Reason #4 - Confidentiality

Confidentiality is key when dealing with the myriad of jobs, from reports and papers, to exams and secure information. We are very experienced in dealing with confidential projects and can ensure the utmost care and confidentiality in dealing with them.

Reason #5 - Price

Over the past year, we have looked closely at our pricing structures and have dramatically changed our pricing and our workflow. These changes in pricing will be seen over the coming months as we continue to monitor our processes and implement new policies, equipment and procedures.

Reason #6 - Technology

Printing Services continually embraces technology and keeps in close contact with the industry to ensure it is providing the university community with the latest, most efficient and cost effective process available.
