

## Newfoundland and Labrador Direct Equity Tax Credit

Complete this form to calculate your Newfoundland and Labrador direct equity tax credit. This credit can be used to reduce your Newfoundland and Labrador tax payable.

You can claim this credit for investments in eligible shares you acquired in 2010 (that you did not claim on your 2009 return) or in the first 60 days of 2011. You can carry unused credits forward for seven years or back three years. The maximum credit you can claim is \$50,000 per tax year including any unused amounts from other years.

If you are filing a paper return, **attach a copy** of Form NL DETC-1 to this form and include it with your return. If you are filing electronically, keep a copy of the documents for your records in case we ask to see them at a later date.

Complete Part 2 if the amount of your current-year claim (line 6) is less than the total credit available (line 3) and you want to claim a carryback of the unused credit or calculate the amounts available to carry forward to future years.

The carry-back provisions allow you to apply unused credits against your Newfoundland and Labrador tax for the three previous tax years. The credit you apply cannot be more than your Newfoundland and Labrador tax for that year. The **total** of the credit you carry back to a previous year, plus any credit you have already claimed in that year, **cannot be more than \$50,000**.
