

STATEMENT OF DEFERRED STOCK OPTION BENEFITS

Use this form to keep track of the benefits you have deferred as a result of exercising a stock option after February 27, 2000, to acquire eligible securities as a result of your employment. Eligible securities are common shares of a class listed on a prescribed stock exchange in or outside Canada, and units of mutual fund trusts.

The deferred benefits have to be included in your employment income for the year in which you dispose of the security, become a non-resident, or die.

You have to file this form with your tax return each year you have a balance of deferred stock option benefits outstanding. You have to do this whether or not you have deferred any stock option benefits in the year, or disposed of any securities in the year relating to a stock option benefit that was previously deferred.
