Mr. Mann

I wanted to inform you that I have not yet received the May 2, 2013, electronic submission from you that was rejected by the servers that host my and the DGR Outlook mailboxes. If you have not already sent the submission by regular mail, you may prefer to FAX it.

Without seeing the message, I can't get any information from the IT specialists concerning the reason(s) that the message was rejected due to 'unacceptable content'
