Information on the Form T2203, *Provincial and Territorial Taxes for 2006 – Multiple Jurisdictions*

Provincial or territorial income tax relating to business income is generally payable to the province or territory where the permanent establishment generating that income is located.

There are situations where, at the end of the year, a person resides in a province or territory of Canada, but all or part of the person's business income for the year was earned and can be allocated to a permanent establishment outside that province or territory, or outside Canada. If this is your case, you have to determine the part of your total provincial or territorial tax that is payable to the jurisdiction where you reside and to the other jurisdictions in Canada.

The same rules apply if you were a non-resident of Canada throughout 2006 who carried on business in more than one province or territory in Canada.

Tax and multiple jurisdictions

When tax is payable to multiple jurisdictions, provincial/territorial tax rates are applied to the taxable income from all sources. Non-refundable tax credits and some other tax credits are allowable (with certain restrictions relating to residency) in calculating a "basic provincial/territorial tax." The basic tax is then prorated by applying the percentage of income allocated to that province or territory.

Form T2203 accommodates this calculation for the province or territory of residence and for all jurisdictions where business income was earned. It contains modified versions of Form 428 for all provinces and territories, and the related schedules that you need to calculate your provincial/territorial taxes for 2006.

Form T2203

You will find the following components of Form T2203 in this publication:

Part 1 – Allocating income to multiple jurisdictions (common to all, complete in all cases);

Part 2 – Federal surtax on income you earned outside Canada and refundable Quebec abatement (complete if income is allocated to "Other" or to Quebec);

Part 3 – Non-refundable tax credits (complete the applicable column for each province/territory to which income is allocated for 2006);

Part 4 – Provincial or territorial tax (multiple jurisdictions) (complete for each province/territory to which income is allocated for 2006);

Part 5 – Provincial or territorial tax (common to all, complete to summarize your total provincial or territorial tax).

Additional provincial and territorial credits allowed to residents and non-residents of a province or territory

In addition to the credits included in Part 4 of Form T2203, you may be eligible for certain other tax credits. The chart at the back of this package identifies additional provincial and territorial credits, and the forms that you have to complete to claim them.

Many of these credits are limited to the amount of tax payable to the province or territory; when this amount is required (i.e., you are instructed to enter the amount from line 428 of your return or from a line of the regular provincial/territorial Form 428), use the applicable provincial or territorial tax amount from lines 1 to 12 in Part 5 of Form T2203.

Include these credits on line 479 of your return, and attach the completed forms to your return.

For more information, call 1-800-959-8281.

PROVINCIAL AND TERRITORIAL TAXES FOR 2006 – MULTIPLE JURISDICTIONS

Use this form to calculate your provincial and/or territorial taxes for 2006 if **either** of the following applies:

- you resided in a province or territory on December 31, 2006 (or the date you left Canada if you emigrated from Canada in 2006), and all or part of your business income for the year was earned and is allocable to a permanent establishment outside that province or territory, or outside Canada; **or**
- you were a non-resident throughout 2006 carrying on business in more than one province or territory in Canada.

If you have to calculate your provincial/territorial tax using Form T2203, **do not complete** Form 428.

Complete and attach to your 2006 tax return only the parts of this form and any related schedules you need to calculate the provincial/territorial taxes that apply to you. See "Additional provincial and territorial credits allowed to residents and non-residents of a province or territory" on the previous page for other credits you can claim on line 479 of your return.

If you have to pay minimum tax, or you are subject to tax on split income, also attach a completed Form T691, *Alternative Minimum Tax,* or Form T1206, *Tax on Split Income – 2006*.

Part 1 – Allocating income to multiple jurisdictions

Enter the total of net income from line 236 of your return and the
deduction for split income claimed on line 232 of your return **1**

Business income earned in the year: Add self-employment income from lines 135 to 143 of your return,
and business income from a partnership from line 122 of your return (exclude losses) – **2**

Excess income: Line 1 minus line 2 (if negative, enter "0") = **3**

Complete the following allocation chart:

In Column 2: Allocate the amount from line 2 to each province and territory where you had a permanent establishment in 2006.
If you need instructions, see Part XXVI of the *Income Tax Regulations*.
If you are a resident of Quebec, you must allocate to Quebec any business income you earned outside Canada in the year.

In Column 3: Allocate to your province or territory of residence the amount from line 3, if any.

In Column 4: If the amount from line 1 is **equal to or greater** than line 2, add columns 2 and 3.
If the amount on line 1 is **less than** line 2, determine the percentage of income allocation to each jurisdiction in column 2, multiply the amount on line 1 by each percentage, and enter the result in column 4.

In Column 5: Determine the percentage for each jurisdiction based on the income you allocated in column 4.

- If you have income allocated to Quebec (line 5214) or to Other (line 5222) in column 4, complete the applicable section of Part 2.
- If you have income allocated to other provinces and territories, complete Part 3, Part 4, and Part 5.

Part 2 – Federal surtax on income you earned outside Canada and refundable Quebec abatement

If you are subject to minimum tax, do not complete lines 4 to 10. Instead, calculate the federal surtax on income you earned outside of Canada on Form T691. If you have income allocated to Quebec, continue on line 11.

Enter the amount of your basic federal tax from line 41 of Schedule 1 | | **4**

If you have to pay tax on split income, enter the amount
from line 12 of Form T1206. Otherwise, enter "0". | | **5**

Federal surtax on income you earned outside Canada

(Complete this section **only if** you have income allocated to "Other" (line 5222) in Part 1, **and** you are not subject to minimum tax)

Enter the amount from line 4 or line 5, whichever is **more**		**6**
Enter the percentage of income you allocated to "Other" on line 5222 (from column 5 of the chart in Part 1)	× %	**7**
Multiply line 6 by the percentage on line 7	=	**8**
Federal surtax rate	× 48%	**9**
Multiply line 8 by line 9 **Federal surtax on income you earned outside Canada**	=	**10**

Enter the amount from line 10 directly below line 41 of Schedule 1, and write "federal surtax on income earned outside Canada." Add this amount to the basic federal tax on line 41, and subtract line 42 from the total to arrive at the federal tax on line 43 of Schedule 1.

Refundable Quebec abatement

(Complete this section **only if** you have income allocated to Quebec (line 5214) in Part 1)

Enter the amount from line 4 or line 5, whichever is **more**, or, if you are subject to minimum tax, the amount from line 102 of Form T691		**11**
Enter the percentage of income you allocated to Quebec on line 5214 (from column 5 of the chart in Part 1)	× %	**12**
Multiply line 11 by the percentage on line 12	=	**13**
Rate for the refundable Quebec abatement	× 16.5%	**14**
Multiply line 13 by line 14, and enter the result on line 440 of your return **Refundable Quebec abatement**	=	**15**

Part 3 – Provincial and territorial non-refundable tax credits

If you have income allocated to various jurisdictions in column 4 of Part 1, complete the applicable columns shown in this part.

If you are a **student** claiming tuition and education amounts, **do not attach the schedules (S11) or (S11)MJ to your return**.
If you are transferring any unused tuition and education amounts to another individual,
enter on this line the amount from line 20 of the Schedule (S11) for **your province or territory of residence**.
If your territory of residence is Yukon, enter on this line the amount from line 24 of your Schedule YT(S11).   **5920**
