## What's new for 2003?

The tax brackets and thresholds for Nunavut territorial tax have changed for 2003.

See below for more information about the following amounts:

- allowable political contribution tax credit; and
- risk capital investment tax credits.

### Line 23 – Allowable political contribution tax credit

A trust can deduct from its taxes payable to Nunavut a portion of the amounts it paid to:

- a registered political party of the territory;
- a registered constituency association of the territory; or
- a candidate seeking election to the territory's legislature.

Attach an official receipt to the return as proof of payment, and use **one** of the charts below to calculate the allowable credit:

### Line 24 – Risk capital investment tax credits

You can claim the following Nunavut tax credits:

- Labour-sponsored venture capital corporation (LSVCC) tax credit;
- Community-endorsed venture capital corporation (CEVCC) tax credit; and
- Territorial business corporation direct investment (TBCDI) tax credit.

If you do not need to use the whole amount of the credit to reduce the territorial tax payable to zero, you can carry any unused risk capital investment tax credits back for three years or forward for seven years. If you want to carry a credit back or forward, attach a letter to the return, telling us:

- the amount of the carryback or carryforward;
- the year(s) of the original investment; and
- the year(s) to which you want the credit applied.

Use the following formula to calculate this year's credit:

LSVCC cost of shares (maximum \$200,000)	1
CEVCC cost of shares (maximum \$200,000)	2
TBCDI cost of shares (maximum \$200,000)	3
Add lines 1 to 3	4
	x 15%
Line 4 multiplied by 15%	5
Enter carryforward from previous years	6
Total credit – line 5 plus line 6	7

Allowable credit – enter on line 24 of this form, the amount of line 7 or \$30,000, whichever is less.

At line 24, specify the type of tax credit in the space provided. Attach Form T2C(NWT), *Risk Capital Investment Tax Credit*, as proof of payment of the investment.
