Ms. Leblanc

Please find a letter of direction from the Deep Geologic Repository (DGR) Joint Review Panel, attached. The Panel requests your immediate attention in this matter.

For your information, I have also attached is a summary of provincial involvement required by the Panel in the public hearing.

I am looking forward to hearing from your representative next week,

Debra Myles

Subject: Participation of the Ontario Ministry of Aboriginal Affairs in the Deep Geologic Repository (DGR) Public Hearing Process

Dear Ms. LeBlanc:

Thank you for your response to the June 18, 2013 letter from the Joint Review Panel inviting the Ministry of Aboriginal Affairs to participate in the DGR public hearing. The Panel understands that the Ministry of Aboriginal Affairs does not have a legislative, regulatory or approval role in relation to the DGR project and accepts that the Ministry does not plan to make a presentation at the hearing.

You previously informed the Panel that your mandate is to promote collaboration and coordination across government on Aboriginal policy and programs ([registry Doc #533](#)). Further, the Panel has just been made aware of the January 2010 Agreement between Ontario as represented by the former Minister of Energy and Infrastructure and the Saugeen Ojibway Nations in relation to energy matters. Therefore, the Panel requires that a representative of the Ministry of Aboriginal Affairs be available to answer questions from the Panel on Aboriginal issues when they are addressed at the public hearing on Monday, October 7, 2013. The representative may be required to be available at other hearing sessions as determined by the Panel as the hearing process proceeds. The Panel's preference is that the representative appears in person at the hearing in Port Elgin, Ontario; however, if that is not possible, he/she may follow the hearing proceedings on the live Webcast and participate by phone.

Please have your representative contact Panel Co-Manager, Debra Myles, at 613-957-0626 or debra.myles@ceaa-acee.gc.ca to confirm the logistics related to the required participation of the Ministry of Aboriginal Affairs in the DGR hearing.

Thank you for your immediate attention to this matter.

Sincerely,

Below are the hearing sessions/dates for each provincial ministry where a representative is expected to either make a presentation or be otherwise available. Please note that the schedule is subject to change in advance of or at the hearing.

The Panel expects the primary presenter to appear at the hearing in person unless there are extenuating circumstances that make this very difficult or impossible. Additional subject matter experts or resource persons may be connected by phone if it is impractical for them to appear in person. Note that the time allotted for the presentation is the expected maximum length.

Where a ministry is required to be available, the Panel expects that a representative will attend the hearing in person or will follow the live Webcast of the proceedings and be prepared and available by phone to answer any questions from the Panel that may arise.
