The Canada-U.S. Fulbright Program is pleased to announce the opening of the worldwide competition for the 2009 International Fulbright Science and Technology Award Ph.D. study in science, technology, or engineering at top U.S. institutions.

Designed to be among the most prestigious international scholarships in science and technology, the award carries a value of, on average, US\$180,000 over three years.

The Fulbright International Science and Technology Award is a worldwide program intended to support candidates who demonstrate unique aptitude and innovation in scientific fields.

### TO APPLY

Each applicant is required to submit an online application, along with all supporting documents. The online application is available at <https://apply.embark.com/student/fulbright/international>.

A complete application includes: application form, transcripts, letters of reference, supplemental forms, and TOEFL score report (for non-native speakers of English).

Hard copies and all supporting documentation must be submitted to the Canada-U.S. Fulbright Program in Ottawa, post-marked no later than May 31, 2008. Please contact the Canada-U.S. Fulbright Program for further information.
