

The Chitek Lake Park Reserve Public Consultation – Phase I

YOUR COMMENTS!

The purpose of this part of the Chitek Lake public consultation process is to obtain information from the public to help assess the suitability of provincial park designation and identify possible management directions for this area. What are your comments respecting the relative importance of the values and opportunities that will have to be considered during the development of draft Park Classification and Land Use Category(ies) for the Park Reserve? Please review the background information and use your own experience of the area to provide your comments respecting the topics listed below – or on other issues of importance to you (see the back of the colour brochure for specifics regarding park Classifications and Land Use Categories). Please don't feel limited by the space on this sheet! Write or email to the addresses below)

Examples of type of comments requested:

Park Role and Purpose:

- ❖ Chitek Lake Park Reserve has been suggested as a new provincial park. What do you think? If this were to occur, what issues need to be addressed to ensure your concept for the Chitek Lake area can be maintained over time?
- ❖ Parks and Natural Areas Branch is entering into this consultation with a view that if a park is to be established, all present land values and commitments are to be maintained. What activities/experiences does your vision for the future of the Chitek Lake area include?

Boundaries:

- ❖ Do you feel the boundaries for the Park Reserve properly reflect the area's management needs as you see them?? Please explain. A map has been provided overleaf for your convenience.

Classification:

- ❖ What type of park classification or Land Use Category(ies) best suits the values and land use commitments you feel are most important in the Park Reserve area (ie: Recreation, Backcountry or?) Please provide the rationale for your recommendation.
