construction and major renovation projects, conducts fire safety inspections and takes enforcement action when fire safety regulations are contravened.

Corporate Affairs coordinates planning and reporting activities for the Department, provides expert financial, policy and information systems advice and manages many administrative services. The division also coordinates the Department's involvement in Aboriginal land claims and self-government negotiations. Policy and Planning provides strategic planning, legislative, research and policy support to the Minister and Deputy Minister and supports many Departmental information and communications activities. Financial Services provides financial and administrative support to the Department and coordinates services such as the development and monitoring of departmental business plans and annual budgets. Information Systems supports the Department by providing expert advice on department-specific applications and information systems.

COMMUNITY OPERATIONS

Activity Description

Community Operations coordinates many of the functions that support community governments. Program Management coordinates the work of the division, undertakes environmental planning and regulatory review, administers consumer, lottery, business and real estate agent licensing and responds to consumer complaints.

The Community Financial Services section coordinates financial advisory services to community governments to help promote their financial viability, good financial management and proper financial reporting practices.

The Community Governance section coordinates the Department's involvement in the implementation of Aboriginal land claims and self-government processes; provides advice on community governance issues at the request of community governments; and processes bylaws requiring Ministerial or Executive Council approval. The Chief Municipal Electoral Officer function provides advice and support related to community government elections.

The Financial Policy and Infrastructure Leveraging section analyzes fiscal policy related to supporting community governments and pursues options for accessing alternate sources of revenue for community governments.

The Community Emergency Management section supports communities in the preparation of emergency response and recovery plans; assists in accessing training in emergency preparedness and response and supports communities during emergencies

The Capital Planning and Infrastructure section supports community capital planning and infrastructure acquisition and provides technical advice and support regarding capital programs and infrastructure. This section is also responsible for completing remaining items on the MACA Capital Plan as the Department transitions into the implementation of the New Deal for NWT Community Governments.

SCHOOL OF COMMUNITY GOVERNMENT**Activity Description**

The School of Community Government supports community government capacity building by providing training, development opportunities and resources in broad areas of community government responsibilities including governance, management, lands, public safety and operations. The School provides an integrated approach to local governance capacity building through partnerships with GNWT and federal departments, Aboriginal and territorial organizations, professional associations and educational institutes.

LANDS ADMINISTRATION

Activity Description

The Lands Administration Division administers Commissioner's Land, provides advice and assistance to community governments on land use and community planning, performs property assessments and provides technical mapping and surveying services to community governments and the public.

The Lands section leases or disposes of Commissioner's Land in the Northwest Territories, in accordance with the *Commissioner's Land Act* and *Regulations* and within a policy framework approved by the Government of the Northwest Territories.

The Lands section also assists community governments to plan for the physical development of their communities by providing advice and reviewing subdivision plans, community plans, zoning By-laws and development standards.

The Property Assessment section values all land and improvements in the Northwest Territories, with the exception of the City of Yellowknife, by conducting property assessments in accordance with the Property Assessment and Taxation Act and Regulations.

The Surveys and Mapping section arranges and manages legal surveys on Commissioner's Land and prepares satellite imagery, aerial photography, and topographical mapping of Commissioner's Lands within municipal boundaries of communities of the Northwest Territories.

SPORT, RECREATION AND YOUTH**Activity Description**

Sport, Recreation and Youth provides advice and assistance regarding recreation and sport programs and represents the GNWT in its partnership with the NWT Council of Sport and Recreation Partners and other stakeholders. The Division also coordinates volunteer recognition programs and assists with the promotion of volunteerism.

The Youth Secretariat within the Division assists the Minister Responsible for Youth to promote youth initiatives and acts as a first point of contact for youth issues within the GNWT.

REGIONAL OPERATIONS

Activity Description

Regional Offices are responsible for the coordination and delivery of many of the Department's programs and services to community governments.

Regional staff provide advice and support to community governments on a range of issues. They advise community governments on governance, budgeting, debt recovery, financial reporting and other activities to support the use of sound management and financial practices. They also support communities in the development of community capital investment planning, project management and the operation and maintenance of community infrastructure and equipment. Regional staff provide practical support and advice to community governments in addressing resource development issues.

Assistant Fire Marshals participate in training activities, local inspections and investigations.

Regional community development and recreation staff assist with local recreation, sport and youth programs. They also provide leadership for community capacity-building initiatives, and support the development of the voluntary sector.

Regional lands and planning staff assist community governments with community land administration and planning activities and administer leases for Commissioner's Lands.

MISSION

The Department of Public Works and Services mission is to deliver quality services to satisfy the needs of its clients, while achieving the best value for government, communities, business and residents.

GOALS

1. Effective management of government records.
2. Suitable facilities are available to support delivery of government programs.
3. Protection of life and property is achieved through the enforcement of the provisions of electrical, gas, boiler and pressure vessel legislation.
4. Suitable telecommunications services are available to NWT residents.
5. Suitable information technology infrastructure and services are available to support the delivery of government programs and services.
6. Basic community needs for heating, transportation and power generation fuels are met through the safe and reliable provision of fuel services.

PUBLIC WORKS AND SERVICES

This page intentionally left blank

DIRECTORATE**Activity Description**

The Directorate includes the Deputy Minister's office and Corporate Services Division at Headquarters. In the regions, the Directorate includes the Superintendent and the Finance and Administrative Services section. The Directorate is responsible for the senior management of the department, including effectively managing human and financial resources and providing overall direction and planning. Activities in the Directorate include financial administration, policy and planning, information and systems support, regional program delivery and representing GNWT interests at telecommunication regulatory hearings. Records management for the GNWT is another task in the PWS Directorate.

The Directorate co-ordinates activities in support of the GNWT priorities and departmental goals, and maintains effective communication with department staff as well as with other departments, governments, the private sector, and aboriginal and other interest groups.

ASSET MANAGEMENT

Activity Description

The Asset Management activity is responsible for the planning, design, construction, operation and maintenance of buildings and works throughout the Northwest Territories on behalf of government departments. Regional offices manage the delivery of maintenance and construction services, ensuring that client needs are met and facility lifetime costs are minimized. Headquarters supports the regions by providing facility programming, technical expertise for program and design standards, facility evaluations, granular materials planning and coordination, procurement support, and support for safe drinking water initiatives.

Inspection Services is responsible for the administration and regulation of electrical, elevator, boiler, pressure vessel and gas safety. This task protects the public in these areas by ensuring that all installations are constructed, all equipment is approved, and all workers are certified in accordance with the various codes and NWT Acts.

The role of Contracting and Procurement Services is to monitor and provide advice with respect to GNWT and PWS policies, procedures and standards related to contracting. This includes contracts for construction, the acquisition of goods and services, architectural/engineering consulting, and the acquisition of real property.

This activity also includes the planning, acquisition and management of general office space for the GNWT, including leases, and the disposal of the GNWT's surplus real property assets.

TECHNOLOGY SERVICE CENTRE**Activity Description**

The Technology Service Centre (TSC) is responsible for providing information technology support and services to meet the business objectives of the GNWT, including delivering programs to NWT residents and maximizing the effectiveness of GNWT employees.

Primary TSC services include computer workstation upgrades and support, electronic mail, file management, Internet access, and application hosting. The foundation for these services is the Wide Area Network managed by the TSC. All services are provided to GNWT departments, while schools, colleges, health authorities, boards, and agencies throughout the GNWT receive a subset of these services.

PETROLEUM PRODUCTS

Activity Description

The Petroleum Products Division (PPD) purchases, transports, and stores the annual requirements for petroleum products in NWT communities not served by the private sector. The products are then sold to residents of the communities through local contractors, who are paid a commission.

