# Employment Guide

*Updated and Revised, Winter 2007*

## *Introduction*

This employment directory contains over fifty listings of hotels situated in the Canadian Rocky Mountains. The listings of resort hotels cover five National Parks including **Banff, Jasper, Waterton, Yoho and Mount Revelstoke**. All of the parks are open year-round with the exception of **Waterton Lakes National Park**.

The best times to seek and secure employment is in late October early November or late April early May, whether you desire food and beverage employment, housekeeping, maintenance, front desk or ski hill positions.

The salaries range from \$6.00 per hour to \$10.00 per hour depending on position and location. Tips range from \$50.00 to \$400.00 per day, depending on the vocation, location and the services you provide.

Housing and accommodations are very economical. They can range from \$80.00 to \$200.00 per month, usually shared, and depending on your place of employment, within walking distance.

When you choose a place of employment, phone to see what positions are available, and send by mail or fax a resume including a cover page, to your choice. Be sure to follow-up your application by placing a phone call or a follow-up letter.

The Canadian Rockies are a great place to work or visit because you meet people from all over Canada and the world. The employment opportunities are phenomenal, and the surrounding environment and recreation are unparalleled.

*We wish you the best of luck and have a great summer.*

## General Information

### MEALS

Most meals are included in your monthly accommodation fees. There are also meals provided at work for the staff at very cost efficient prices.

Depending on where you work, there are also “50%” cards, which means you can dine anywhere within the same company at half the menu price.

### TRANSPORTATION

There is really no need for your own personal transportation. Everybody walks, and in the event you do not need to drive, rental cars are available. If you decide to bring your own vehicle, be aware that Alberta law requires you to have Alberta Driver's License and Car Insurance after three months of living in that province.

### UNIFORMS AND DRESS CODE

Most resorts and hotels will supply your uniform; however, it is wise to ask if your chosen place of employment has a uniform or if they have a particular dress code in effect.

### ENTERTAINMENT

The surrounding mountains, lakes and forests provide vast activities such as hiking, white water rafting, cliff jumping, mountain climbing etc. There are also helicopter rides and tours, fishing trips, and camping facilities.

The night life is great as well, there are many public and private (to employees), clubs, bars and lounges around and most offer discounts if you are working there.

### FYI

Alarm clocks, radios, TV's, stereos, etc. are not provided in your living quarters. You may consider bringing these from home, but keep in mind if you are traveling by bus, plane or train; you have to pay for the added baggage and weight. Many people in the past buy what they feel they need and then either pay for the shipping home, or sell it to the next “crew” of employees who arrive.
