APPLICATION FOR WELL SITE

I/We _____
(Full Legal Name, do not use initials)

of _____
(address - include postal code)

being the holder of a vacation home lot as follows:

Lot _____, Block _____, Plan _____, Subdivision _____

do hereby apply for a well site:

I/We are aware that there is a \$10.00 + G.S.T. charge per year if the well is located on the Public Reserve.

I/We have read and acknowledge my responsibility with respect to the special conditions applicable to this well site:

Site Plot Plan: Attach 2 copies of a site plot plan of the lot and adjacent public reserve (as applicable) showing:

- ❖ The definition, location and distance to side, front and rear lot boundaries of all existing buildings including structures on the public reserve.
- ❖ The location and distances from side, front and rear lot boundaries of the new construction.
- ❖ Location and description of sewage disposal facilities (your lot and neighbouring lots).
- ❖ Other lot development and features which may be pertinent to the proposal.
- ❖ Proposed well site indicating the distance from lot boundaries and any existing or proposed structures.

Attachment to Permits for
Water Supply Systems/Well Sites
On the Public Reserve

"SPECIAL CONDITIONS"

1. The permittee hereby releases Her Majesty the Queen, her agents and servants from any and all liability in connection with the use of the subject water supply system/well site or termination thereof as a result of modification, whether natural or artificial of the existing water regime or levels affecting the lake.
2. The permittee hereby acknowledges full responsibly for the construction and maintenance of the subject water system and hereby agrees to construct and maintain the subject water system in a good workmanlike and reasonable manner and shall at all times during the term and currency of this permit indemnify and save harmless Her Majesty the Queen in Right of the Province of Manitoba, her servants and agents from and against any and all public liability, property damage claims, and personal claims arising in respect of the construction, installation, or maintenance, or manner or method of such construction, installation or maintenance of the subject water supply system/well site, or in respect of any defect therein, together with all costs, charges, and expenses arising out of or by reason of the foregoing.
3. The permittee hereby agrees to comply with any and all relevant provincial legislation including The Provincial Parks Act, The Public Health Act, and The Environment Act, and any and all Regulations pursuant thereto. In addition, conformance to the requirements and regulations of Manitoba Hydro in those cases where electricity is required for the operation of the pump facility.
4. Nothing contained in this permit shall be construed so as to make the permittee an agent of Her Majesty the Queen in Right of the Province of Manitoba, it being distinctly understood and agreed that the permittee shall execute, carry out, and implement the terms of this permit on his own behalf and in a safe, prudent, and lawful manner.
5. A pump shelter structure sited on Public Reserve shall not exceed 1.81 cubic metres (64 cubic feet) in size nor 1.22 metres (4 feet) in overall height and the water line from the pump shelter to the lake may be required to be buried.

I/WE HAVE READ AND ACKNOWLEDGED MY/OUR RESPONSIBILITY WITH RESPECT TO THE SPECIAL CONDITIONS APPLICABLE TO THIS WATER SUPPLY SYSTEM OR WELL SITE ON THE PUBLIC RESERVE.