The PPD has its administrative headquarters in Fort Simpson, with responsibilities for credit, invoicing, collections and financial planning. The Operations section oversees PPD functions in the communities and manages local delivery contractors. Operations determines resupply quantities, provides quality control, capital standards and planning, as well as environmental management.

PPD has entered into a Fuel Management Services Agreement with the Northwest Territories Power Corporation (NTPC) whereby PPD will supply NTPC with all its fuel requirements and manage and operate its tank farms in 20 communities across the NWT.

Under this service agreement, PPD:

- Provides NTPC with all required fuel volumes
- Provides all required tank farm maintenance

Note: The above leases do not include capital leases. In the event a lease is deemed to be a capital lease the associated asset is included in tangible capital assets and amortized over the useful life of the asset; and the lease is recorded as a financial liability.

TECHNOLOGY SERVICE CENTRE (CHARGEBACK)

The Technology Service Centre (TSC) is responsible for providing information technology support and services to meet the business objectives of the GNWT, including delivering programs to NWT residents and maximizing the effectiveness of GNWT employees.

Primary TSC services include computer workstation upgrades and support, electronic mail, file management, Internet access, and application hosting. The foundation for these services is the Wide Area Network managed by the TSC. All services are provided to GNWT departments, while schools, colleges, health authorities, boards, and agencies throughout the GNWT receive a subset of these services.

PUBLIC WORKS AND SERVICES

Petroleum Products Revolving Fund

The Petroleum Products Revolving Fund was established January 19, 1973. The fund provides working capital to finance inventory, accounts receivable and operating expenses, such as salaries, commissions, taxes and quality control, required for the distribution of petroleum products. Operating expenses are recovered through the price structure to achieve a break-even operation.

MISSION

The mission for the HSS System is:

To promote, protect and provide for the health and well-being of the people of the Northwest Territories.

GOALS

Departmental goals developed to support the Vision and Mission of the Department and *Self-reliant People, Communities and Northwest Territories - A Shared Responsibility: Government of the Northwest Territories Strategic Plan* are:

1. To promote healthy choices and responsible self-care.
2. To protect public health and prevent illness and disease.
3. To protect children and vulnerable individuals from abuse, neglect and distress.
4. To provide integrated, responsive and effective health services and social programs for those who need them.

HEALTH AND SOCIAL SERVICES

This page intentionally left blank

DIRECTORATE**Activity Description**

Under authority of the Minister, the Directorate provides leadership and direction to the Department and administrative services for Department operations.

The Operational Support Branch manages territorial-wide services to the NWT population through programs and health and social care providers.

The Policy, Legislation and Communications Division provides leadership and services in policy, legislation and regulation, intergovernmental affairs, communications and trustee training and orientation.

Financial Services provides budgetary, accounting and management services to the Department. These services include providing advice to senior management and HSS Authorities on financial management, financial control, information systems, contracts, contributions, facility planning, design, construction, renovation and the acquisition and maintenance of equipment.

Planning, Accountability and Reporting is responsible for setting a system-wide framework for planning. Department priorities must respond to system-wide health and social issues and reflect priorities set by the government.

PROGRAM DELIVERY SUPPORT

Activity Description

Program Delivery Support provides a system-wide focus and assistance in the delivery of health and social service programs.

Corporate Services manages Planning, Accountability and Reporting, Health Insurance Administration, Information Systems and Human Resources.

Information Systems is responsible for implementing and maintaining appropriate systems technology throughout the HSS System. The Division is also responsible for providing leadership and direction in information management, information technology and support services for the Department.

Human Resources includes various recruitment and retention activities to develop, recruit and retain front line service providers. Human Resources also includes various Department-wide employee services and benefits.

The Territorial Integrated Services Division is responsible for out-of-territories hospitals, physician negotiations as well as physician services in and out of the NWT. In addition, this Division is responsible for acute and long term care planning, coordination of all southern placements, homecare, seniors and persons with disabilities and the following primary community care programs and services: mental health and addictions, community health nursing, maternal and child health and community social work (community development and counselling).

Health Services Administration (HSA) is responsible for the collection and administration of Insured Services, Non-Insured Health Benefits, Vital Statistics, Health Management Information System, health benefits and registration. The HSA office ensures effective program and service delivery across the NWT health care system.

The Population Health Division is responsible for health promotion, health protection and Disease Registries. Under the guidance of the Director, each program area is assigned to a "team" that provides specific functions in support of the Department's and the HSS Authorities' mandates. The Director holds the statutory appointments of Chief Medical Health Officer and Registrar of Disease Registries.

Authority Administration are those portions of HSS Authorities' activities associated with management and administration.

HEALTH SERVICES PROGRAMS**Activity Description**

HSS Authorities provide services to eligible northern residents in areas such as inpatient and outpatient services, public health and chronic care. Pursuant to the *Hospital Insurance and Health and Social Services Administration Act*, HSS Authorities are established to operate, manage and control facilities, programs and services including, but not limited to, the following:

Funding for primary, secondary and emergency care, provided in NWT hospitals.

Funding for primary care or "first contact" care provided through a system of health centres located throughout the NWT.

Payment for insured hospital services provided outside the NWT to persons registered with the NWT Health Care Plan.

Provides eligible residents, through the NWT Health Care Plan, with coverage for insured physician services inside and outside the NWT.

COMMUNITY HEALTH PROGRAMS

Activity Description

Programs are delivered outside health facilities and include institutional care, assisted living, counseling, intervention and health promotion. This program provides:

- Funding to the Authorities for community social service workers, in the areas of prevention, assessment, early intervention, counseling and treatment services related to children, youth and families. The Division is also responsible for planning and development of appropriate approaches to issues such as Early Childhood Development, Disabilities, Seniors, and Federal Wellness Initiatives.
- A broad range of prevention, assessment, intervention, counseling and treatment programs and services to children and families, in compliance with the *Child and Family Services Act* and the *Adoption Act*.
- Funding for long-term care facilities, including group homes and residential care, inside and outside the NWT. Funding to HSS Authorities to enable individuals with special living requirements to stay in their homes as long as possible. In accordance with legislation and policy, the Department maintains the ability to respond to the needs of persons requiring assisted decision-making through the Office of the Public Guardian.
- Funding to HSS Authorities and health care and social service providers to provide community programs and services to eligible NWT residents for:
 - promotion, prevention, assessment, treatment and rehabilitation services for addictions, mental health, disabilities, chronic illnesses, and seniors;
 - services designed to assist living in the home;
 - emotional and social problems such as suicide and dealing with residential school issues; and
 - emergency shelters and counseling services for victims of spousal assault and other forms of family violence.
- Health Promotion provides resources and professional assistance to community-based programs that encourage healthy lifestyles and healthy children.

MISSION

Our Mission is to serve the residents of the NWT by:

1. Working with community members so that communities are safe and secure;
2. Ensuring that all residents have access to the courts, alternatives to the courts and other justice related services;
3. Providing quality legal services to the Government of the Northwest Territories (GNWT) and its agencies;
4. Protecting the rights and freedoms of individuals and groups; and,
5. Promoting respect for the law and the Constitution of Canada.

GOALS

1. To increase the capacity and role of communities to address justice issues.
2. To provide programs, safe and secure custody and community supervision that supports the rehabilitation of offenders.
3. To support victims of crime so that they have a meaningful role in the justice system.
4. To ensure access to justice for all residents.
5. To promote safe communities.

LAW ENFORCEMENT**Activity Description**

Policing services are contracted to the Royal Canadian Mounted Police (RCMP) through an agreement between the Government of the Northwest Territories and the Solicitor General of Canada.

There are also cost sharing programs with the Solicitor General of Canada with respect to the First Nations policing in support of aboriginal participation in policing.

An agreement exists with the Solicitor General of Canada to cost share DNA testing and analysis.

