Subject: Lake Huron has already suffered enough degradation...Please consider a more remote site!
Date: March 7, 2017 6:40:36 AM

Please reconsider the location of this awful choice for radioactive waste. Lake Huron has been the dumping ground for so much and is just now beginning to heal. We in Michigan have the more polluted side. My family always looks forward to driving to or sailing across the lake to the beautiful Canadian side. It always seems more pristine. Please don't spoil your own wonderful natural area for profit. There are more remote sights not on the water, I am sure!

A science teacher and concerned lover of natural beauty,
Sari Lindauer
