Bonjour/Beauzous/Good Day,

As a proud member of The Metis Nation, Georgian Bay Metis to be exact

I oppose the polluting and continual polluting of our waters..

MacKinac\Dummond Island is my ancestral land...my people were great lakes people...my ancestors did not die in vain... they fought for the water...they fought for the right for their children to have water and i will fight for the future of the next seven generations that come after me so as they have clean water as well..

I say no to this.

I say no to pipeline like line five.

I say no. in this day and age with all our brilliance, there just has to be a better way.

Miigwetch

M. Mickilus L.M. Laramie-Belcourt

Georgian Bay Metis Nation

Turtle Clan.

Ojibway affiliation to Cockburn Island Reservation.