LEGAL AID SERVICES**Activity Description**

The Legal Services Board is established under the *Legal Services Act* and is responsible for ensuring that all eligible persons in the Northwest Territories receive legal services. The Board provides legal services for most criminal and family law matters, and some other civil cases. It determines whether or not applicants are eligible for legal aid in accordance with the parameters established by the *Legal Services Act* and *Regulations*.

The division is also responsible for the Court Worker program and public legal education.

COURTS

Activity Description

This activity is responsible for the provision of administrative support to the courts, which are independent of government, ensuring that the Courts are accessible, impartial and that services are provided to all citizens in a timely manner.

Courts include the following program areas:

- Territorial Court;
- NWT Supreme Court;
- NWT Court of Appeal;
- Justice of the Peace Court;
- Court Libraries; and,
- Court Reporters.

COMMUNITY JUSTICE AND CORRECTIONS

Activity Description

This activity is comprised of two divisions; Community Justice and Corrections.

The Corrections Division administers the following tasks:

- Adult Facilities - providing safe custody and detention for adults;
- Young Offender Facilities - providing safe custody and detention for young offenders;
- Community Corrections - probation and parole;
- Custodial Placement Programs - includes wilderness camps;
- Corrections Administration; and,
- Culturally relevant programs in the facilities in support of rehabilitation.

The Community Justice Division has the responsibility to provide community justice development, including the promotion and establishment of programs to prevent crime within the communities through greater community participation and control. The division provides communities with contribution funding to enable the direct control and development of community-based projects in the areas of restorative justice, victim services and community policing. The *Victims of Crime Act* is administered in this division. There is also contribution funding available to support initiatives for Victims of Crime.

EDUCATION, CULTURE AND EMPLOYMENT

EDUCATION, CULTURE AND EMPLOYMENT

This page intentionally left blank

VISION

The Department of Education, Culture and Employment's vision is one of Northern people leading fulfilled lives and contributing to a strong and prosperous society.

PURPOSE

The purpose of the Department of Education, Culture and Employment is to invest in and provide for the development of the people of the Northwest Territories, enabling them to reach their full potential, to lead fulfilled lives and to contribute to a strong and prosperous society.

GOALS AND OBJECTIVES

- *Pride in our Culture* - Northerners who are knowledgeable about and proud of their culture.

Objectives:

1. Preservation of and knowledge of our heritage;
2. Promotion of the arts; and,
3. Support for and promotion of official languages.

- *Education of Children and Youth* - Northern families developing a strong foundation for their children's learning.

Objectives:

1. A strong foundation for learning;
2. Students achieving their potential; and,
3. A results-based education system.

- *Education of Adults* - Northern adults continuing to learn and grow to meet the requirements of daily living.

Objectives:

1. Access and choice for adult learners;
2. A responsive college; and,
3. An integrated adult learning network.

- *A Skilled and Productive Work Environment* - Northerners participating in a strong and prosperous work environment.

Objectives:

1. Northerners making informed career choices;
2. A skilled workforce; and,
3. A productive work environment.

- *People Participating Fully in Society* - Northerners actively participating in community and society to their fullest.

Objectives:

1. An integrated system of program supports;
2. A comprehensive system of financial supports; and,
3. A responsive income security system.

DIRECTORATE AND ADMINISTRATION**Activity Description**

Directorate and Administration provides overall management, planning, communications and administrative support to the Department and its partners in education across the NWT. The Branch operates under the direction of the Deputy Minister who makes recommendations to the Minister with regards to Departmental goals, objectives, and standards.

The Directorate provides leadership, management, planning, and public relations for the Department as well as its boards and agencies.

The Strategic and Business Services Division guides the development and review of departmental legislation and policy, briefing notes, decision-making documents, strategic planning, results reporting, and program evaluation. The Division also provides financial, budget and capital planning, as well as records management support to the Department. Finally, the Division provides for and maintains the systems that support the delivery of ECE programs.

EDUCATION AND CULTURE

Activity Description

Education and Culture is responsible for the delivery of programs and support services for early childhood development, K-12 education, culture and the arts, heritage and museums, public libraries, and distance learning.

The Early Childhood and School Services Division is responsible for the development of direction, standards, support programs and curriculum for children from early childhood through to the end of grade 12. The Division works to ensure standards are maintained through continuous monitoring and evaluation that allows for identification of areas that require further in-service training, as well as curriculum review, revision, or replacement, as appropriate.

Program areas:

- Instructional and Support Services (K-12)
- Early Childhood Development
- Language and Culture Instruction (Aboriginal K-12)

The Education Operations and Development Division supports, monitors and reviews operations and service delivery by education bodies responsible for K-12 education. The Division is also responsible for the certification of teachers and principals, the maintenance of student records, the diploma exam program and the management of public library services. It also provides direct support to teachers through the Teachers' Qualification Service and the Professional Improvement Fund, and by assisting with recruitment and retention.

Program areas:

- Education Operations and Development
- Library Services
- Schools
- NWTTA Professional Improvement

The Culture and Heritage Division is responsible for enhancing the arts, culture and heritage of the Northwest Territories and works in partnership with community, regional and national organizations. Through the Prince of Wales Northern Heritage Centre and the NWT Archives, the Division preserves and provides public access to the GNWT's collection of artifacts, archives and information about the culture and heritage of the Northwest Territories. The NWT Archives is also the custodian of the GNWT's archival records. The Division also manages the archaeology, geographic place names, education extension and museum assistance programs. Contributions are provided to artists, arts organizations and art projects through the Arts Council and Support to Northern Performers programs. Contributions are also provided for cultural projects through regional offices.

Program areas:

- Culture and Heritage

The Official Languages Division is responsible for supporting the acquisition, maintenance and revitalization of Official French and Aboriginal languages in the NWT and for overseeing the delivery of GNWT services to the public in the Official Languages. The Division supports Aboriginal broadcasting. Programs are delivered in partnership with other agencies and organizations.

Program areas:

- Language Services

ADVANCED EDUCATION AND CAREERS

Activity Description

The College, Career Development and Labour Division provides a range of programs and services related to career development, apprenticeship, employment preparation and training, college and continuing education and labour services.

The Division supports Aurora College to plan, deliver, evaluate and develop adult and postsecondary education and training programs including Adult Literacy and Basic Education. The Community Literacy Development Fund provides third-party funding for seniors, persons with disabilities, Aboriginal language, English as a second language, and family literacy projects. It also funds the NWT Literacy Council, community libraries, and promotion of literacy.

The Division works closely with industry and Aurora College to provide apprenticeship training and certification in trades and occupations. The Division also negotiates and monitors training and employment provisions of socio-economic agreements.

It plays a major role in coordinating partnerships for expanding employment opportunities in the North and increasing participation in the workforce. It provides support to industry to ensure that the scope and delivery of programs meet regional needs. Career Centres offer career counselling, needs assessment, education planning, workshops, resource libraries, career and labour market information, and career fairs.

Labour Services administers the *Labour Standards Act* while the Labour Standards Board handles complaints from employees and employers regarding non-compliance with legislation.

Program areas:

- College
- Adult Basic Education and Literacy
- Apprenticeship and Training Programs
- Career and Employment Development
- Labour Services

Regional Operations are responsible for managing area offices as well as the Career Centres that are located in regional centres. These frontline service centres deliver career and employment development, income support, early childhood programs and cultural projects.

INCOME SECURITY

Activity Description

Income Security provides a range of programs and services that pertain to adult and postsecondary education assistance, income support and public housing subsidies.

Income Security Programs provide temporary financial supports to individuals and their families in ways that recognize the importance of the family and community in promoting self-reliance. Assistance is available through a range of programs intended to meet basic needs, including those of adult and postsecondary students, seniors, and child care users. These programs encourage people to make productive choices through their own efforts and in line with their interests and abilities.

