

Complete this form to calculate your Manitoba mineral exploration tax credit. You can claim this credit if you received an Information Slip T101, *Statement of Resource Expenses*, from a mining corporation, or an Information Slip T5013, *Statement of Partnership Income*, received as a member of a partnership, with an amount in box 144.

The credits you earned in the year are used to reduce your Manitoba tax payable for that year. Any unused amount can be carried forward for ten years or carried back for the three previous years.

**Attach a copy** of Information Slip T101 and/or T5013 to this form and include it with your return. If you are filing electronically, keep a copy of the documents for your records in case we need to see them.
