

DIRECTORY OF CAREER COUNSELLING AND JOB PLACEMENT SERVICES

(Revised August 22, 2006)

INTRODUCTION

Stakeholders throughout New Brunswick are committed to ensuring that persons with disabilities have the support services required to succeed in their efforts to become educated, trained and employed.

To achieve this objective individuals, non-profit organizations and government have identified a wide range of support services currently available.

This listing may not include all services but attempts to link consumers and existing service providers together.

As service gaps are identified, efforts will be made to identify and include services as required.