Program areas:

- Income Support
- Public Housing Rental Subsidies
- Student Financial Assistance

COLLEGE PROGRAMS

Aurora College coordinates northern research and delivers adult and postsecondary education and training programs under the direction of a Board of Governors appointed by, and accountable to, the Minister of Education, Culture and Employment.

The Aurora Research Institute is responsible for licensing and coordinating research in accordance with the *NWT Scientists Act*. It also promotes communication between researchers and the communities impacted by their work. Increasing public awareness of the importance of science, technology and indigenous knowledge is a key goal. Aurora Research Institute has offices in Inuvik and Fort Smith.

Aurora College, through its three regional campuses and 23 community learning centres, provides community-based adult literacy and basic education programs for learners who wish to access specific postsecondary education and training. It delivers certificate and/or diploma programs in trades, technical programs and certified occupations:

- Aboriginal Language and Cultural Instructor;
- Developmental Studies (Adult Basic Education);
- Certificate in Adult Education;
- Community Health Worker;
- Community Wellness Worker;
- Criminal Justice;
- Early Childhood Development;
- Management Studies;
- Natural Resources Technology;
- Nursing;
- Office Administration;
- Recreation Leaders;
- Social Work;
- Teacher Education;
- Traditional Arts;
- Fine Arts and Crafts; and
- Trades, Technology and Certified Occupations.

Degrees are offered in the Bachelor of Science in Nursing and the Bachelor of Education programs.

The College operates through third-party contracts and an annual contribution from the Department as approved by the Legislative Assembly. Contributions to the College are allocated for each academic year, which runs from July 1 to June 30.

COLLEGE FUNDING ALLOCATION

(Thousands of dollars)

	2007/2008 Academic Year	2006/2007 Revised Academic Year
Aurora College		
Base Operation	5,143	4,929
Campus Delivery	8,331	8,067
Community Delivery	4,227	4,125
Service Adjustment	2,980	2,812
Building and Works	7,347	7,125
Developmental	430	430
Total College Contributions	28,458	27,488

Notes:

1. The above information has not been finalized with the College. Adjustments to budgets will be made based upon the approved program and services proposal for 2007-2008.

2. Glossary:

Base Operations - minimum service level for administration of head office, campuses and student services

Campus Delivery - courses and programs offered at regional campuses

Community Delivery - programs and services offered through community learning and program centres

Service Adjustment - for regional cost differences and to enhance service levels at specific locations

Building and Works - college facilities, equipment and utilities

Developmental - development of new programs to address specific GNWT priorities

3. Contributions to the College are calculated on an academic year basis. The fiscal year of the College matches the academic year of July 1 - June 30.

4. The above numbers do not include \$100,000 for Capital Infrastructure.

TRANSPORTATION

MISSION

Our Mission is to provide for the safe, secure, accessible and reliable movement of people and goods to serve the social and economic needs and aspirations of the people of the Northwest Territories.

The Department accomplishes its Mission through seven main activities:

1. AIRPORTS

To provide airport facilities and services and to encourage and support the provision of regular, safe, cost effective and reliable air services.

2. HIGHWAYS

To provide highway facilities and to encourage and support the provision of safe, reliable and cost-effective inter-community travel and road transportation services.

3. FERRIES

To provide safe and reliable ferry crossing services on the highway system.

4. ROAD LICENSING & SAFETY

To protect public safety and the environment by supporting the safe operation of motor vehicles in the NWT.

In addition to its regulatory responsibilities for transportation safety, the Department delivers public education programs, in conjunction with the federal government and other GNWT Departments, on transportation safety, such as the Strategy to Reduce Impaired Driving and Occupant Restraint Campaigns.

5. LOCAL COMMUNITY ACCESS ROADS

To provide assistance to communities for building locally owned roads and trails to points of interest, tourism and recreational opportunities and renewable resource harvesting areas.

6. COMMUNITY MARINE INFRASTRUCTURE

To provide assistance to communities to implement marine facilities. The Department provides financial and technical assistance to communities for the construction of breakwaters, docks and wharves in support of subsistence marine harvesting and recreational boating.

7. CORPORATE SERVICES

To provide support and department-wide corporate programs in 10 areas.

GOALS

The Department of Transportation has six goals that support the achievement of the Government's vision for the future of the Northwest Territories.

1. The NWT transportation system continues to improve,
2. The NWT has an ongoing high level of Northern business and employment opportunities in the public and private transportation sectors,
3. The NWT has a safe and secure transportation system in all modes,
4. The Department has a high performance workplace that is effective in delivering programs and services,
5. The Department demonstrates environmental sustainability in all transportation activities,
6. The Department provides funding for local transportation infrastructure.

AIRPORTS

Activity Description

The purpose of the Airports Program is to provide airport facilities and services and to encourage and support the provision of regular, safe, cost-effective and reliable air services. The Department is responsible for the maintenance, operation, and rehabilitation and upgrading of airports.

The Department operates 27 airports in the Northwest Territories, of which one is a Gateway hub, (Yellowknife), two are Regional hubs, (Norman Wells and Inuvik), and the remaining 24 are community airports. Connected with the Airports Program, the Department maintains a close watch over air transportation legislation, regulation and policy activities of other governments, overall trends in air transportation safety, costs, infrastructure technology development/change and opportunities for partnership to finance the improvement of airport infrastructure.

There are four areas of program support:

- Management
- Program Development
- Operations
- Facilities

HIGHWAYS

Activity Description

The purpose of the Highways Program is to provide highway facilities and to encourage and support the provision of safe, reliable and cost-effective inter-community travel and road transportation services. The Department is responsible for operating, maintaining, rehabilitating and upgrading all highway infrastructures.

The Department maintains 2,200 kilometers of all-weather highways and 1,425 kilometers of seasonal winter roads. The Highway system also includes over 70 bridges and well over 3,000 culvert structures. Connected with the Highways Program, the Department monitors current trends in highway construction, engineering, safety, design and technology. The Department actively seeks new partnership opportunities with other governments and industry to finance the development of new highway infrastructure and to finance enhanced operations.

There are four key areas of program support:

- Management
- Winter Roads
- Infrastructure
- Operations

FERRIES

Activity Description

The purpose of the Ferry Program is to provide safe and reliable ferry crossing services on the highway system. The Department is responsible for the maintenance, operation and upgrading of vessels and support facilities.

The Department provides ferry services at five river crossings where territorial all-weather highways traverse waterways. Connected with the Ferries Program, the Department maintains a close watch over federal marine legislation, regulation and policy activities.

There are three areas of program support:

- Management
- Maintenance and Refits
- Operations

ROAD LICENSING AND SAFETY

Activity Description

The purpose of the Road Licensing & Safety Program is to ensure the protection of public safety and the environment in all areas related to the use of motor vehicle and commercial vehicles.

The Department is responsible for the testing, registration and inspection of all drivers and vehicles that use the Territorial transportation network. The Department establishes and enforces the Acts, Regulations and Safety Codes that apply to drivers and motor vehicles including commercial motor carriers throughout the Territory.

Connected with the Road Licensing & Safety Program, the Department ensures the safe operation of all commercial vehicles through transportation legislation, inspections, regulations and policy activities. The Program ensures compliance with national policies and initiatives. The Program researches trends in highway transportation safety, technology development, and future opportunities for partnerships to ensure regulatory harmonization, implementation of new ideas and ensuring all drivers and vehicles are safe to share the roadways.

There are three areas of program support:

- Management
- Driver & Vehicle Licensing Program
- Carrier & Inspections Program

INDUSTRY, TOURISM AND INVESTMENT

Shared Services provides services to the Department of Industry, Tourism and Investment and the Department of Environment and Natural Resources. These services are shared proportionately between the two Departments.

