
**Appendix A:
Application Form for
an Approval
to Operate a Composting Facility**

**APPLICATION FORM
FOR AN APPROVAL**

PROJECT PROPONENT

Name: _____

Address: _____

Telephone: _____

PROJECT DETAILS

Project Title: _____

Location: _____

(PID#) _____

Start Date: _____

Describe the composting methods and technology used, equipment requirements and management of the site.

Describe the type and volume of materials to be composted, source of raw materials, bulking agents and leachate control methods.

Describe your knowledge and experience on composting.

Describe the intended end use of the compost and detail any marketing strategy.

Describe the project's environmental implication and benefits.

Describe any long term plans for your composting operation.

Indicate the separation distance between the composting site and these neighbouring areas:

farm _____ lake _____

stream/river _____ watershed _____

private well _____ commercial area _____

residential areas _____ industrial _____

right of way of local road _____

right of way or collector highway _____

Illustrate the location of the proposed composting operation on a 1 :12,500 scale map or equivalent sketch and indicate the fore mentioned separation features. Property identification numbers must be specified. The slope of the land surrounding the proposed composting location must be identified on the map or sketch.

Pages can be added if additional space is required.

All inquiries should be referred to:
