

Advisory

Category: Regulatory & Legislative **NOTICE***

Subject: Undertaking for the sharing of information with insurers

No: 2008 – 01 **Issued:** August 2008

Introduction: This advisory clarifies the form and the filing of the undertaking that a federally regulated deposit-taking institution (i.e., a bank, an authorized foreign bank, an entity to which the *Trust and Loan Companies Act* applies, an association to which the *Cooperative Credit Associations Act* applies) as well as provincially incorporated trust or loan companies controlled by a federally regulated deposit-taking institution or a bank holding company (collectively referred to as “DTI”) shall obtain from an insurance company, agent or broker (collectively referred to as “insurer”) to whom it wishes to provide information respecting the DTI’s customers.

Legislative References:

Section 6 of the *Insurance Business (Authorized Foreign Banks) Regulations*
Sections 8 and 8.1 of the *Insurance Business (Banks and Bank Holding Companies) Regulations*
Section 7 of the *Insurance Business (Cooperative Credit Associations) Regulations*
Section 8 of the *Insurance Business (Trust and Loan Companies) Regulations*

Interpretation: These Regulations limit the flow of information from a DTI to insurers. In particular, a DTI cannot provide information respecting its customers unless:

- (a) the DTI has established procedures to ensure that the information will not be used by an insurer to promote in Canada the insurer, an insurance policy, or a service in respect of an insurance policy; and
- (b) the insurer has given an undertaking to the DTI, in a form acceptable to the Superintendent of Financial Institutions (the “Superintendent”), that it will similarly limit its use of that information.

While the Regulations provide that the undertaking must be given to the DTI, the historical practice has been for the insurer to provide the undertaking to both the DTI and the Superintendent. There was a further requirement in the undertaking for the insurer to provide an annual compliance certificate to both the DTI and the Office of the Superintendent of Financial Institutions (OSFI).

OSFI has reconsidered this practice and determined that the undertaking and the compliance certificate shall only be provided to the DTI. In this context, the attached “form” of undertaking, or an information sharing agreement that would include the undertakings set out in paragraph (a) to (e) of the attached “form”, is considered acceptable to the Superintendent. Furthermore, insurers that have provided undertakings under the previous form are no longer required to file an annual compliance certificate with OSFI.

* Advisories describe how OSFI administers and interprets provisions of existing legislation, regulations or guidelines, or provide OSFI’s position regarding certain policy issues. Advisories are not law; readers should refer to the relevant provisions of the legislation, regulation or guideline, including any amendments that came into effect subsequent to the Advisory’s publication, when considering the relevancy of the Advisory.