MISSION

The Department of Industry, Tourism and Investment, in partnership with others, provides quality programs and services to promote and support Northwest Territories economic prosperity and community self-reliance.

GOALS

Promote and support a diversified economy that provides opportunities for Northwest Territories residents.

Promote and support the development of business opportunities, including agriculture, commercial fishing, the traditional economy, tourism, trade, investment, manufacturing, and secondary industries.

Promote the sustainable development of natural resources that respects the conservation and protection of the environment for our future generations.

Promote and support the efficient development, utilization and marketing of energy resources to achieve self-sufficiency, maximize economic opportunities, and realize affordable energy costs.

Secure economic and employment opportunities from responsible resource development for Northwest Territories residents.

Develop partnerships with individuals, businesses, communities, Aboriginal organizations and other governments to foster prosperity and community self-reliance.

CORPORATE MANAGEMENT

Activity Description

The Corporate Management activity consists of Directorate; Policy, Legislation and Communications; Corporate Costs; and Shared Services (Finance and Administration, and Informatics).

Directorate includes the Deputy Minister, the Assistant Deputy Minister – Programs and Operations, and the Assistant Deputy Minister – Energy, Mines and Petroleum Resources, and is responsible for overall direction and coordination of Departmental programs.

Policy, Legislation and Communications provides policy, legislative, strategic planning, coordination and communications support to enable the Department to respond effectively to economic and resource development issues of concern to the Northwest Territories. This function is responsible for coordinating environmental assessment and land use planning activities for Industry, Tourism and Investment. This function also coordinates the Department's participation in Aboriginal lands, resources and self-government negotiations, and provides input to negotiations for devolution of land and resources management from the Federal Government.

Corporate Costs captures Department wide specific costs such as lease payments, vehicle and building maintenance, fuel, etc.

Shared Services provides services to the Department of Industry, Tourism and Investment (ITI), and the Department of Environment and Natural Resources (ENR). Finance and Administration provides financial management and administrative services to the Departments. These services include budget development and control, authorization of financial transactions, financial reporting and the delivery of financial management training. Informatics is responsible for information systems that support the Departments in developing and managing databases and web systems in order to provide information to decision-makers and the public. They also coordinate and support records management for ITI and ENR. Informatics Division includes the NWT Geomatics Centre, which provides access to remote sensing and geographic information systems and databases. The Centre also provides expert support, map making and coordination and leadership in the use of geomatics by the GNWT. The Geomatics Centre also hosts the GNWT Spatial Data Warehouse, which provides a single location for GNWT to store and access spatial data for internal and public use. The Informatics Division also manages the ITI/ENR Library, which maintains and manages an extensive library of resources used by both departments and the public.

ENERGY, MINES AND PETROLEUM RESOURCES

Activity Description

This activity consists of Minerals, Oil and Gas; the Mackenzie Valley Pipeline Office; Energy Planning; and Industrial Initiatives.

Minerals, Oil and Gas participates in developing strategies to increase economic benefits from resource development to Northwest Territories residents and businesses, and works with communities and other government departments and agencies to identify and realize opportunities from resource extraction activities in the Northwest Territories. It also participates in developing strategic plans for the transfer of provincial-type responsibilities with respect to oil, gas and mineral resources from the Federal Government to the GNWT.

Minerals, Oil and Gas also has responsibility for the administration of rough diamond supply agreements; monitoring of Approved NWT Diamond Manufacturers' rough, cut and polished stones; and management of the GNWT Diamond Certification Program.

The NWT Geoscience Office is a partnership between Industry, Tourism and Investment, the Federal Department of Indian Affairs Canada and the Geological Survey of Canada. Its mandate is to advance geoscience knowledge of the NWT for the benefit of Northerners, through delivery of geoscience research; analysis of mineral and petroleum resources; excellence in data management; and collaboration with partners.

Mackenzie Valley Pipeline Office delivers focused Government-wide coordination, planning and strategy formulation to maximize the benefits and mitigate the adverse impacts of the development of the proposed Mackenzie Gas Project (MGP). The Mackenzie Valley Pipeline Office also coordinates interdepartmental planning and information and communications on the MGP.

Energy Planning contributes to over-all GNWT energy policy development and develops plans related to the generation, transmission and use of energy in the Northwest Territories. The Energy Planning Division is also responsible for providing broad energy sector intelligence and representing GNWT interests regarding energy at the provincial/territorial and national level.

Industrial Initiatives facilitates the GNWT industry-related socio-economic activities that ensure northern resources provide northern benefits. It negotiates and implements agreements with industry on commitments made to NWT residents to mitigate adverse social and economic impacts relating to large-scale non-renewable resource development.

ECONOMIC DEVELOPMENT

Activity Description

Economic Development activity is realized through programs and service activities in Investment and Economic Analysis; Tourism and Parks; and the Northwest Territories Business Development and Investment Corporation.

Investment and Economic Analysis provides advice, coordination and support to a number of sectors, including businesses, arts and crafts, trade and investment, manufacturing and marketing, and acts as a link to national and international businesses and organizations. This function is responsible for the administration of the Business Incentive Policy and manages and administers GNWT Certified Diamond marketing and promotion programs.

Traditional Economy is part of Investment and Economic Analysis and is responsible for the coordination, support and promotion of Northwest Territories agriculture, fisheries, trapping and commercial game harvesting to increase economic benefits for Northwest Territories residents, communities and businesses.

Tourism and Parks is responsible for developing, operating and maintaining public tourism facilities including parks, visitor centres and interpretive displays and promotional signage. The Division also provides support for tourism marketing to Northwest Territories Tourism, undertakes research projects to assist tourism industry stakeholders in business planning, provides tourism training support, and assists in product and infrastructure development and strategic tourism planning.

Northwest Territories Business Development and Investment Corporation (BDIC) was established by legislation that came into force on April 1, 2005. The BDIC supports the economic objectives of the GNWT by encouraging the creation and development of sustainable businesses in the Northwest Territories. BDIC does this by providing financial assistance on its own or in partnership with other financial institutions; by providing information relating to the establishment and operation of businesses; and by directly investing in business enterprises.

LEASE COMMITMENTS - INFRASTRUCTURE

(thousands of dollars)

Type of Property	Community	2007/2008 Main Estimates	Future Lease Payments
Mackenzie Valley Pipeline Office	Hay River	56	-
Visitors Centre	Inuvik	23	135
Visitors Centre	Dawson	2	12
Office	Norman Wells	59	24
Office	Fort Simpson	30	-
		170	171

Note: The above leases do not include capital leases. In the event a lease is deemed to be a capital lease the associated asset is included in tangible capital assets and amortized over the useful life of the asset; and the lease is recorded as a financial liability.

Fur Marketing Service Revolving Fund

Purpose: To provide working capital for the operation of a fur advance system. Trappers receive interest free advances on fur sent to southern auction houses. More than 1,000 trappers take advantage of this program.

(thousands of dollars)

	2007/2008 Main Estimates	2006/2007 Revised Estimates	2006/2007 Main Estimates	2005/2006 Actuals
Authorized Limit	900	900	900	900
Operating Results:				
Opening Accounts Receivable	290	269	285	251
Advances to Trappers	780	764	770	746
Repayment of Fur Account Loans	<u>(745)</u>	<u>(743)</u>	<u>(735)</u>	<u>(728)</u>
Closing Accounts Receivable (Note 1)	325	290	320	269

Note: Some fur remains unsold at auction for extended periods. The spring sale proceeds which are received after fiscal year end pay off most of the remaining advances from the trapping season.

