

# CDSX Reversal of Redemption – Products CSB and CPB

This process begins with the dealer calculating their own factor to be used to reverse the redemption. Reversal of redemption calculation is available through the procedures under the section titled: Reversal of redemption. These transactions are allowed 3 months after the date of the original redemption. Trades must be entered by 12:00 PM (noon ET) in order to settle the same business day. To inquire on the status of a trade call 1.613.782.7709
