STATEMENT OF DEFERRED SECURITY OPTIONS BENEFITS

Use this form to keep track of the benefits you have deferred as a result of exercising a security option after February 27, 2000, to acquire eligible securities as a result of your employment. Eligible securities are common shares of a class listed on a designated stock exchange in or outside Canada and units of mutual fund trusts.

The deferred benefits have to be included in your employment income for the year in which you dispose of the security, become a non-resident, or die.

You have to file this form with your tax return each year that you have an outstanding balance of deferred security options benefits, whether or not you have deferred any security options benefits in the year or disposed of any securities in the year relating to a security option benefit that was previously deferred.