ENVIRONMENT AND NATURAL RESOURCES

Shared Services provides services to the Department of Industry, Tourism and Investment and the Department of Environment and Natural Resources. These services are shared proportionately between the two Departments.

MISSION

Environment and Natural Resources (ENR) works with all people and interested organizations to protect our environment by making sure our resources are used wisely and that people understand their part in keeping the environment healthy.

GOALS

1. The NWT's air, land, water, wildlife, and forests are protected.
2. The NWT's natural resources are used and developed wisely in accordance with the Sustainable Development Policy.
3. Knowledge is gained through cooperating and sharing information with other organizations and people interested in the environment.
4. The NWT's environment and natural resources are managed with the understanding that forests, wildlife, air, land and water are connected.

CORPORATE MANAGEMENT

Activity Description

The Corporate Management activity consists of **Directorate, Compliance, Policy, Legislation and Communications, Environmental Assessment and Monitoring, Corporate Costs** and **Shared Services** (Finance and Administration and Informatics).

Directorate includes the Deputy Minister and the Associate Deputy Minister, Operations. The Directorate is responsible for the overall management and direction of departmental legislation, policies, programs and activities in support of its mandate. The Directorate is also responsible for interagency and intergovernmental affairs, corporate management and providing overall strategic direction to the Department.

Compliance is responsible for the development and management of activities and programs related to the enforcement of ENR legislation, including officer training standards and operational procedures.

Policy, Legislation and Communications (PLC) provides policy, legislative, and strategic planning support to directorate, divisions and regions to enable the Department to provide an effective and coordinated response to environmental and natural resources management issues. The division coordinates departmental input into lands, resources and self-government agreements. PLC is also responsible for coordinating land use plan approvals, and water management process as appropriate for the GNWT. Public Affairs and Communications is responsible for media relations, communications planning and products, and all public education related to resources and environmental management.

Environmental Assessment and Monitoring (EAM) coordinates the GNWT's interventions in environmental assessments in the Mackenzie Valley and Inuvialuit Settlement Region. EAM also coordinates ENR input during preliminary screenings of industrial activities and regulatory applications as well as renewal of permits and licences throughout the NWT. EAM is also responsible for negotiating Environmental Agreements and coordinating the monitoring and compliance of these agreements. As well, EAM ensures policy and processes, consistent with legislation, GNWT direction, land use plans and Aboriginal land claims and other Agreements, are developed to deal with cumulative impacts of development in the NWT.

Corporate Costs capture Department wide specific costs such as lease payments, vehicle and building maintenance and fuel.

Shared Services, comprised of Finance and Administration and Informatics, provides services both to the Department of Environment and Natural Resources and the Department of Industry, Tourism and Investment.

Finance and Administration provides financial management and administrative services. These services include budget development and control, authorization of financial transactions, financial reporting and delivery of financial management training.

Informatics provides information management expertise and support to ENR and ITI related to database application development, systems analysis and maintenance. Informatics monitors the centralized delivery of computer IT Services and is the liaison between ENR-ITI and the TSC to ensure that services are provided in an efficient and timely fashion. Informatics manages the ENR-ITI Library and provides library services, including the management of the departments' multi-media assets; and provides expertise, guidance and supports the records management systems. Through the NWT Geomatics Centre, Informatics also provides access to remote sensing and geographic information systems and databases, expert support, coordination and leadership in the use of Geomatics by the GNWT.

ENVIRONMENTAL PROTECTION

Activity Description

Ensuring the protection and enhancement of the natural environment is a shared responsibility in the NWT. The Department works with other governments, industry and citizens to maintain a high quality environment for the benefit of current and future generations.

The Environment activity consists of Program Management, Environmental Protection and Energy Management.

Program Management is responsible for the planning, coordination, administration and management of divisional resources and programs designed to influence human activities that have an impact on the natural environment.

Environmental Protection works with government departments and agencies, communities, industry and the public to prevent and reduce the impact of human activities on the natural environment. Environmental Protection also provides information and programs in the areas of contaminated sites, hazardous substances, solid and hazardous wastes, air quality and assessment of community, mineral and oil and gas development activities that may impact the environment.

Energy Management coordinates the Government's response to climate change by developing strategies and activities to control greenhouse gas emissions, identifying impacts and adapting to a warming climate. Working in partnership with the Arctic Energy Alliance, Energy Management encourages energy conservation, and the use of energy efficient technologies and alternative energy sources.

FOREST MANAGEMENT

Activity Description

Forest Management is responsible for the stewardship of NWT forests through sustainable management of forest resources and forest fire management.

This activity consists of Program Management and Presuppression, Fire Suppression and Forest Resources.

Program Management is responsible for the overall direction and coordination of divisional programs. It also has the lead in the development of the GNWT policy and legislative initiatives for forest management. It provides for financial planning, monitoring and reporting, contract administration and business planning. Other key areas are administration of regulatory processes associated with forest management, and divisional coordination of input into community and industrial environmental assessment reviews.

Presuppression, established as a separate component of Program Management, is responsible for forest fire prevention and preparedness for forest fire management. These functions are essential for managing wildfire to protect human life, property and other values at risk on the forest landbase. Education and community protection planning are key aspects of forest fire prevention. Preparedness is a critical part of forest fire management. It involves activities that take place prior to a fire occurrence to ensure the GNWT is in a position to respond effectively to forest fires. Primary preparedness aspects are personnel, aircraft, equipment, infrastructure and decision support requirements.

Fire Suppression is responsible for providing resources required to meet the challenges of responding to fire occurrences. It includes provision of personnel, equipment and resources and the implementation of an Incident Command System for wildfire response. Fire response is delivered at the regional level with support and coordination at the territorial level.

Forest Resources provides for the management and administration of NWT forest resources. Primary program functions are forest inventory, resource analysis, forest management planning and practices and forest education. The functions of this core area are fundamental to ensuring sound environmental stewardship of forest resources. Forest inventories are prepared to identify the location and state of the forest resources. Inventories provide information for planning, environmental assessment and cumulative effects monitoring. Standard operating procedures and best practices are developed and plans prepared to provide long-term strategies for sustainable development and environmental protection of the forest resource. Silviculture programs include reforestation activities, forest health monitoring and establishing methods and procedures for the management of forests to ensure the sustainability of the forests for future generations. In addition Forest Resources provides information for decision making related to forest resource regulation and other industrial uses that have the potential to impact sustainable management of the forest resource.

WILDLIFE

Activity Description

The Wildlife activity is responsible for maintaining productive populations of all native wildlife in their natural habitats, encouraging the wise use of wildlife populations within the limits of sustainable yield, and encouraging the active participation of northern residents in the management of wildlife resources. This activity consists of Wildlife Management and Protected Areas.

Wildlife Management provides support to resource user organizations to enable them to become more involved in wildlife management. Wildlife Management initiatives assess and monitor wildlife, habitat, species at risk, and biodiversity. As well, this function coordinates initiatives that address impacts on wildlife from human activity. Wildlife Management is also responsible for developing plans and programs that support the sustainable development of wildlife resources, including the administration of the sport fishery.

The Wildlife activity also works in cooperation with the Department of Industry, Tourism and Investment to provide expert advice, contacts and experience on matters relating to the traditional economy.

Protected Areas (PA) provides a secretariat function to the NWT Protected Areas Strategy (PAS) in partnership with Indian and Northern Affairs Canada, and Aboriginal, environmental and industry organizations. Environment and Natural Resources represents the GNWT on the PAS Steering Committee; the alternate is the Department of Industry, Tourism and Investment.

