

MANITOBA MINERAL EXPLORATION TAX CREDIT

Complete this form to calculate your Manitoba mineral exploration tax credit. You can claim this credit if you received an Information Slip T101, Statement of Resource Expenses, from a mining corporation, or an Information Slip T5013A, Statement of Partnership Income for Tax Shelters and Renounced Resource Expenses, received as a member of a partnership, with an amount in box 144.

The credits you earned in the year are used to reduce your Manitoba tax payable for that year. Any unused amounts can be carried forward for ten years or carried back for three years.

Attach a copy of this form and Information Slip T101 and/or T5013A to your paper return. If you are filing electronically, keep all your documents in case we ask to see them.
