

## ELECTION TO DEEM AMOUNT OF SETTLEMENT OF A DEBT OR OBLIGATION

- The sections, subsections, and paragraphs referred to on this form are from the *Income Tax Act*.
- A parent corporation (the "parent") can use this form to elect under subsection 80.01(4) where:
  - (1) subsection 88(1) applies on the winding-up of a subsidiary corporation (the "subsidiary"); and
  - (2) a debt or other obligation (the "debt") of the subsidiary to the parent, or of the parent to the subsidiary, is settled as a consequence of the winding-up, without any payment or by the payment of an amount that is less than both the principal amount\* and the cost amount\*\* of the debt.
- When the election is made, the debt is deemed to have been settled by payment of an amount equal to the cost amount.
- The parent has to complete, sign, and file this form with the Minister on or before the day it is required to file a return under section 150 for the taxation year in which the debt was settled. It has to be filed, **separate from any tax return**, with the tax centre where the parent files its return. Do not insert or attach this form to a return filed in the same envelope.
- Under paragraph 80.01(4)(d) when a subsidiary's debt is settled on a distribution of property in the course of winding-up in circumstances to which paragraphs 88(1)(a) and (b) apply, the debt is deemed to have been settled immediately before the time that is immediately before the time of the distribution. This rule ensures that there is an appropriate reduction under section 80 in the cost amount of distributed property.
- This election allows the parent to reduce the amount to which subsection 80(1) might otherwise apply in cases where the amount paid for the debt on winding-up is less than the cost amount.\*\* For more information, see interpretation bulletins IT-126 and IT-142.