GLOSSARY

GLOSSARY

Activity	A division of a Program.
Accumulated Amortization	The total to date of the periodic amortization charges relating to tangible capital assets since they were placed in use.
Amortization	The systematic process of allocating the cost of capital assets to expense for the periods in which they provide benefits. For the purpose of tangible capital asset accounting in the Government of the Northwest Territories, amortization is calculated using the straight-line method, which assumes that an equal benefit is received in each year of the asset's estimated useful life. This term is used interchangeably with depreciation and is generally understood to mean the same thing.
Appropriation	A budget approved by the Legislative Assembly that permits obligations to be incurred and expenditures to be made. Appropriations are usually made for fixed amounts and are typically for a period of one year.
Capital Assets in Service	Assets currently being used in the production or supply of goods, delivery of services or program outputs.
Budget	An estimate of proposed expenditures for a given period and the proposed means (revenue estimates) of financing those expenditures.
Capital Asset	Property of a relatively permanent nature used in the operations of the government, and not intended for sale. Capital assets will have a useful life that extends over more than one fiscal period.
Capital Expenditures	An outlay of government resources, normally not of a recurring or continuing nature, for the purchase or construction of a capital asset, or an outlay which increases the expected useful life of an existing capital asset.
Capital Projects	Projects established for the purchase or construction of capital assets. Typically a capital project encompasses a purchase of land or equipment and/or the construction of a building or other facility.
Capital Recovery	Receipt from a second or third party for the acquisition or construction of a capital asset by the Government of the Northwest Territories.
Contribution	A conditional transfer of appropriated funds to a public agency, community government or other organization that is accountable to the government for the use of the funds and fulfillment of the objectives for which the funding is provided.
Control Object	Appropriations for operations expense are further broken down into control objects. The control objects are as follows: <ul style="list-style-type: none">• Compensation and Benefits;• Grants and Contributions;• Other Expenses; and,• Amortization Expense.

GLOSSARY

Department	Organizational entity established by Cabinet to deliver programs and services within a specified mandate.
Departmental Overview	A summary of the vision, mission and goals of a government department.
Disposals	Voluntary (through sale, exchange, etc.) or involuntary (through damage or theft) disposal of capital assets. Upon disposal, the net book value of the asset is removed from the accounts.
Estimates	The estimated expenditures, to be approved by the Legislative Assembly, and forecasted revenues, for all government departments.
Expenditure	Funds paid or payable to acquire goods and services, consumed in Government operations or an investment in capital assets.
Financial Management Board	The Financial Management Board is a committee of the Executive Council, consisting of all members of the Executive Council, that is responsible for the financial management and administration of the Government of the Northwest Territories.
Fiscal Year	A consecutive twelve-month period designated as the reporting year of a government or organization. The Government of the Northwest Territories' fiscal year starts April 1 and ends March 31 of the following calendar year.
Goal	A high-level statement of the desired outcome of government activities to be achieved over an unspecified period of time.
Grant	An unconditional transfer of appropriated funds to a public agency, group or organization for which the recipient is, with the exception of meeting the eligibility criteria for the grant, not accountable to the government.
Infrastructure	The permanent facilities and organization structure in place for the purpose of delivering government programs.
Net Book Value	The cost of a tangible capital asset, less both accumulated amortization and the amount of any write-down.
Position	A job description established within the public service. The term "active positions" includes positions that are occupied, or that are temporarily vacant but will be staffed.
Program	The term used in the Government's Financial Information System to describe a department of the Government of the Northwest Territories.
Public Agency	A statutory body or territorial corporation specified in Schedule A or B of the Financial Administration Act.
Regions	Geographical sub-divisions of the Northwest Territories for administrative purposes.

GLOSSARY**Tangible Capital Asset**

A non-financial asset of physical substance that is purchased, constructed, developed or otherwise acquired and has the following characteristics:

- It is held for use in the production or supply of goods, delivery of services or program outputs;
- It has a useful life extending beyond one fiscal year and is intended to be used on a continuing basis; and,
- It is not intended for resale in the ordinary course of operations.

The major categories of tangible capital assets are:

- Land (other than land acquired at no cost to the government);
- Roads and Bridges;
- Ferries;
- Airstrips and Aprons;
- Buildings;
- Water and Sewer Works;
- Leasehold Improvements;
- Mobile and Heavy Equipment;
- Other Major Equipment; and,
- Major Medical Equipment.

Vote

A specific segregation of spending authority into a broad category according to intended use such as operations expenses or capital investment authority.

Work in Progress

Records the value of capital assets under development or construction and not yet substantially complete or in service.

Budget Development Process

Budget Development Process

INTRODUCTION

Commencing with the 1996-97 fiscal year, the Government of the Northwest Territories has used a comprehensive three-year business planning approach, which guides the development of the Main Estimates. Business planning is a process used by many governments and other organizations to provide a link between strategic planning and resource allocation. Generally, business plans flow from an organization's longer-term strategic plan, but deal with a shorter time frame, propose further information on implementation, and include details on resource allocation.

The Main Estimates reflect the Government of the Northwest Territories' plan of action for the upcoming fiscal year. Specifically, they represent all anticipated expenditures and all anticipated revenues for the fiscal year, which commences April 1.

The Main Estimates seek appropriation authority for the fiscal year, which begins April 1. The Budget Address, presented by the Minister of Finance at the time of presentation of the Main Estimates, is an integral part of the total budget package. In addition, the Government's Business Plans are tabled in the Legislative Assembly at the time of the Budget Speech and tabling of the Main Estimates.

Many individuals and organizations, both from within the government and from the public have been consulted during the planning and development stages of the budget process. However, the exact content of the Main Estimates is not public until tabled in the Legislative Assembly by the Minister of Finance. Traditionally, the budget presentation process prevents special interest advantages being obtained through advance information on government fiscal initiatives.

PROCESS

The Main Estimates process consists of several phases:

1. *Fiscal Strategy development;*
2. *Pre-Budget Consultation;*
3. *Multi-year Business Plan development and review;*
4. *Main Estimates development process;*
5. *Budget Address development;*
6. *Presentation to the Legislative Assembly; and,*
7. *Preparation and entry of budgets into the Financial Information System.*

During the course of any given fiscal year, there are three other processes that are used to monitor and adjust the budget:

1. *Variance Reporting - Monitoring of Expenditures and Revenues against Budgets;*
2. *Supplementary Estimates; and,*
3. *Results Reporting.*

Budget Development Process

1. *Fiscal Strategy Development*

Under the direction of the Minister of Finance, the Financial Management Board Secretariat prepares a multi-year fiscal framework. The framework is an overview of the projected financial position of the government based on a set of assumptions about revenues, expenditures, and federal transfer payments.

In the development of a fiscal strategy, the framework is used as a modeling tool to project the fiscal position of the government, assuming current policies and trends are maintained, as well as alternate positions based on various policy changes, new policies and new initiatives. This allows the Financial Management Board and Cabinet to assess whether the current mix of expenditures and taxes are appropriate. If the mix cannot be sustained, or change is desired for policy reasons, it allows for an evaluation of alternatives in expenditures, taxation, and borrowing.

Based on the government's current financial position, program objectives and the fiscal alternative chosen, targets for each department are approved by the Financial Management Board and instructions are issued to departments for the development of multi-year business plans.

2. *Pre-Budget Consultation*

Beginning in 2005, the Standing Committee on Accountability and Oversight has begun conducting Pre-budget consultations in a cross-section of Northwest Territories communities. These consultations offer an opportunity for community leaders and residents to communicate their thoughts on Government priorities and spending to the Committee. The Committee provides a comprehensive report to the Legislative Assembly on the input from these consultations.

3. *Multi-year Business Plan Development and Review*

The multi-year business planning approach links strategic planning with resource allocation. The business planning process includes setting goals, developing strategies to achieve the goals, and establishing targets and outcome measures. The Executive Council approves a multi-year Business Plan, which sets goals and strategic priorities for the government. The departmental business plans are developed to support the overall Government's goals. As part of the process, departments identify the challenges and pressures confronting them, and map out how to meet those challenges within available resources. Business Plans identify key strategies that each department will implement to achieve its goals, and also identify outcome measures and targets to be achieved.

Multi-year business plans focus on two areas of expenditure:

a) Operations Expenditures

The Financial Management Board establishes departmental planning targets. Individual departments develop and document projections of forced expenditure growth in existing programs on the basis of demographics or utilization trends, possible expenditure reductions, required service level increases and other anticipated changes for each departmental program. This is done in accordance with Financial Management Board instructions.

New or expanded programs are justified in relation to government priorities, policy directives, and/or changes to industrial norms or national standards.

Departmental multi-year business plans are submitted for review, analysis, and compilation by the Financial Management Board Secretariat and Cabinet Secretariat before presentation to the Financial Management Board and Cabinet. They are then referred to Legislative Standing Committees for review.

Budget Development Process

b) Infrastructure Investment

Commencing with the 2002-2003 Main Estimates, the Government adopted a revised capital planning process. The capital planning process provides for one capital investment target with all Departmental projects competing for the available funding. The result is that projects are prioritized on a government wide basis versus a departmental basis.

The capital planning process for each planning cycle starts with community consultations. Community consultations are conducted to ensure communities are:

1. consulted annually on their capital needs;
2. provided explanations on the allocation of resources to capital investment; and the application of priority criteria along with the political and other influences on the process will be provided; and,
3. provided direct feedback on the consultations, including feedback to communities on the inclusion or exclusion of community projects in the capital plan or capital needs assessment; and if requested, a follow-up meeting with the communities to explain the capital plan and disposition of their proposed projects.

The results from community consultations are taken into consideration in the development of the initial capital needs assessments completed by departments. Projects included in the first five years of the needs assessment are then rated against a common set of criteria.

The rating of the proposed Infrastructure projects and the available funding are taken into consideration in developing a preliminary Infrastructure acquisition plan. The preliminary plan is first reviewed by a Deputy Ministers Steering Committee and secondly by the Financial Management Board prior to a review by Standing Committees and the final approval when presented in the Main Estimates to the Legislative Assembly. Changes to the plan can be affected through any of the reviews prior to final approval.

As of April 1, 2007, the Department of Municipal and Community Affairs will implement the New Deal for NWT Community Governments. As part of this initiative, Community Governments will be provided with responsibility for planning, managing and owning their Community Public Infrastructure. Beginning in the 2007-2008 fiscal year, Municipal and Community Affairs will flow infrastructure funding through a Capital Formula to Community Governments. As Community Governments will have ownership for infrastructure built with these Formula funds, this will be recorded as Infrastructure Contributions and not be part of the Government of the Northwest Territories' Infrastructure Acquisition Planning target. Municipal and Community Affairs has been allocated a \$28 million target to allocate the Formula Funds. Due to the obligation to fund multi-year projects that have already begun, several projects are included in the 2007/08 plan, thus necessitating a phasing in of the Formula funding approach.

Draft Multi-Year Business Plans are reviewed by the Financial Management Board and then released to the Legislative Assembly for review by Standing Committees. Standing Committee comments and recommendations are considered by the Government in finalizing the Business Plans and preparing the Main Estimates.

4. ***Main Estimates Development Process***

Once the multi-year business plans and infrastructure acquisition plan have been reviewed by Standing Committees, departments proceed to prepare their annual estimates.

There is a minimum level of detail required in the development of the Main Estimates; departments may budget at more detailed levels, for internal purposes, as deemed necessary. Each department is responsible for the development of their budget. In this development a minimum level of detail is established which will meet the requirements of the Main Estimates and provide for the budget to be loaded into the Financial Information System.

Budget Development Process

The Financial Management Board Secretariat coordinates all department information to produce the Main Estimates and is responsible for coordinating the input of the budget into the Financial Information System once it is approved by the Legislative Assembly.

The Main Estimates are reviewed by the Financial Management Board Secretariat for uniformity, consistency of presentation and adherence to targets and guidelines. The Financial Management Board then approves the Draft Main Estimates for forwarding to the Legislative Assembly Standing Committees for their review prior to the commencement of the Budget Session.

5. ***Budget Address Development***

Under the direction of the Minister of Finance, the Department of Finance drafts the text of the budget address.

The budget address includes an outline of current trends and anticipated developments and identifies the government plan of action, related to its established strategies and priorities, for the upcoming fiscal year.

In addition, the address highlights or announces new tax and program initiatives and their expected impacts on the economy and government revenues or expenditures.

6. ***Presentation to the Legislative Assembly***

Following the presentation of the Budget Address to the Legislative Assembly by the Minister of Finance, the Main Estimates are released to Members of the Legislative Assembly, the general public, and the media. After the Legislative Assembly has completed its review, the Assembly approves the Appropriation Act.

7. ***Preparation and Entry of Approved Budgets into the Financial Information System***

The departments are required to provide the detailed data and coding structure, in a format established by the Financial Management Board Secretariat, for entry of the budget into the Financial Information System.

This function of budget entry consists primarily of the distribution of the annual budget by months. A number of computer-assisted tools are available to departments for this purpose (e.g. historical records, budget year payroll patterns).

The Financial Management Board Secretariat reviews the monthly budget flows and budget totals are confirmed against the amounts approved by the Legislative Assembly before transference to the Financial Information System.

The actual transfer is completely automated and is organized so that departmental budgets are in place on April 1.

8. ***Variance Reporting - Monitoring of Expenditures and Revenues against Budgets***

During the course of the year, the Financial Information System produces monthly reports comparing year-to-date revenues and expenditures to the year-to-date budget.

Departments must formally respond monthly to the Financial Management Board on the status of their expenditures and revenues-to-date, as compared to budget, and provide projections to year-end.

The Financial Information System is fully automated and exercises absolute control at the Vote/Department/Regional level. The system will not allow further expenditures by a department if the expenditure will cause the department to exceed its budget. At the activity level, the system issues a warning when an activity budget is about to be exceeded.

Budget Development Process

In the capital process, this absolute system control extends to the capital project level. A formal project variance/status review is conducted by the Financial Management Board, quarterly, on a schedule that relates to critical stages of the capital expenditure process.

The variance information and revised year-end projections, obtained through the expenditure and revenue monitoring mechanisms, are used during the year to monitor actual performance against the Government's fiscal framework and anticipate requirements for supplementary appropriations.

9. *Supplementary Estimates*

During the course of any given year, increases may be required to a department's spending authority. This is accomplished by way of Supplementary Estimates. They are presented to the Legislative Assembly, for approval, during regular sittings of the House.

In emergency situations, the Financial Management Board may recommend a Special Warrant to the Commissioner for advanced spending authority, to allow a department to respond quickly to a new or unforeseen need that meets the criteria of an emergency as defined by the Financial Administration Act. The Special Warrant is included in the subsequent Supplementary Estimate.

Upon approval of Supplementary Estimates by the Legislative Assembly, budget entries are prepared and entered into the Financial Information System.

10. *Results Reporting*

All departments establish performance measurement systems to monitor both the administrative outputs and the broader outcomes of their programs and services. In addition, departments publish key outcomes, measures and targets in their multi-year Business Plans. At the end of each fiscal year, the Financial Management Board Secretariat co-ordinates the development of a departmental report to the Legislative Assembly on results achieved during the year, with specific reference to the outcomes and measures in the Business Plan.

The report "Performance and Accountability Report" relates the departmental goals and strategies to the Government-wide goals as well as reporting the results achieved and how the department measured up against the targets included in the Business Plans. The report also includes a series of Government-wide measures mainly comprised of statistical information, which illustrates how the Northwest Territories compares to other jurisdiction
